FINTIE Bluetooth AZERTY Keyboard Case User Manual

For Lenovo Tab P11 (TB-J606/TB-J607) and Tab P11 Plus (TB-J616)

INTRODUCTION

Thank you for choosing the FINTIE Bluetooth AZERTY Keyboard Case. This product combines a protective case with a detachable wireless keyboard, enhancing the functionality and portability of your Lenovo Tab P11 or Tab P11 Plus tablet. This manual provides essential information for setup, operation, maintenance, and troubleshooting to ensure optimal performance.

PACKAGE CONTENTS

- FINTIE Bluetooth AZERTY Keyboard Case
- USB Charging Cable
- User Manual

COMPATIBILITY

This keyboard case is specifically designed for the following tablet models:

- Lenovo Tab P11 (Models: TB-J606F, TB-J606L, TB-J606N, TB-J606M)
- Lenovo Tab P11 Plus (Models: TB-J616F, TB-J616X)

Please verify your tablet's model number before use to ensure compatibility.

SETUP

1. Charging the Keyboard

Before first use, fully charge the keyboard. Connect the provided USB charging cable to the keyboard's charging port and to a USB power adapter (not included) or a computer's USB port.

The charging indicator light will illuminate during charging and turn off once fully charged.

2. Attaching the Tablet to the Case

Align your Lenovo Tab P11/P11 Plus with the protective shell of the case and gently press it into place until it is securely fitted. Ensure all ports and buttons are accessible.

3. Pairing the Keyboard via Bluetooth

1. Ensure the keyboard is charged.
2. Slide the power switch on the keyboard to the 'ON' position. The Bluetooth indicator light will flash.
3. On your tablet, go to **Settings > Connected devices > Bluetooth** and turn Bluetooth ON.
4. Select 'Pair new device' or similar option. Your tablet will search for available Bluetooth devices.
5. Locate and select 'Bluetooth Keyboard' (or similar name) from the list of available devices.
6. Follow any on-screen prompts to complete the pairing process. A successful connection will be indicated by the Bluetooth light turning off or remaining solid.

If pairing fails, turn off the keyboard and tablet's Bluetooth, then repeat the steps.

4. Adjusting Viewing Angles

The case features multiple viewing angles. The keyboard is magnetically detachable, allowing you to adjust its position for optimal typing comfort or to remove it entirely when not needed. The case's design allows for stable propping of the tablet at various angles.

Multiple Viewing

It turns into a convenient stand, gives you a best viewing angle.

Image: The case allows for multiple viewing angles, providing flexibility for different tasks.

OPERATING THE KEYBOARD

Keyboard Layout

This keyboard features an AZERTY layout, standard for French-speaking regions. All keys function as a typical computer keyboard, providing a familiar typing experience.

Special Function Keys

The top row of the keyboard includes various function keys (F1-F12) that may have secondary functions when pressed in combination with the 'Fn' key. These functions typically include media controls, volume adjustment, screen brightness, and other tablet-specific shortcuts. Refer to your tablet's operating system for specific key assignments.

Bluetooth Transmission Distance

The keyboard operates wirelessly via Bluetooth with a transmission distance of up to 10 meters (approximately 33 feet) in an open environment. Performance may vary based on obstacles and interference.

Image: The keyboard maintains a stable Bluetooth connection up to 10 meters.

Battery Life

The keyboard utilizes Bluetooth Low Energy (BLE) technology for extended battery life. It offers:

- Up to 230 hours of uninterrupted work time.

- Up to 180 days of standby time.

These figures are based on BLE technology. Older Bluetooth Classic connections may result in shorter battery life (up to 100 hours work time, 90 days standby time).

Upgraded Bluetooth Low Energy (BLE) Technology

Bluetooth BLE

Up to **230** Hours

Uninterrupted Work Time

Up to **180** Days

Standby Time

Bluetooth Classic

Up to **100** Hours

Uninterrupted Work Time

Up to **90** Days

Standby Time

MAINTENANCE

Cleaning

To clean the keyboard and case, use a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, which can damage the product. Ensure the keyboard is powered off before cleaning.

Storage

When not in use for extended periods, store the keyboard and case in a cool, dry place. It is recommended to fully charge the keyboard before long-term storage and to recharge it periodically to maintain battery health.

TROUBLESHOOTING

Keyboard Not Pairing

- Ensure the keyboard is powered on and fully charged.
- Verify that Bluetooth is enabled on your tablet.
- Make sure the keyboard is within the 10-meter Bluetooth range of your tablet.
- Try turning off and on both the keyboard and your tablet's Bluetooth.
- If previously paired, try 'forgetting' the device on your tablet and re-pairing.

Keys Not Responding

- Check the keyboard's battery level and charge if necessary.
- Ensure the keyboard is properly paired and connected to your tablet.
- Restart your tablet and the keyboard.

Charging Issues

- Ensure the USB charging cable is securely connected to both the keyboard and the power source.
- Try using a different USB cable or power adapter.
- Verify that the power source is functional.
