Greenstell 130L Laundry Hamper with Wheels and Lid: User Manual

INTRODUCTION

This manual provides instructions for the Greenstell 130L Laundry Hamper with Wheels and Lid. Please read this manual carefully before assembly and use to ensure proper function and longevity of your product. This hamper is designed to assist in organizing and transporting laundry efficiently within your home.

PRODUCT OVERVIEW

The Greenstell Laundry Hamper is constructed from durable, waterproof synthetic rattan, featuring a handwoven design. It includes adjustable foot pads for stability and to prevent direct contact with the floor. The hamper is equipped with a thickened wire frame to enhance load-bearing capacity and maintain its structure.

This hamper offers a wide inner space with two types of removable liner bags: a 2-section bag for larger items and a 3-section bag for sorting clothes by color or type. The lid features PU decorative handles for easy opening and closing, helping to conceal dirty laundry and maintain a tidy appearance. For added convenience, the hamper includes 5 mesh laundry bags suitable for delicate items, underwear, or small garments.

With a large capacity of 130 liters and a maximum load capacity of 110 pounds, this laundry hamper is designed for efficient laundry management. Its design allows for easy assembly and movement between rooms.

PACKAGE CONTENTS

Verify that all components are present in the package:

- 1 x Laundry Hamper (main unit with lid and wheels)
- 1 x 3-Sections Liner Bag
- 1 x 2-Sections Liner Bag
- 5 x Mesh Laundry Bags
- Assembly Tools (screws, screwdriver, wrench)

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Greenstell Laundry Hamper is designed to be straightforward. Follow these steps:

1. **Attach Wheels or Foot Pads:** Locate the four wheels or optional foot pads. Using the provided screws and tools, securely attach them to the designated points on the bottom of the hamper. Ensure they are tightened for stability.
2. **Insert Liner Bags:** Choose either the 2-section or 3-section liner bag based on your sorting preference. Place the chosen liner bag inside the hamper, ensuring it fits snugly along the edges. The back lining strap can be tied to the hamper to prevent it from falling.
3. **Secure Lid:** The lid is designed to rest securely on top of the hamper. The PU decorative handles assist in lifting the lid.

OPERATING INSTRUCTIONS

Using your Greenstell Laundry Hamper effectively:

- **Sorting Laundry:** Utilize the provided 2-section or 3-section liner bags to separate clothes. For example, use one section for lights, another for darks, and a third for colors or delicates.
- **Using Mesh Laundry Bags:** Place delicate garments, lingerie, or small items into the mesh laundry bags before placing them in the hamper. This protects them during washing.
- **Transporting Laundry:** When ready to wash, unlock the heavy-duty brake wheels by pushing the lever upwards. Roll the hamper to your washing machine. The integrated side handles also allow for easy lifting if needed.
- **Concealing Laundry:** Keep the lid closed to hide dirty clothes and maintain a neat appearance in your room.

DETACHABLE & DURABLE

2 TYPES LINER BAGS

3 Sections Liner Bag
Fold and Classify Clothes

2 Sections Liner Bag
Store Larger Clothes

MAINTENANCE

Proper maintenance ensures the longevity of your laundry hamper:

- **Liner Bags:** The detachable liner bags are washable. Remove them from the hamper and follow the care instructions on the bag's label, typically machine wash cold and tumble dry low.
- **Mesh Laundry Bags:** These bags are also washable. Empty them of contents and machine wash with similar colors.
- **Hamper Exterior:** Wipe the rattan exterior with a damp cloth as needed. Avoid harsh chemicals or abrasive cleaners to prevent damage to the material.
- **Wheels:** Periodically check the wheels for any lint or debris that may hinder smooth movement. Clean as necessary.

TROUBLESHOOTING

Common issues and their solutions:

- **Wheels not rolling smoothly:** Ensure the wheel brakes are disengaged (lever pushed upwards). Check for any hair, lint, or debris caught in the wheels and remove them.

- **Lid not closing properly:** Verify that the liner bags are correctly positioned and not overflowing. Ensure no items are obstructing the lid's path.
- **Liner bags appear worn:** The product includes two liner bags for convenience. If one shows significant wear, replace it with the spare. Ensure clothes are not overstuffed, which can cause undue stress on the fabric.

SPECIFICATIONS

Feature	Detail
Product Dimensions	25.6"L x 13"W x 25.7"H
Brand	GREENSTELL
