HOMEASY No-Drill Mop Broom Holder

HOMEASY No-Drill Mop Broom Holder Instruction Manual

1. INTRODUCTION

Thank you for choosing the HOMEASY No-Drill Mop Broom Holder. This product is designed to help organize your home by providing a convenient and space-saving solution for storing mops, brooms, and other handled tools. Made from durable SUS304 stainless steel, it features a self-adhesive backing for easy, drill-free installation. This manual provides detailed instructions for installation, operation, and maintenance to ensure optimal performance and longevity of your holder.

2. PRODUCT FEATURES

- **Durable Construction:** Manufactured from high-quality SUS304 stainless steel, ensuring resistance to water and rust.
- **No-Drill Installation:** Features a strong self-adhesive backing for easy installation without the need for drilling or screws.
- **Automatic Adjustment:** Equipped with a triangle-buckle and petal-shaped gear that automatically adjusts to the thickness of tool handles (2.3-3.3 cm) to prevent slipping.
- **Heavy Duty Support:** Capable of holding items up to 10 kg (22 lbs), providing robust storage for various tools.

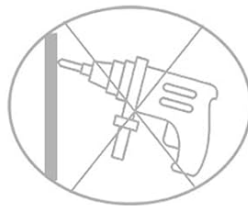

- **Integrated Hook:** Each holder includes a sleek hook for hanging smaller items like towels, gloves, or brushes.
- **Versatile Application:** Suitable for use in kitchens, bathrooms, garages, offices, and outdoors due to its weatherproof design.

3. PACKAGE CONTENTS

Your HOMEASY Mop Broom Holder package includes the following items:

- 4 x HOMEASY Mop Broom Holders (Black)

4. INSTALLATION INSTRUCTIONS

Follow these steps for proper installation of your mop broom holder:

1. **Clean and Dry Surface:** Ensure the wall surface where you intend to install the holder is clean, dry, and free from dust, oil, or moisture.
2. **Prepare Adhesive:** Carefully peel off the protective film from the back of the self-adhesive pad.
3. **Apply to Wall:** Position the holder on the desired spot on the wall and press firmly for at least 30 seconds to ensure

good adhesion.

4. **Wait Before Use:** Allow 24 hours for the adhesive to fully cure and bond with the surface before hanging any items. This ensures maximum holding strength.

EASY TO INSTALL

1. Clean and dry the surface

2. Tear off the protective film

3. Sticking on the wall and press it for 30s

4. Waiting 24 hours before hanging things

5. OPERATING INSTRUCTIONS

Using your HOMEASY Mop Broom Holder is simple and efficient:

- **To Insert a Tool:** Gently push the handle of your mop, broom, or other tool into the grip mechanism. The petal-shaped gears will automatically adjust and secure the handle firmly in place.
- **To Remove a Tool:** Lift the handle slightly upwards and pull it out of the grip mechanism. The gears will release the handle smoothly.
- **Using the Hook:** Hang smaller items such as cleaning cloths, dustpans, or gloves on the integrated hook located on the side of the holder.

6. MAINTENANCE

To maintain the appearance and functionality of your HOMEASY Mop Broom Holder:

- **Cleaning:** Wipe the stainless steel surface with a soft, damp cloth. For stubborn marks, a mild soap solution can be used. Avoid abrasive cleaners or scouring pads, which can scratch the finish.
- **Drying:** Although the holder is waterproof and rust-resistant, drying it after cleaning helps maintain its pristine condition.
- **Inspection:** Periodically check the adhesive bond to ensure it remains secure, especially if heavy items are frequently stored.

Image 6.1: The waterproof design of the holder.

7. TROUBLESHOOTING

If you encounter any issues with your mop broom holder, consider the following:

- **Tool Slipping:** Ensure the tool handle is fully inserted into the grip mechanism. The holder is designed for handles between 2.3 cm and 3.3 cm in diameter. Handles outside this range may not be securely held.
- **Holder Detaching from Wall:** This typically occurs if the installation surface was not properly cleaned and dried, or if the 24-hour waiting period was not observed before hanging items. Re-installation on a clean, suitable surface with proper curing time is recommended.
- **Adhesive Not Strong:** Verify that the installation surface is one of the recommended types (e.g., smooth tile, glass). The adhesive may not bond effectively to porous, painted, or textured surfaces.

8. SPECIFICATIONS

Feature	Detail
Material	SUS304 Stainless Steel
Color	Black
Product Dimensions	3.3"D x 3.3"W x 6"H (per holder)
Mounting Type	Self-Adhesive, Wall Mount
