## 2. SETUP

---

### 2.1 Charging the Headphones

Before first use, fully charge your PowerLocus P6 headphones. Connect the provided USB charging cable to the charging port on the headphones and to a compatible USB power source. The LED indicator will show charging status and turn off when fully charged. A full charge takes approximately 2.5 hours.

### 2.2 Bluetooth Pairing

The PowerLocus P6 headphones feature Bluetooth 5.3 for quick and stable connections.

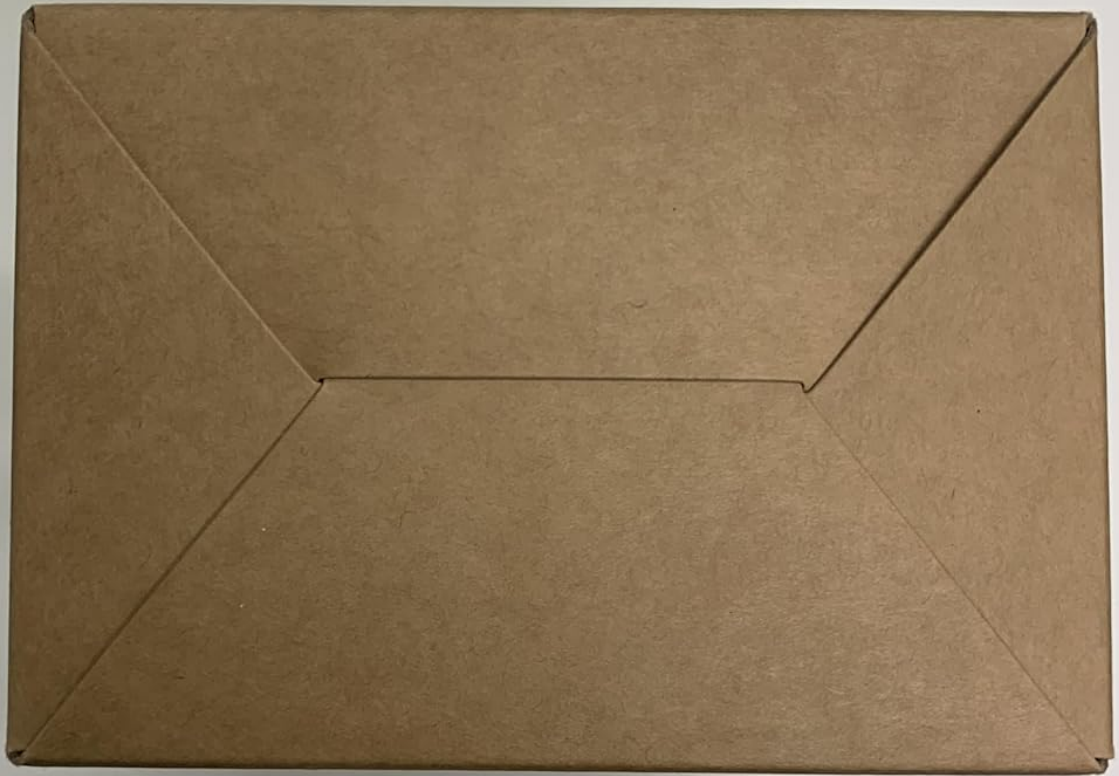

1. Ensure the headphones are powered off.
2. Press and hold the Power button until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, PC), enable Bluetooth and search for "PowerLocus P6" in the list of available devices.
4. Select "PowerLocus P6" to connect. Once connected, the LED indicator will turn solid blue.

*Image: PowerLocus P6 headphones are universally compatible with various devices including phones, tablets, PCs, and TVs.*

## **2.3 Wired Connection (Aux Mode)**

For situations where Bluetooth is not available or preferred, you can use the included 3.5mm audio cable. Simply plug one end into the headphone's audio jack and the other into your device's audio output. This mode allows for endless audio enjoyment even if the headphone battery is depleted.

*Image: The PowerLocus P6 package includes the headphones, an audio cable, and a carry pouch.*

### 3. OPERATING INSTRUCTIONS

---

### 3.1 Controls

The PowerLocus P6 headphones feature intuitive button controls for easy management of audio and calls.

- **Power Button:** Press and hold to power on/off. Short press to play/pause music or answer/end calls.
- **Volume Up (+):** Short press to increase volume. Long press for next track.
- **Volume Down (-):** Short press to decrease volume. Long press for previous track.
- **Voice Assistant:** Single click to activate Siri/Google Assistant.

### 3.2 Audio Features

Experience immersive audio with the PowerLocus P6 headphones, featuring upgraded dynamic audio speakers and 40mm large-aperture drivers for powerful crisp sound and deep bass. The technology adapts to music genres for an optimal listening experience.

## 4. MAINTENANCE

To ensure the longevity and optimal performance of your PowerLocus P6 headphones, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the headphones. For earmuffs, a slightly damp cloth can be used, but ensure no moisture enters the speaker grilles.
- **Storage:** When not in use, store the headphones in the provided carry pouch to protect them from dust and scratches. Avoid storing in extreme temperatures or high humidity.
- **Handling:** Avoid dropping the headphones or subjecting them to strong impacts. Do not twist or bend the headband excessively.

## 5. TROUBLESHOOTING

If you encounter issues with your PowerLocus P6 headphones, refer to the following common troubleshooting steps:

| Problem                     | Possible Cause   | Solution   |
|-----------------------------|--|--|
| Headphones do not power on. | Low battery.   | Charge the headphones fully.   |
| Cannot pair via Bluetooth.  | Headphones not in pairing mode; device Bluetooth off; too far from device. | Ensure headphones are in pairing mode (flashing blue/red LED). Turn device Bluetooth off and on. Move headphones closer to the device (within 36 feet).          |
| No sound or low volume.     | Volume too low; incorrect audio source; loose wired connection.            | Increase volume on both headphones and connected device. Check if the correct audio output is selected on your device. Ensure 3.5mm cable is securely connected. |
| Sound distortion.           | Interference; device volume too high.                                      | Move away from other wireless devices. Reduce volume on your device.   |
