Revo Metro

Revo Metro Polarized Aviator Sunglasses User Manual

Model: Metro

INTRODUCTION

Thank you for choosing Revo Metro Polarized Aviator Sunglasses. These sunglasses are designed for both style and performance, featuring advanced lens technology and a durable frame. This manual provides essential information for the proper setup, operation, maintenance, and care of your new sunglasses.

PRODUCT FEATURES

- **Frame:** Lightweight stainless steel aviator frame with a unique single-bridge design.
- **Temple Tips:** Handmade acetate temple tips for comfort and secure fit.
- **Nose Pads:** Adjustable silicone nose pads for a custom, comfortable feel.
- **Lenses:** Revo high-contrast polarized Serilium+ lenses.
- **Lens Technology:** NASA-based polarized lens technology, 6-base lens technology for a flatter profile, and Revo Light Management System.
- **Protection:** Filters harmful UV, HEV, and Blue Light. Digital device-friendly, reducing glare and enhancing clarity on digital screens.

Rēvo

SERILUM+™ BLUE WATER LENSES

Signature protection on or off the water

The ultimate in glare reduction, the Blue Water lens is our signature polarized gray-based, blue mirror coated lenses. Ideal for bright, sunny days on the beach or for fishing, boating and all water sports. The polarized, brown/gray-based lens will show all colors in their soft, true nature while cutting glare, relaxing your eyes and reducing eye strain.

Without Lens

With Lens

Rēvo

EACH SUNGLASS INCLUDES:

Image: Visual comparison demonstrating the effect of Revo Serilium+ Blue Water Lenses, showing enhanced clarity and glare reduction over water compared to a view without the lens.

Image: Exploded diagram illustrating the six layers of the Revo Light Management System, including oleophobic coating, NASA lens technology-based mirror coatings, polarized film, Revo sun lens, back-surface protection coating, and hydrophobic coating.

SETUP AND FIT

Adjusting Nose Pads

Your Revo Metro sunglasses feature adjustable silicone nose pads. To achieve a comfortable and secure fit:

1. Gently hold the frame firmly with one hand.
2. With the other hand, carefully bend the nose pad arms inward or outward to adjust the distance between the pads and your nose.
3. Ensure the pads rest evenly and comfortably on your nose bridge, preventing the sunglasses from slipping or pressing too tightly.

Determining Sunglass Size

For optimal comfort and coverage, selecting the correct sunglass size is important. Refer to the guide below to understand how measurements relate to head size.

Image: A visual guide explaining how to measure head size and interpret sunglass dimensions (eye size, bridge, temple length) to find the best fit for narrow, medium, and wide head sizes.

OPERATING (WEARING) INSTRUCTIONS

Your Revo Metro sunglasses are designed to provide superior visual clarity and protection. To maximize their performance:

- **Polarized Lenses:** The polarized Serilium+ lenses reduce glare from reflective surfaces like water, snow, and roads, enhancing visual comfort and clarity.
- **UV Protection:** The lenses block 100% of harmful UVA, UVB, and UVC rays, protecting your eyes from sun damage.
- **Light Management System:** Revo's proprietary system filters specific light wavelengths to optimize contrast and reduce eye strain, particularly in bright conditions.
- **Digital Device Friendly:** Experience reduced glare and improved clarity when viewing digital screens through your Revo lenses.

MAINTENANCE AND CARE

Cleaning Your Sunglasses

To maintain the clarity and longevity of your Revo lenses and frame:

1. Rinse your sunglasses with lukewarm water to remove any loose dirt or debris.
2. Apply a small drop of mild soap (like dish soap) to each lens.
3. Gently rub the lenses and frame with your fingertips.
4. Rinse thoroughly with lukewarm water.
5. Dry the lenses and frame with the provided microfiber cleaning cloth. Avoid using paper towels or clothing, as these can scratch the lenses.

Storage

When not in use, always store your Revo Metro sunglasses in the provided hard case to protect them from scratches, impacts, and extreme temperatures.

THE REVO LIGHT MANAGEMENT SYSTEM™:

BLOCKS
harmful bandwidths
of light

REDUCES
Blue Light for contrast
and brightness

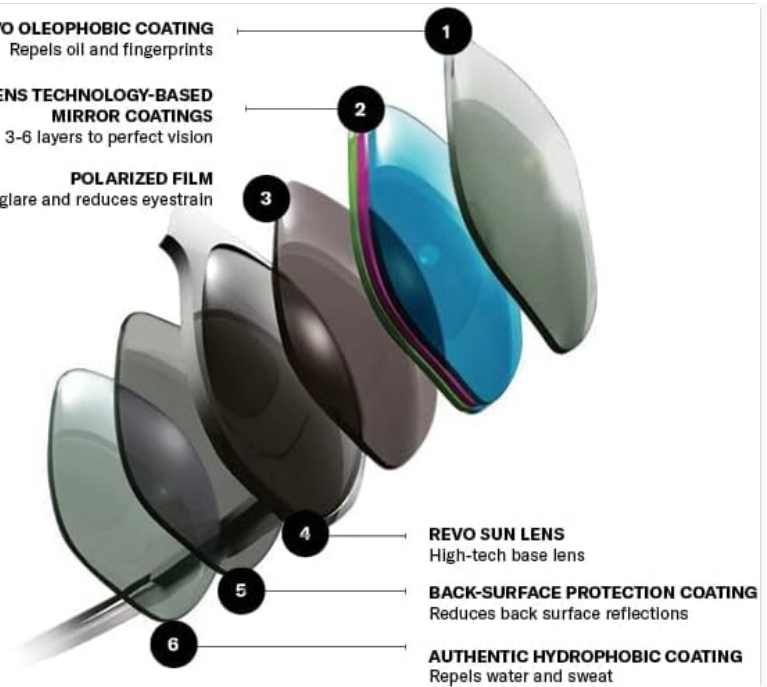

OPTIMIZES
the full spectrum of light
for superior vision

AUTHENTIC REVO OLEOPHOBIC COATING
Repels oil and fingerprints

**NASA LENS TECHNOLOGY-BASED
MIRROR COATINGS**
3-6 layers to perfect vision

POLARIZED FILM
Diminishes glare and reduces eyestrain

REVO SUN LENS
High-tech base lens

BACK-SURFACE PROTECTION COATING
Reduces back surface reflections

AUTHENTIC HYDROPHOBIC COATING
Repels water and sweat

General Precautions

- Avoid placing sunglasses face down on hard surfaces.
- Do not expose sunglasses to extreme heat, such as leaving them on a car dashboard in direct sunlight, as this can damage the frame and lens coatings.
- Do not use harsh chemicals or abrasive cleaners on your sunglasses.

TROUBLESHOOTING

This section addresses common concerns regarding your Revo Metro sunglasses.

Issue: Sunglasses feel loose or slide down nose.

Solution: Gently adjust the silicone nose pads. Bend the arms inward to narrow the fit or outward to widen it until the sunglasses sit securely and comfortably on your nose bridge. Refer to the "Adjusting Nose Pads" section for detailed instructions.

Issue: Lenses appear smudged or unclear.

Solution: Clean the lenses thoroughly using the provided microfiber cloth and a mild soap solution. Ensure no residue remains after rinsing. Avoid using abrasive materials for cleaning. The Revo lenses feature an oleophobic coating to repel oil and fingerprints, but regular cleaning is still recommended.

Issue: Minor scratches on lenses.

Note: While Revo lenses are impact-resistant, they are not scratch-proof. The warranty does not cover scratched lenses. To minimize scratches, always store your sunglasses in their hard case when not in use and clean them with the microfiber cloth.

SPECIFICATIONS
