6. MAINTENANCE

Proper care will extend the life and appearance of your Madesa Royale Wardrobe.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish.
- **Mirror Care:** Clean the mirror with a glass cleaner and a soft, lint-free cloth. Do not spray cleaner directly onto the mirror; apply it to the cloth first.
- **Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Retighten if necessary, but do not overtighten.
- **Sliding Tracks:** Keep the aluminum sliding tracks free of dust and debris to ensure smooth door operation. You may use a dry cloth or a vacuum cleaner with a brush attachment.
- **Environmental Conditions:** Avoid placing the wardrobe in direct sunlight or near heat sources, as this can cause discoloration or warping. Maintain a stable room temperature and humidity.

7. TROUBLESHOOTING

If you encounter any issues with your wardrobe, refer to the following common solutions:

- **Doors not sliding smoothly:**
 - Check the aluminum tracks for any obstructions (dust, debris). Clean if necessary.
 - Ensure the wardrobe is on a level surface. Uneven flooring can affect door alignment.
 - Verify that the door rollers are properly seated in the tracks and are not damaged.
- **Drawers sticking or difficult to open/close:**
 - Ensure the drawer slides are clean and free of debris.
 - Check if the drawer is overloaded or if items are obstructing its movement.
 - Verify that the drawer slides are correctly installed and all screws are tight.
- **Wardrobe feels unstable:**
 - Confirm all assembly screws are securely tightened.
 - Ensure the wardrobe is placed on a flat, level surface.
 - Consider using wall anchoring hardware for added stability (not included).
