## Pamapic 8504

# Pamapic 8504 Patio Dining Set 7 Piece Instruction Manual

## INTRODUCTION

---

This instruction manual provides comprehensive guidance for the assembly, operation, maintenance, and troubleshooting of your Pamapic 8504 Patio Dining 7 Piece Outdoor Wicker Furniture Set. Please read all instructions carefully before assembly and use to ensure proper function and longevity of the product.

## **SAFETY INFORMATION**

---

**WARNING: This product requires assembly. Always follow the assembly instructions carefully to ensure safe and proper installation. This product has adjustable legs; ensure they are properly secured and tightened to prevent tip-over risks, especially when in use. Keep the product clean and dry to prevent mold and mildew growth. Keep small children and pets away from the product during assembly and usage to prevent injury.**

## **PACKAGE CONTENTS**

---

Your Pamapic 8504 Patio Dining Set is delivered in two separate boxes. It is possible that these boxes may arrive at different times. Please ensure all components are present before beginning assembly.

*Image: An illustration indicating that the product is delivered in two boxes, emphasizing that they might not arrive simultaneously.*

The package includes the following components:

- 1 x Dining Table
- 6 x Dining Chairs

## ASSEMBLY INSTRUCTIONS

Assembly is required for this patio dining set. It is recommended to assemble the product on a soft, clean surface to prevent scratches. While basic tools are provided, using power tools may enhance the assembly experience. For optimal stability, initially hand-tighten all screws, then fully tighten them once all components are aligned and in place.

*Image: An icon with a checkmark and text advising to simply fix all accessories with screws and tighten them only after assembly is completed.*

*Image: An icon with a wrench and text stating that while simple installation tools are provided, power tools can offer a better installation experience.*

### Table Assembly

1. Unpack all table components and identify the tabletop, legs, and hardware.
2. Attach the table legs to the tabletop frame. Secure with bolts, but only hand-tighten initially.
3. Once all legs are in place, ensure the table is level, then fully tighten all bolts.

4. Adjust the non-slip adjustable feet pads on each leg for stability on uneven surfaces.

## Chair Assembly

1. Unpack all chair components, including seat frames, backrests, and cushions.
2. Attach the backrest to the seat portion. Hand-tighten screws.
3. Attach the legs to the assembled seat and backrest. Hand-tighten all screws.
4. Once all parts are aligned, fully tighten all screws. Avoid over-tightening to prevent stripping.
5. Place the cushions on the chairs, securing them with the strong adhesive Velcro straps.

*Image: Detailed view of the high-quality Olefin fabric cushion, emphasizing its softness and high-density sandwich sponge filling.*

*Image: Close-up of the strong adhesive Velcro strap on the cushion, designed to keep it firmly fixed and prevent slipping.*

## PRODUCT DIMENSIONS

The dimensions for the Pamapic 8504 Patio Dining Set are as follows:

- **Table Dimensions:** 59.8 inches (Length) x 35.1 inches (Width) x 28.6 inches (Height)
- **Chair Dimensions:** 23 inches (Width) x 21.3 inches (Depth) x 35.4 inches (Height)
- **Cushion Thickness:** 2.4 inches

*Image: A diagram illustrating the detailed dimensions of both the dining table and a single chair, including length, width, height, and cushion thickness.*

## CARE AND MAINTENANCE

- **Cleaning:** The iron slats table top is easy to clean. Wipe with a damp cloth and mild soap. For cushions, the Olefin fabric is machine washable. Follow fabric care instructions on the label.
- **Protection:** To prolong the life of your furniture, especially the PE rattan, consider using a furniture cover during harsh weather conditions or prolonged periods of non-use.
- **Stability Check:** Periodically check and tighten all bolts and screws to ensure the furniture remains stable and secure.
- **Adjustable Feet:** Ensure the adjustable feet pads are properly set to prevent wobbling and protect your patio surface.

## TROUBLESHOOTING

| Problem   | Possible Cause                                    | Solution  |
|---|---|---|
| Parts do not align during assembly.             | Screws were tightened prematurely.                | Loosen all screws, align parts, then gradually tighten all screws evenly.   |
| Furniture wobbles after assembly.               | Uneven tightening of screws or uneven surface.    | Check all screws for tightness. Adjust the non-slip adjustable feet pads on the table legs to compensate for uneven ground.   |
| Screws are difficult to thread or strip easily. | Misalignment or paint obstruction in screw holes. | Ensure proper alignment before threading. If paint is obstructing, carefully clear the hole or use a power tool at a low setting with caution. Do not over-tighten. |

*Image: An icon with a screw and text advising that if parts are uneven after assembly, it can be fixed by adjusting screw tightness.*
