Maxxus Saunas DYN-6119-01

Maxxus Gracia 1-2-Person Low EMF FAR Infrared Sauna User Manual

Model: DYN-6119-01

1. Product Overview

The Maxxus Gracia 1-2-Person Low EMF FAR Infrared Sauna is designed to provide therapeutic benefits through evenly distributed infrared heat. It features 7 Low EMF infrared Carbon Energy Efficient heating panels, which are 30% larger than ceramic tube heaters and penetrate skin 40% more effectively. Unlike traditional saunas, this unit operates at a safer and more effective temperature of around 120°F to 130°F.

Key features include:

- 1-2 Person capacity
- Exterior dimensions (WDH): 39″ x 36″ x 75″
- Interior dimensions (WDH): 35″ x 32″ x 68″
- Music System with Bluetooth Capability and dynamic speaker with pre-amp
- Interior LED control panel with Interior reading/chromotherapy lighting system
- 7 Carbon heating elements
- Natural hemlock wood construction

2. Setup Guide

The Maxxus Gracia Sauna is designed for straightforward assembly. The panels are clearly marked, making the setup process similar to assembling a puzzle. It is recommended to have at least two people for assembly due to the size and weight of the components.

Before assembly, ensure you have adequate space for the sauna, considering its exterior dimensions of 39 inches (width) x 36 inches (depth) x 75 inches (height).

3. Operating Instructions

The sauna features an intuitive interior LED control panel for easy operation.

- **Power and Heat:** Use the control panel to turn the sauna on and adjust the temperature. The sauna heats up quickly, typically reaching optimal temperatures within 25-40 minutes.
- **Timer:** Set your desired session duration using the timer controls on the panel.
- **Bluetooth Connectivity:** Connect your Bluetooth-enabled device to the sauna's music system to enjoy audio during your session.
- **Chromotherapy Lighting:** The interior lighting system offers various color options, including a red light setting, which can be selected via the control panel.
- **Ventilation:** An adjustable vent is located on the ceiling to allow for air circulation during your session.

4. Maintenance

To ensure the longevity and hygiene of your Maxxus Gracia Sauna, regular maintenance is recommended:

- Clean the interior regularly with a sauna cleaner, preferably one containing hydrogen peroxide, to maintain freshness and prevent buildup.
- Consider using a small electronic ozone air freshener inside the sauna to help keep the air fresh.
- Wipe down surfaces after each use to remove sweat and moisture.

5. Troubleshooting

If you encounter any issues with your sauna, consider the following:

- **Slow Heat-Up Time:** While the sauna is designed to heat quickly, external factors or prolonged non-use might affect initial heat-up time. Ensure the sauna door is properly closed and sealed.
- **Door Seal Issues:** If you notice cool air entering around the door, particularly at the bottom, inspect the door's magnetic closure and the insulation strip. While the door is not adjustable, ensuring the existing seal is intact can help.
- **Bluetooth Connectivity:** If you experience issues connecting via Bluetooth, ensure your device is within range and that no other devices are currently paired with the sauna.

For persistent issues, please refer to the Warranty & Support section for contact information.

6. Specifications

Feature	Detail
Product Dimensions	36 x 39 x 75 inches
Item Weight	255 pounds
Manufacturer	Golden Designs Inc (NA)
ASIN	B08ZJWDX5W
Item Model Number	DYN-6119-01
