HAVA TDQR

HAVA Countertop Dishwasher User Manual

Model: TDQR

Brand: HAVA

INTRODUCTION

This manual provides comprehensive instructions for the operation and maintenance of your HAVA Countertop Dishwasher. Designed for compact living spaces such as apartments, dorms, RVs, and campers, this portable dishwasher offers efficient cleaning with multiple program options and no permanent installation required.

WHAT'S IN THE BOX

Your HAVA Countertop Dishwasher package includes the following components:

- User Manual
- Drying System
- Drain Hose
- Inlet Hose
- Cutlery Basket
- Pitcher
- Dish Rack
- Fruit Basket

Sleek Design with Glass Door

Convenient Carry Handle

Enhanced Visibility with Blue LED

Touch Buttons for Easy Control

SETUP

The HAVA Countertop Dishwasher offers flexible water supply options, requiring no permanent installation.

Water Supply Modes:

1. **Built-in 5L Water Tank:** For ultimate portability, simply pour water directly into the built-in 5-liter water tank located on top of the unit. The dishwasher will automatically detect the water level.
2. **Faucet Connection:** Alternatively, connect the included inlet hose to a faucet for a continuous water supply.

Ensure the drain hose is properly positioned to drain water into a sink or a bucket before starting any cycle.

OPERATING INSTRUCTIONS

Control Panel:

The dishwasher features a touch control panel on the top for easy program selection and operation.

Saving 80% Water

Automatic dishwashing saves at least 80% water compared to washing by hand

Image: The touch control panel with various program options and indicators.

Wash Programs:

Select from 6 distinct wash programs to suit your dishwashing needs:

- **Normal:** Standard wash for everyday dishes.
- **Speed:** Quick wash cycle for lightly soiled items.
- **Soft:** Gentle wash for delicate items.
- **Heavy/Baby Care:** Intensive wash at 167°F (75°C) for heavily soiled dishes and baby products, ensuring thorough cleaning and sanitization.
- **Fruit:** Cold water cycle specifically designed for rinsing fruits and vegetables.
- **Dry:** Dedicated drying mode (60 minutes hot air drying + 72 hours automatic ventilation) to prevent odors and keep dishes dry.

6 Wash Programs

Meet your various dishwashing needs

Normal
69 min, 154 °F

Speed
29 min, 144 °F

Heavy/Baby Care
89 min, 167 °F

Soft
59 min, 154 °F

Fruit
19 min, cold water

Dry
60 min

Detergent Usage:

The HAVA dishwasher is compatible with all dishwasher-specific detergents, including pods, liquids, or powder. Add approximately 0.2–0.3 oz of detergent to the dispenser.

Loading Dishes:

The spacious interior is designed to accommodate up to 4 full place settings. It can fit dishes up to 11 inches when loaded at an angle. Utilize the specially designed dish tray and cutlery holder for optimal organization and cleaning.

Compact Size

Space-saving design for apartments and RV's

Image: Example of how to load dishes, cups, and cutlery into the dishwasher for maximum capacity.

Quiet Operation:

The dishwasher operates at a noise level of approximately 60 dB, comparable to a standard dishwasher, ensuring minimal disruption.

Dual Spray Arms & 360° Rinsing

Guaranteed sparkling finish thanks to pressurized hot water from 14 outlets on the spray arms.

Image: A visual representation of the dishwasher's low noise level during operation.

MAINTENANCE

Air-Drying Function:

The integrated air-drying function provides 60 minutes of hot air drying after most wash cycles (excluding Fruit mode) and an optional 72 hours of automatic ventilation. This helps to keep dishes dry, prevent water spots, and inhibit odor buildup.

Air Drying Function

Efficiently dries dishes with powerful air circulation

Image: A visual explanation of the air-drying function, showing air circulation within the unit.

Filter Cleaning:

Regularly clean the dishwasher's filter to ensure optimal performance and prevent food particle buildup. Refer to the user manual for detailed instructions on how to access and clean the filter.

TROUBLESHOOTING

Residual Water:

It is normal to find a small amount of residual water inside the unit. Each HAVA dishwasher undergoes rigorous quality testing by the manufacturer to ensure full functionality, and this may result in minor water residue.

Power Consumption for Off-Grid Use:

The HAVA Countertop Dishwasher operates at 950 W. If using the dishwasher in an RV or camper with an off-grid setup (e.g., solar battery system), be aware that it will draw significant power, especially during the water heating phase. It is recommended to use the dishwasher when connected to shore power or a robust power source to avoid quickly draining

batteries.

SPECIFICATIONS

Feature	Detail
Model Name	countertop dishwasher
Model Number	TDQR
Brand	HAVA
Installation Type	Countertop
Product Dimensions	16.8"D x 16.7"W x 18"H (42.8 x 42.5 x 45.8 cm)
