Cogo 4171

Cogo Building Blocks Gas Station and Fire Helicopter Assembly Toy

Model: **4171** | Brand: **Cogo**

1. Introduction

Thank you for choosing the Cogo Building Blocks Gas Station and Fire Helicopter Assembly Toy, Model 4171. This set provides an engaging and educational building experience, designed to enhance hand-eye coordination and motor skills. With 264 pieces, you can construct a detailed gas station and a fire helicopter, fostering imaginative play.
This manual provides essential information regarding the assembly, operation, maintenance, and safety of your new building block set. Please read it carefully before beginning assembly and keep it for future reference.

2. Safety Information

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.

- This product contains small parts and is not suitable for children under 3 years of age due to potential choking hazards.
- Adult supervision is recommended during assembly and play, especially for younger children.
- Keep all packaging materials (plastic bags, ties, etc.) away from children to prevent suffocation.
- Inspect all pieces before assembly to ensure no parts are broken or damaged. Do not use damaged parts.
- Ensure the play area is clear of obstacles to prevent trips or falls.

3. Package Contents

Your Cogo Building Blocks set, Model 4171, includes:

- 264 assorted building block pieces.
- Instruction manual for assembly (separate from this user manual).
- Sticker sheet (if applicable).

4. Setup and Assembly Instructions

The Cogo 4171 set is designed for intuitive assembly. Please refer to the dedicated assembly instruction booklet included within your product packaging for detailed, step-by-step visual guides.

General Assembly Tips:

1. **Unpack and Sort:** Carefully open the packaging and sort the building blocks by color, size, or type. This will make it easier to find the pieces you need during assembly.
2. **Follow the Manual:** The included assembly manual provides clear, illustrated steps. Follow

them sequentially to ensure correct construction.

3. **Secure Connections:** Ensure each block is firmly pressed into place to create stable and durable structures.
4. **Take Your Time:** Building blocks is a process that encourages patience and problem-solving. Enjoy the building process at your own pace.

5. Operating Instructions (Play)

Once assembled, the Cogo Building Blocks Gas Station and Fire Helicopter set offers various play scenarios:

- **Gas Station Play:** Use the gas station structure for imaginative role-playing, simulating vehicle refueling and service.
- **Fire Helicopter Adventures:** The fire helicopter can be used for rescue missions, flying to emergencies, and extinguishing imaginary fires.
- **Combined Play:** Integrate both the gas station and helicopter into larger play narratives, creating a dynamic city environment.
- **Creative Building:** The blocks can be reconfigured to create new structures and vehicles, encouraging open-ended creative play.

6. Maintenance

Proper care will ensure the longevity of your Cogo Building Blocks set:

- **Cleaning:** To clean the blocks, wipe them with a damp cloth. For deeper cleaning, use mild soap and water, then rinse thoroughly and air dry completely before storing. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the blocks in a clean, dry place away from direct sunlight and extreme temperatures. The original box or a dedicated storage container is ideal to keep all pieces together.
- **Inspection:** Periodically inspect all pieces for wear and tear. Replace any broken or severely damaged parts to maintain safety and playability.

7. Troubleshooting

Most issues with building block sets are related to missing pieces or assembly errors. Here are some common troubleshooting tips:

- **Missing Pieces:** Double-check the packaging and play area thoroughly. If a piece is genuinely missing, contact the retailer or manufacturer's customer support.
- **Assembly Difficulties:** Refer back to the included assembly instruction manual. Ensure you are following each step precisely. Sometimes, a small error early on can affect later steps.
- **Loose Connections:** Ensure blocks are pressed firmly together. If connections remain loose, check if the pieces are warped or damaged.

8. Specifications

Attribute	Value
Brand Name	Cogo
Model Number	4171
Number of Pieces	264
Minimum Manufacturer Age	72 months (6 years)
Material	Plastic
Educational Objective	Hand-Eye Coordination, Motor Skill
Main Theme	Vehicle
Special Features	Non Toxic
