

Nifeliz K500

Nifeliz K500 Retro Sports Car Model Building Kit Instruction Manual

Model: K500 (NF10039)

Brand: Nifeliz

1. INTRODUCTION

Welcome to the Nifeliz K500 Retro Sports Car Model Building Kit. This manual provides detailed instructions for assembling and maintaining your 1:14 scale model. Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

2. PACKAGE CONTENTS

Before starting, verify that all components are present in your kit:

- 868 precision-engineered building blocks.
- Detailed instruction booklet.

3. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included instruction booklet. Each step is illustrated to guide you through the assembly process. Ensure all connections are secure before proceeding to the next step.

3.1. Overall Dimensions

PERFECT SIZE

Includes 868 pieces that everyone can build, one of the best toys for Vintage car enthusiasts.

This image displays the assembled Nifeliz K500 Retro Sports Car model, highlighting its compact dimensions suitable for display. It includes 868 pieces.

3.2. Engine Hood Assembly

Carefully assemble the engine components and integrate them into the main chassis. The engine hood is designed to open, allowing for inspection of the detailed engine bay.

ENGINE HOOD

Turn on the engine and
check the vehicle linkage!

A detailed view of the Nifeliz K500 model with its engine hood raised, showcasing the intricate engine assembly and vehicle linkage.

3.3. Car Door Installation

Attach the car doors to the main body. The unique design allows the doors to open and close, replicating the functionality of a real vehicle.

CAR DOOR

Unique door opening design, restore the real car.

This image illustrates the unique door opening design of the Nifeliz K500 model, providing access to the detailed interior.

3.4. Rear Compartment Assembly

Assemble the rear compartment, ensuring it can be folded open as intended. This section often includes details like a spare tire or storage space.

REAR COMPARTMENT

The rear compartment is designed to be folded opened.

The rear of the Nifeliz K500 model is shown with the compartment folded open, revealing storage space and a mounted spare tire.

3.5. Steering Wheel Mechanism

Integrate the steering wheel and its linkage to enable control over the front wheels. Ensure the mechanism moves freely.

STEERING WHEEL

The front wheel is controlled by the steering wheel.

A view of the Nifeliz K500 model's interior, highlighting the steerable front wheels controlled by the detailed steering wheel.

3.6. Back Row Seats Placement

Position the back row seats according to the instructions. These seats are designed to be adjustable, allowing them to be opened or closed.

BACK ROW SEATS

The back seats can be closed or opened.

This image displays the back row seats of the Nifeliz K500 model, demonstrating their adjustable feature for opening and closing.

4. FEATURES

The Nifeliz K500 Retro Sports Car Model boasts several interactive and detailed features:

- Detailed 1:14 scale replica.
- Functional engine hood that opens to reveal engine components.
- Opening car doors for interior access.
- Foldable rear compartment.
- Steerable front wheels controlled by the steering wheel.
- Adjustable back row seats.

5. CARE AND MAINTENANCE

To ensure the longevity and appearance of your Nifeliz K500 model, follow these care guidelines:

- **Cleaning:** Light dusting is recommended to remove dust and debris. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the model in a stable environment, away from direct sunlight, high humidity, or

extreme temperatures, which can cause material degradation or warping.

- **Handling:** Handle the model carefully to prevent accidental disassembly or damage to delicate parts.

6. TROUBLESHOOTING

If you encounter any issues during assembly or with the completed model, refer to the following common solutions:

- **Missing Pieces:** If you find any pieces missing from your kit, please contact Nifeliz customer support for assistance.
- **Difficulty with Assembly:** Double-check the instruction booklet for the specific step. Ensure all pieces are correctly oriented and fully connected. Some connections may require firm, even pressure.
- **Loose Connections:** If parts feel loose, carefully disassemble the affected section and reassemble, ensuring all studs are properly aligned and pressed firmly into place.
