## Lucande 9619296

# Lucande Kalisa Pedestal Lamp (Model 9619296)

Instruction Manual

## 1. INTRODUCTION

---

Thank you for choosing the Lucande Kalisa Pedestal Lamp. This modern outdoor lighting fixture is designed to enhance your garden or path with reliable and stylish illumination. This manual provides essential information for the safe installation, operation, and maintenance of your lamp. Please read these instructions carefully before use and retain them for future reference.

The Lucande Kalisa Pedestal Lamp (Model 9619296) features a durable aluminum construction and is water-resistant, making it suitable for outdoor environments. It uses an E27 lamp base and operates on 230 Volts.

## 2. SAFETY INFORMATION

---

**WARNING:** Electrical installation should only be performed by a qualified electrician in accordance with local wiring regulations and safety standards.

- Ensure the power supply is disconnected before installation, maintenance, or bulb replacement.
- Do not exceed the maximum wattage specified for the lamp (40 watts).
- This product is designed for outdoor use and is water-resistant. However, ensure all connections are properly sealed to maintain its IP rating.
- Do not modify the lamp in any way. Unauthorized modifications may void the warranty and pose safety risks.
- Keep packaging materials out of reach of children.
- If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person to avoid a hazard.

## 3. PACKAGE CONTENTS

---

Verify that all components are present and undamaged before beginning installation.

- Lucande Kalisa Pedestal Lamp fixture
- Mounting hardware (screws, anchors)
- Connection accessories (e.g., waterproof connector)
- Remote Control (if included with your specific model)
- Instruction Manual

**Figure 2:** Overview of included components. This image shows the main lamp unit, a separate mounting base, four mounting screws, and a waterproof electrical connector.

## 4. SETUP AND INSTALLATION

---

This lamp requires electrical wiring. Installation should be performed by a qualified professional.

1. **Prepare the Installation Site:** Choose a suitable location for the pedestal lamp, ensuring it is on a stable, level surface. Ensure access to a 230V power supply.
2. **Disconnect Power:** Before starting any electrical work, turn off the main power supply at the circuit breaker to prevent electric shock.
3. **Mark Drilling Points:** Place the lamp's base or mounting plate on the desired surface and mark the

positions for drilling holes.

4. **Drill Holes:** Drill holes at the marked positions using an appropriate drill bit for your surface (e.g., concrete, wood). Insert wall anchors if necessary.
5. **Connect Wiring:** Carefully connect the electrical wires from your power supply to the lamp's wiring using the provided waterproof connector. Ensure correct polarity (Live, Neutral, Earth) according to local regulations. Secure all connections tightly to maintain water resistance.
6. **Mount the Lamp:** Secure the lamp's base to the prepared surface using the provided mounting screws. Ensure the lamp is firmly attached and stable.
7. **Install Bulb:** Insert an E27 bulb (max 40W) into the lamp holder. (Bulb not included).
8. **Restore Power:** Once installation is complete and all connections are secure, restore power at the circuit breaker.

**Figure 3:** Detail of the lamp's base, illustrating how the aluminum frame connects to the concrete-like pedestal.

**Figure 4:** Bulb installation area, showing the E27 bulb socket within the protective glass cylinder.

## 5. OPERATING INSTRUCTIONS

---

The Lucande Kalisa Pedestal Lamp can be operated via a standard wall switch or, if equipped with a smart bulb and compatible system, through an app or Vera controller.

- **Standard Operation:** Turn the lamp ON/OFF using the wall switch connected to its power supply.
- **App Control (with compatible smart bulb):** If you have installed a smart E27 bulb and connected it to a compatible smart home system (e.g., Vera), follow the smart bulb's instructions to pair it with your app or controller. This allows for remote control, scheduling, and dimming functions depending on the bulb's capabilities.
- **Remote Control (if included):** If your model includes a remote control, refer to its specific instructions for pairing and operation.

Figure 5: The Kalisa lamp in operation, demonstrating its light output.

## 6. MAINTENANCE

---

Regular maintenance ensures the longevity and optimal performance of your lamp.

- **Cleaning:** Disconnect power before cleaning. Wipe the lamp with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these can damage the finish.
- **Bulb Replacement:** Ensure power is disconnected. Allow the bulb to cool completely before attempting to replace it. Unscrew the old E27 bulb and screw in a new one (max 40W).
- **Inspection:** Periodically check the lamp for any signs of damage, loose connections, or wear. If any damage is found, disconnect power and consult a qualified electrician or the manufacturer.

## 7. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Lamp does not light up.	No power supply. Faulty bulb. Loose wiring connection.	Check circuit breaker and wall switch. Replace bulb. <i>(Consult a qualified electrician)</i> Check wiring connections.
Light flickers.	Loose bulb. Incompatible bulb (e.g., dimmable bulb with non-dimmable switch). Faulty wiring.	Tighten bulb. Ensure bulb compatibility. <i>(Consult a qualified electrician)</i> Inspect wiring.
App control not working.	Smart bulb not paired. Wi-Fi connectivity issues. Incompatible smart bulb/system.	Refer to smart bulb's pairing instructions. Check Wi-Fi router and signal strength. Ensure smart bulb and controller (e.g., Vera) are compatible.

## 8. SPECIFICATIONS

---

Feature	Detail
Model Number	9619296
Brand	Lucande
Dimensions (L x W x H)	15 x 15 x 42 cm
Weight	3.26 kg
Material	Aluminum (frame), Concrete-like base, Glass (bulb enclosure)
Style	Modern
Power Source	Corded Electric
Voltage	230 Volts
Max Wattage	40 watts
Lamp Base	E27
Special Features	Water-resistant
Control Method	App (with compatible smart bulb), Remote Control (if included)
Controller Type	Vera (for smart home integration)
Assembly Required	No (refers to the lamp unit itself, but professional electrical installation is required)
Included Components	Remote Control (if applicable)
