Member's Mark Bolster Pet Bed

Member's Mark Bolster Pet Bed Instruction Manual

Model: Bolster Pet Bed

1. PRODUCT OVERVIEW

This Member's Mark Bolster Pet Bed is designed for pets who enjoy curling up for a comfortable nap. The sleeping area features a soft, plush fabric for ultimate comfort. The bed's filling, a blend of shredded memory foam, provides firm and supportive cushioning. Reinforced bolster walls surround the sleeping area, offering a secure and cozy space for your pet to rest their head. Additionally, the sleeping surface is treated with Maxguard technology to help reduce odors, maintaining a fresher environment for your pet.

This image displays the Member's Mark Bolster Pet Bed. It features a soft, plush sleeping surface in a light brown or beige color, surrounded by raised, cushioned bolster sides. The base of the bed has a subtle patterned fabric in a darker brown shade.

2. SETUP

2.1 Unpacking and Initial Placement

1. Carefully remove the pet bed from its packaging.
2. Unroll or unfold the bed and place it in your desired location.
3. Allow the memory foam filling to expand fully. This may take a few hours to a day, depending on how compressed it was during shipping. Gently fluff the bolsters and sleeping area to help it regain its shape.
4. Ensure the bed is placed on a flat, stable surface away from direct heat sources or excessive moisture.

3. USAGE

3.1 Intended Use

The Member's Mark Bolster Pet Bed is designed to provide a comfortable and supportive resting place for your dog. Its bolster design is ideal for pets who enjoy nesting or resting their head on a raised surface. The memory foam blend filling conforms to your pet's body, offering pressure relief and support for joints.

3.2 Encouraging Use

- Place the bed in a quiet, comfortable area where your pet feels safe and secure.
- Introduce your pet to the bed with positive reinforcement, such as treats or praise.
- Place a familiar blanket or toy on the bed to make it more inviting.

4. MAINTENANCE

4.1 Care and Cleaning Instructions

Regular cleaning helps maintain the hygiene and longevity of your pet bed. The sleeping area is treated with Maxguard to help reduce odors, but periodic cleaning is still recommended.

- **Spot Cleaning:** For minor spills or stains, use a mild detergent and a damp cloth to gently clean the affected area. Blot dry thoroughly.
- **General Cleaning:** While specific machine wash instructions are not provided, it is generally recommended to spot clean the entire bed as needed. If the cover is removable (check for zippers, though not specified), machine wash the cover separately in cold water on a gentle cycle with a mild detergent. Tumble dry on low heat or air dry. **Do not wash the memory foam filling.**
- **Odor Control:** The Maxguard treatment assists in odor reduction. For additional freshness, you may periodically air out the bed in a well-ventilated area.
- **Vacuuming:** Regularly vacuum the bed surface to remove pet hair and loose debris.

5. TROUBLESHOOTING

5.1 Common Issues

- **Pet not using the bed:** Ensure the bed is placed in a quiet, comfortable location. Try placing a favorite toy or blanket on the bed. Positive reinforcement with treats can also encourage use.
- **Bed not fully expanding:** After unpacking, allow up to 24-48 hours for the memory foam filling to fully expand. Gentle fluffing can help.
- **Odor:** While treated with Maxguard, new product odors may be present initially. Air out the bed in a well-ventilated area. For pet odors, follow the cleaning instructions in Section 4.

6. SPECIFICATIONS

Feature	Detail
Brand	Member's Mark
Model Name	Bolster Pet Bed
ASIN	B091BC1MD4
Color	Brown (as per product title and image, specifications list "Multicolor" which may refer to variations)
