4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly typically requires two people and takes approximately 30-60 minutes. Follow the step-by-step instructions provided in the included assembly manual for detailed diagrams.

1. **Unpack and Organize:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Identify each part using the parts list.
2. **Assemble the Frame:** Begin by connecting the main steel frame components. Secure all bolts loosely at first, then tighten them once the entire frame is assembled to allow for minor adjustments.
3. **Attach Desk Panels:** Place the L-shaped desktop panels onto the assembled frame. Align the pre-drilled holes and secure the panels with the provided screws. Ensure the panels are flush and stable.
4. **Install Monitor Stand:** Attach the removable monitor shelf to the designated area on the desktop. The monitor stand can be positioned on either side of the L-shape to suit your preference. Secure it firmly.
