2. Important Safety Instructions

- Read all instructions carefully before using the appliance.
- Always unplug the appliance from the power supply before assembly, disassembly, or cleaning.
- Keep hands and utensils out of the processing bowl while operating to prevent severe injury to persons or damage to the food processor.
- Avoid contact with moving parts.
- Do not immerse the motor base in water or any other liquid.
- Ensure all parts are correctly assembled and locked before operation.
- This appliance is equipped with a safety lock feature. Do not attempt to bypass it.
- Do not use accessories or parts not recommended by the manufacturer.
- Supervise children closely when the appliance is in use.

3. Product Components

The Moulinex Odacio Food Processor comes with a variety of components to perform its numerous functions:

- **Motor Base:** The main unit housing the 1000-watt motor and control dial.
- **Blender Jug (2L):** For blending liquids, making smoothies, soups, and sauces.
- **Food Processor Bowl (3L):** The main processing bowl for chopping, slicing, grating, and kneading.
- **Chopping Blade:** A sharp blade for finely chopping ingredients.
- **Kneading Tool:** For mixing doughs for bread and cakes.
- **Whisk:** For whipping cream, egg whites, and making mayonnaise.
- **Reversible Slicing/Grating Discs:** Includes discs for fine slicing/grating and thick slicing/grating.
- **Citrus Juicer:** For extracting juice from citrus fruits.
- **Meat Mincer Attachment:** For mincing various types of meat.
- **Maxi Press:** For pressing fruits and vegetables.
- **Grinder (Small Mill):** For grinding spices, coffee beans, or nuts.

For chopping and making purées.

للفرم وعمل البوريه.

Grate and thinly or thickly slice vegetables, cheese, fruits and more using the 4 metal disks.

4. Setup

Before first use, wash all removable parts in warm soapy water, rinse, and dry thoroughly. The motor base should only be wiped with a damp cloth.

4.1 Assembling the Main Unit

1. Place the motor base on a stable, flat surface.
2. Ensure the control dial is set to '0' (off position).

4.2 Attaching Accessories

The video below demonstrates the assembly of various attachments for the Moulinex Odacio Food Processor.

▶ **Watch video online**

Video 4.1: A demonstration of how to assemble and attach different components and accessories to the Moulinex Odacio Food Processor.

4.2.1 Food Processor Bowl Assembly

1. Place the food processor bowl onto the motor base and turn it clockwise until it locks into place.
2. Insert the desired accessory (e.g., chopping blade, kneading tool, whisk, or disc holder with a slicing/grating disc) onto the central shaft inside the bowl.
3. Secure the lid onto the food processor bowl and turn it clockwise until it locks. Ensure the safety lock engages.

4.2.2 Blender Jug Assembly

1. Ensure the blender blade assembly is securely attached to the bottom of the jug.
2. Place the blender jug onto the designated blender coupling on the motor base and turn it clockwise until it locks.
3. Place the lid onto the blender jug.

4.2.3 Meat Mincer Assembly

1. Attach the meat mincer unit to the side port of the motor base, aligning the grooves and turning to lock.
2. Assemble the mincer components (screw, blade, grid, ring) as per the diagram in the full manual.
3. Place the feeding tray on top of the mincer.

Image 4.1: The Moulinex Odacio Food Processor with the meat mincer attachment actively processing meat.

5. Operating Instructions

5.1 General Operation

1. Ensure the appliance is correctly assembled and locked.
2. Plug the appliance into a suitable power outlet.
3. Turn the control dial to the desired speed setting (1-5) or to the 'Pulse' setting for short bursts of power.
4. After use, always turn the dial back to '0' and unplug the appliance before disassembling or cleaning.

5.2 Specific Functions

5.2.1 Chopping and Pureeing

- Use the chopping blade in the food processor bowl.
- Add ingredients to the bowl. For best results, process small quantities at a time.
- Use the 'Pulse' function for coarse chopping or continuous speed for finer results and purees.

Image 5.1: The chopping blade accessory, ideal for chopping and pureeing various ingredients.

5.2.2 Slicing and Grating

- Insert the appropriate reversible slicing/grating disc onto the disc holder in the food processor bowl.

- Place ingredients into the feeding tube and use the pusher to guide them through the disc.

5.2.3 Blending

- Add liquids and soft ingredients to the blender jug. Do not exceed the maximum fill line.
- Select a continuous speed setting for smooth blending.

5.2.4 Juicing

- Attach the citrus juicer.
- Press halved citrus fruits onto the reamer to extract juice.

5.2.5 Mincing Meat

- Ensure the meat mincer attachment is correctly assembled and attached.
- Feed pre-cut pieces of meat into the feeding tube using the pusher.

6. Maintenance and Cleaning

Regular cleaning and maintenance will ensure the longevity and optimal performance of your Moulinex Odacio Food Processor.

6.1 Cleaning

1. Always unplug the appliance before cleaning.
2. **Motor Base:** Wipe the motor base with a damp cloth. Do not immerse it in water.
3. **Removable Parts:** All removable parts, except the motor base and the metal whisk, are dishwasher safe. Alternatively, wash them in warm soapy water, rinse thoroughly, and dry immediately.
4. **Blades and Discs:** Handle sharp blades and discs with extreme care to avoid injury. Use a brush for cleaning if necessary.

6.2 Storage

Store the appliance and its accessories in a clean, dry place. The retractable handles on the main unit facilitate easy storage.

7. Troubleshooting

If you encounter any issues with your food processor, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Appliance does not start.	Not plugged in; safety lock not engaged; control dial not set.	Check power connection; ensure bowl/lid/attachments are correctly locked; turn dial to a speed setting.
Motor stops during operation.	Overload protection activated; ingredients too hard or too much.	Unplug, remove some ingredients, wait 15-20 minutes for motor to cool, then restart.
Attachments not rotating.	Incorrect assembly; shaft not properly seated.	Disassemble and reassemble all parts, ensuring they are securely locked.

Problem	Possible Cause	Solution
Loud noise or vibration.	Unstable surface; improper assembly; foreign object.	Place on a stable surface; check assembly; ensure no foreign objects are present.

8. Specifications

- **Brand:** Moulinex
- **Model Name:** Odacio
- **Model Number:** FP7371BM
- **Power:** 1000 Watts
- **Food Processor Bowl Capacity:** 3 Liters
- **Blender Jug Capacity:** 2 Liters
- **Material:** Plastic (body), Stainless Steel (blade)
- **Color:** White
- **Special Features:** Safety Lock
- **Number of Speeds:** 5
- **Power Source:** Corded Electric
- **Dishwasher Safe Parts:** Yes (all parts except motor base and metal whisk)
- **Item Weight:** 8 Kilograms
- **Included Components:** 14 (various blades, discs, and attachments)
- **Recommended Uses:** Grinding, Kneading, Blending
- **Global Trade Identification Number (GTIN):** 03016661138317

9. Warranty and Support

9.1 Warranty Information

This product carries a manufacturer's warranty for 1 year from the date of purchase. For warranty claims or service, please contact the manufacturer or its authorized service center. You may also contact Amazon for further details regarding warranty support.

9.2 Customer Support

For any questions, technical assistance, or to purchase replacement parts, please refer to the contact information provided in your product packaging or visit the official Moulinex website.
