Lafocuse Industrial Gear Wall Clock (Model ZH0066) User Manual

Model: ZH0066 | Brand: Lafocuse

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Lafocuse Industrial Gear Wall Clock, Model ZH0066. Please read this manual thoroughly before use to ensure proper function and longevity of your clock.

Figure 1: Lafocuse Industrial Gear Wall Clock (Model ZH0066)

SAFETY INFORMATION

- Keep batteries out of reach of children.
- Do not mix old and new batteries, or different types of batteries.
- Remove batteries if the clock will not be used for an extended period to prevent leakage.
- Ensure the clock is securely mounted to prevent falling.
- This clock is designed for indoor use only.

PACKAGE CONTENTS

Verify that all components are present and undamaged:

- 1 x Lafocuse Industrial Gear Wall Clock (Model ZH0066)

- 1 x Instruction Manual (this document)
- Mounting hardware (typically a wall hook or nail)

Note: 1 AA battery is required for operation and is **not included** in the package.

SETUP

1. Battery Installation

1. Locate the battery compartment on the back of the clock mechanism.
2. Insert one (1) AA carbon-zinc battery, ensuring the positive (+) and negative (-) terminals are aligned correctly.
3. Close the battery compartment cover.

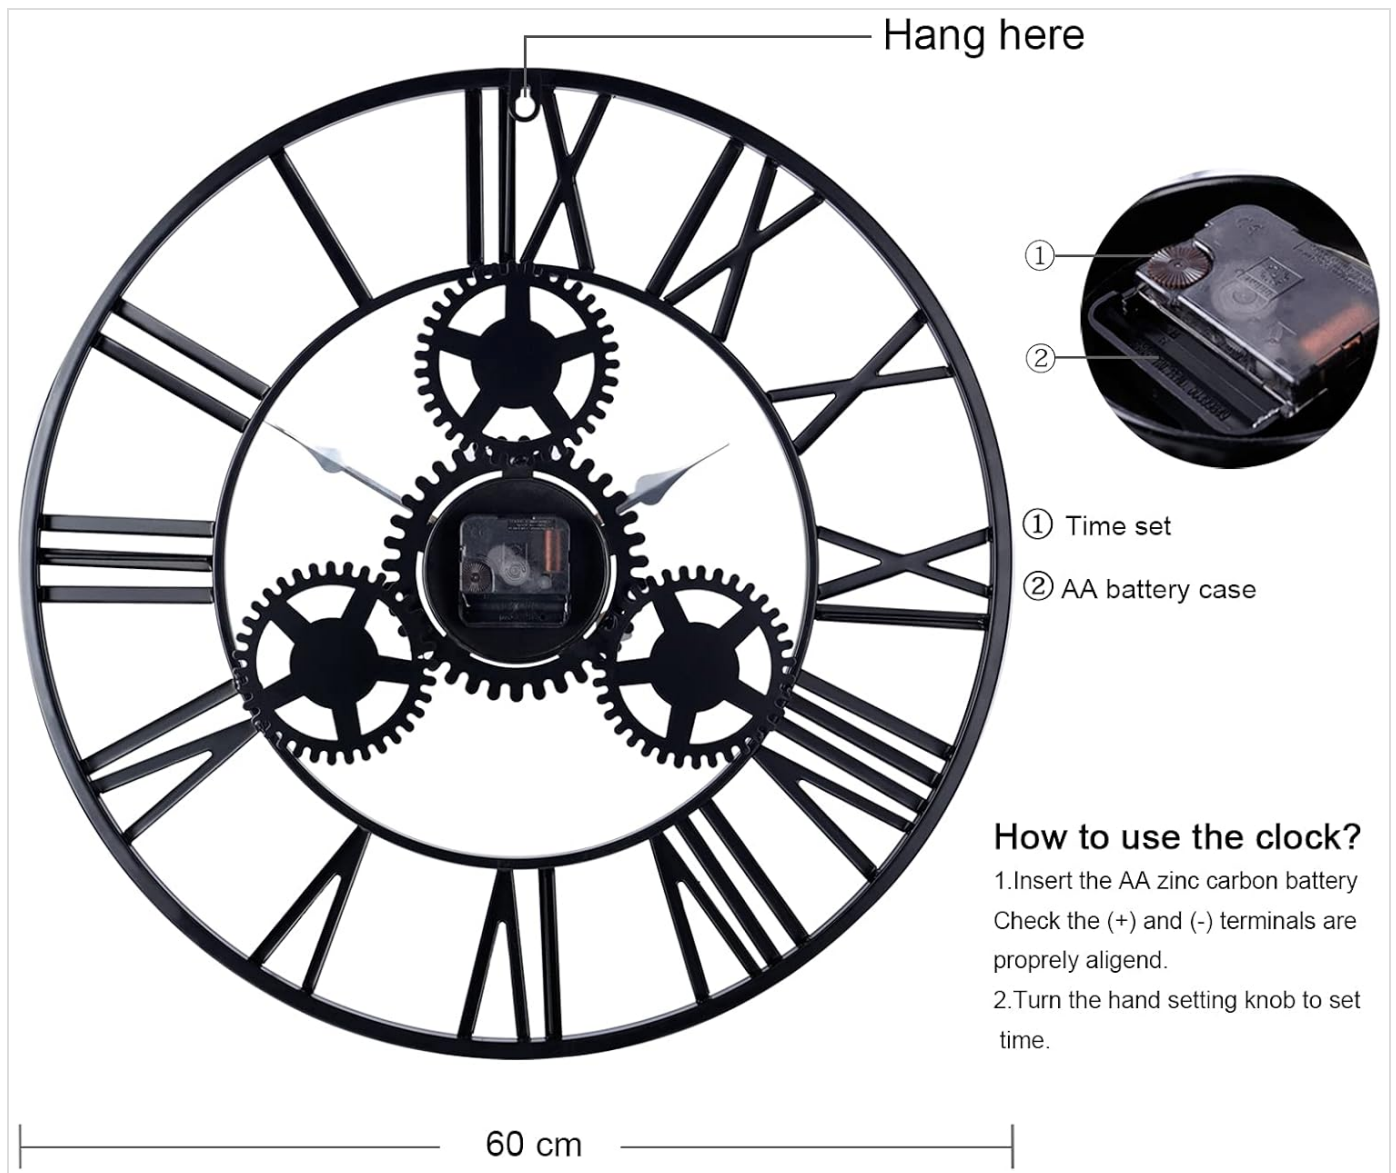

Figure 2: Back of the clock showing battery compartment and time set knob.

2. Setting the Time

1. Locate the time setting knob on the back of the clock mechanism (refer to Figure 2).
2. Gently turn the knob clockwise or counter-clockwise to move the clock hands to the correct time.
3. Avoid moving the clock hands directly, as this may damage the mechanism.

3. Mounting the Clock

1. Choose a suitable wall location that can support the weight of the clock (approximately 1.84 kg).
2. Use appropriate wall anchors and screws for your wall type if the provided hook is not sufficient.
3. Hang the clock securely using the integrated hanging point on the back of the clock frame (refer to Figure 2).

OPERATING INSTRUCTIONS

Once the battery is installed and the time is set, the clock will begin to operate. The quartz movement ensures accurate timekeeping. This clock features a silent, non-ticking mechanism for a quiet environment.

MAINTENANCE

- **Cleaning:** Wipe the clock surface with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Battery Replacement:** Replace the AA battery approximately once a year, or when the clock begins to lose time or stops functioning.
- **Environment:** Keep the clock away from direct sunlight, extreme temperatures, and high humidity to prevent damage to the mechanism and materials.

TROUBLESHOOTING

If your clock is not functioning correctly, please follow these steps:

1. Clock Not Working:

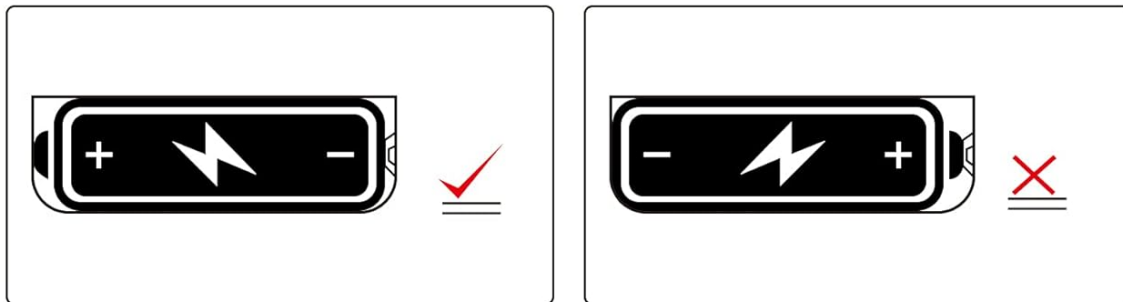

- Check the battery. Ensure it is inserted with correct polarity and is not depleted. Replace with a fresh AA battery if necessary.
- Check the clock hands. Make sure they are parallel and not loose, bent, or stuck together. Gently adjust them if needed, ensuring they do not touch each other or the clock face.

2. Inaccurate Time:

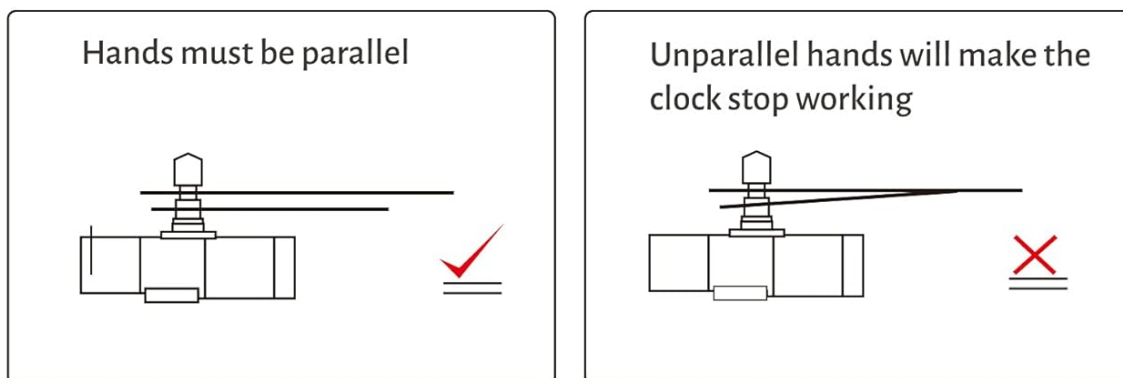

- Replace the battery with a new one. A weak battery can cause inaccurate timekeeping.
- Ensure the clock is not exposed to strong magnetic fields, which can affect the quartz movement.

What should we do if the clock doesn't work?

1. Check the battery. Make sure the battery is in correct position and not run out.

2. Check the clock hands. Make sure they are parallel. If the hands are loose, bend or stuck with each other, take them out and make them straight, then re-install the hands.

3. If the clock still doesn't work, please contact with us.

If the issue persists after following these steps, please contact customer support.

SPECIFICATIONS

Brand	Lafocuse
Model Number	ZH0066
Color	Gold (with Black frame)
Display Type	Analog
Product Dimensions	24 inches (W) x 24 inches (H)
Power Source	Battery Powered (1 x AA battery, not included)
Indoor/Outdoor Usage	Indoor

Frame Material	Metal, Wrought Iron
Watch Movement	Quartz
Item Weight	1.84 Kilograms
UPC	717351612287

WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the retailer's policy or contact Lafocuse customer service directly. Contact details can typically be found on the product packaging or the official Lafocuse website. Please have your model number (ZH0066) and purchase date available when contacting support.
