Soundcore A3028

Soundcore by Anker Life Q30 Hybrid Active Noise Cancelling Headphones

USER MANUAL

Model: A3028 | Brand: Soundcore

Introduction

The Soundcore Life Q30 headphones are designed to provide an immersive audio experience with advanced hybrid active noise cancellation. Featuring 40mm drivers for Hi-Res Sound, custom EQ via the Soundcore app, and up to 40 hours of playtime, these headphones are built for comfort and superior sound quality. They offer multiple noise cancellation modes to adapt to various environments, ensuring an undisturbed listening experience.

Charging Your Headphones

Before first use, fully charge your Life Q30 headphones. Connect the provided USB-C cable to the charging port on the headphones and to a power source. A full charge provides up to 40 hours of playtime. A quick 5-minute charge can provide several hours of listening.

Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the power button for 3 seconds until the LED indicator flashes blue, indicating pairing mode.
3. On your device, enable Bluetooth and select "Soundcore Life Q30" from the list of available devices.
4. Once connected, the LED indicator will turn solid blue.

The headphones support connecting to two devices simultaneously for seamless switching.

Operating Your Headphones

Controls Overview

The Life Q30 headphones feature intuitive controls located on the earcups for easy management of audio playback, calls, and noise cancellation modes.

- **Power Button:** Press and hold to power on/off.
- **NC Button:** Cycle through Noise Cancellation modes (Transport, Outdoor, Indoor) and Transparency mode.
- **Volume Up/Down:** Adjust audio volume.
- **Multi-function Button:** Play/Pause music, answer/end calls.
- **3.5mm Audio Jack:** For wired connection using the AUX cable.

Noise Cancellation Modes

The Life Q30 offers three distinct noise cancellation modes to optimize your listening experience based on your environment:

- **Transport Mode:** Minimizes low-frequency sounds like airplane engines or bus noise.
- **Outdoor Mode:** Reduces ambient noise from traffic and wind.
- **Indoor Mode:** Dampens sounds from busy offices or conversations.

Switch between modes using the NC button on the earcup or through the Soundcore app.

Soundcore App Integration

For a personalized audio experience, download the Soundcore app. The app allows you to:

- Customize the EQ settings to your preference.
- Switch between noise cancellation modes.
- Access firmware updates.
- Utilize additional features like white noise sounds for relaxation.

Maintenance

Cleaning

To maintain the condition of your headphones, gently wipe the earcups and headband with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials. Ensure no moisture enters the charging port or audio jack.

Storage

When not in use, store your Soundcore Life Q30 headphones in their protective case to prevent damage from dust,

scratches, and impacts. The headphones are designed to fold compactly for easy storage within the case.

Troubleshooting

If you encounter issues with your Soundcore Life Q30 headphones, consider the following common solutions:

- **No Power:** Ensure the headphones are fully charged.
- **Cannot Pair:** Make sure Bluetooth is enabled on your device and the headphones are in pairing mode. Try unpairing and re-pairing.
- **No Sound:** Check volume levels on both the headphones and your connected device. Ensure the correct audio output is selected on your device.
- **Poor Sound Quality:** Move closer to your device to reduce interference. Check for obstructions between the headphones and the device.
- **Noise Cancellation Issues:** Ensure the NC button is pressed to activate noise cancellation. Adjust modes via the

Soundcore app if needed.

For persistent issues, refer to the official Soundcore support website or contact customer service.

Specifications

| Model Name	Anker Life Q30 (A3028)
Noise Control	Active Noise Cancellation (Hybrid)
Connectivity Technology	Bluetooth
Audio Driver Type	Dynamic Driver (40mm)
Frequency Range	20 Hz - 40,000 Hz
