VILINICE 120W

VILINICE 50W Sound Bar Instruction Manual

Model: 120W

INTRODUCTION

The VILINICE 16-inch Mini Soundbar is designed to deliver immersive cinema sound for small spaces, enhancing your audio experience for TV, PC, projectors, and tablets. Featuring dual full-range drivers and a bass port, it fills cozy bedrooms and compact areas with rich sound. This soundbar includes a built-in DSP for stable and accurate sound output and offers three equalizer modes (Music, Movie, News) to suit various audio content. With upgraded Bluetooth 5.0, it provides seamless wireless streaming from mobile devices and supports multiple wired connection methods including AUX, Optical, and USB.

USB

Figure 2: Rear view displaying USB, AUX, Optical, and DC IN ports.

The VILINICE Sound Bar measures approximately 16 inches in width, 3 inches in depth, and 2.8 inches in height, making it compact for various setups. It features a sleek design with a durable PVC material and a fabric mesh grille. Controls for power, mode selection, volume, and track navigation are conveniently located on the side of the unit. The rear panel houses all connectivity options, including USB, AUX, Optical, and the DC power input. It also includes integrated mounting points for wall installation.

SETUP

Power Connection

Connect the provided DC power adapter to the "DC IN" port on the back of the soundbar and plug the adapter into a wall outlet. The power LED indicator on the soundbar will light up.

Wired Connections (Optical, AUX, USB)

- **Optical Connection:** Use the optical audio cable to connect the soundbar's "OPTICAL" port to your TV's optical audio output. Ensure your TV's audio settings are set to PCM for optical output.

- **AUX/RCA Connection:** Use the 3.5mm auxiliary cable or the RCA to 3.5mm auxiliary cable to connect the soundbar's "AUX" port to your device's audio output.
- **USB Connection:** Insert a USB flash drive containing audio files into the "USB" port. The soundbar will automatically switch to USB mode and begin playback.

Wireless Connection (Bluetooth 5.0)

1. Power on the soundbar.
2. Press the "Mode" button on the soundbar or the remote control until the LED indicator shows blue, indicating Bluetooth mode. A voice prompt will confirm "Bluetooth Mode".
3. On your mobile device (smartphone, tablet, laptop, etc.), enable Bluetooth and search for available devices.
4. Select "SS01" (the soundbar's model name) from the list of devices to pair. A voice prompt will confirm "Connected" upon successful pairing.
5. You can now stream audio wirelessly from your device to the soundbar within a range of up to 10 meters (33 feet).

OPERATING INSTRUCTIONS

Changing Input Modes

Press the "Mode" button (M) on the soundbar or the remote control to cycle through available input modes: Bluetooth, Optical, AUX, and USB. A voice prompt will announce the current mode.

Adjusting Volume

Use the volume up (+) and volume down (-) buttons on the soundbar or the remote control to adjust the audio volume.

Equalizer Modes

The soundbar features 3 equalizer modes to optimize audio for different content types. Press the "EQ" button on the remote control to switch between them:

- **Movie Mode:** Enhances bass and surround sound for a cinematic experience.
- **Music Mode:** Provides clear, well-balanced highs, lows, and mids for music playback.
- **News Mode:** Optimizes vocal clarity for news, podcasts, and talk shows.

Item Weight	3.54 pounds

Material	PVC
Special Feature	Portable, Hi Res Audio, Equalizer, USB Port, Built-in DSP
Recommended Uses	Music, Home Audio, TV, PC, Projectors

MAINTENANCE

To ensure the longevity and optimal performance of your VILINICE Sound Bar, follow these maintenance guidelines:

- Keep the soundbar in a dry environment, away from direct sunlight and excessive heat.
- Clean the surface with a soft, dry cloth. Do not use liquid cleaners or abrasive chemicals.
- Avoid blocking the speaker grilles to ensure proper airflow and sound dispersion.
- Do not attempt to disassemble or repair the unit yourself. Refer to qualified service personnel for any repairs.

TROUBLESHOOTING

If you encounter any issues with your VILINICE Sound Bar, please refer to the following common troubleshooting steps:

- **No Power:** Ensure the power adapter is securely connected to both the soundbar and a working power outlet.
- **No Sound:**
 - Check if the soundbar is powered on and the volume is turned up.
 - Verify that the correct input mode (Bluetooth, Optical, AUX, USB) is selected on the soundbar.
 - For wired connections, ensure cables are securely connected to both the soundbar and the source device.
 - For Optical connection, confirm your TV's audio output is set to PCM.
 - For Bluetooth, ensure the soundbar is paired and connected to your device. Try unpairing and re-pairing if issues persist.
- **Distorted Sound:**
 - Lower the volume on both the soundbar and the connected device.
 - Try switching between the different equalizer modes.
 - Ensure there are no obstructions around the soundbar.
- **Remote Control Not Working:**
 - Check if the remote control's battery needs replacement.
 - Ensure there are no obstacles between the remote control and the soundbar's IR sensor.
 - Point the remote directly at the soundbar's front panel.

If the issue persists after trying these steps, please contact VILINICE customer support.

WARRANTY & SUPPORT

VILINICE provides lifetime technical support for your soundbar. If you have any problems or require assistance, please contact us via Amazon or visit the official VILINICE Store for more information and support resources.
