Yaheetech Ergonomic Swivel Office Chair

Model: YA-00103433

INTRODUCTION

Thank you for choosing the Yaheetech Ergonomic Swivel Office Chair. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new office chair. Please read this manual thoroughly before assembly and retain it for future reference.

Image: The Yaheetech Ergonomic Swivel Office Chair in white, featuring a high back, padded seat, and chrome base with five casters.

SAFETY INSTRUCTIONS

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the chair on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly to avoid damaging components.
- Keep children and pets away from the assembly area.
- This chair is designed for single-person use. Do not exceed the maximum weight capacity of 136 kg (300 lbs).
- Do not stand on the chair or use it as a step stool.
- Regularly check all bolts and screws to ensure they remain tight.
- Avoid exposing the chair to direct sunlight or extreme temperatures to prevent material degradation.

FEATURES

The Yaheetech Ergonomic Swivel Office Chair is designed for comfort and durability, featuring:

- **High Back Design:** Provides ample support for the back and neck.
- **Water-Repellent PU Leather:** Durable and easy to clean synthetic leather upholstery.
- **Foam-Filled Armrests:** Soft and comfortable armrests for added support.
- **Robust Gas Lift:** Ensures smooth and reliable height adjustment.
- **Smooth-Rolling Casters:** Allows for easy movement across various floor types.
- **Thick Seat Cushion:** High-density foam padding for enhanced seating comfort.

ASSEMBLY INSTRUCTIONS

Please follow these steps carefully for proper assembly. It is recommended to have two people for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface. Verify all parts are present according to the included parts list (not provided in this manual, refer to packaging).
2. **Assemble Base:** Insert the five casters into the holes at the end of each leg of the star base. Ensure they are securely seated.
3. **Install Gas Lift:** Place the gas lift cylinder into the center hole of the assembled star base.
4. **Attach Mechanism to Seat:** Align the seat mechanism with the pre-drilled holes on the underside of the seat cushion. Secure it using the provided screws. Ensure the front of the mechanism faces the front of the seat.
5. **Attach Armrests:** Secure the armrests to both the seat and the backrest using the provided screws. Ensure they are firmly attached.
6. **Connect Seat and Backrest:** Attach the backrest to the seat assembly, aligning the holes and securing with screws.
7. **Mount Seat Assembly to Gas Lift:** Carefully place the assembled seat and backrest onto the gas lift cylinder, ensuring the tapered end of the gas lift fits securely into the mechanism.

8. **Final Check:** Once assembled, sit on the chair to ensure all components are properly engaged and stable. Test all functions.

OPERATING INSTRUCTIONS

Your Yaheetech office chair offers several adjustable features for personalized comfort.

- **Height Adjustment:** To raise the seat, lift the lever on the right side of the chair while taking your weight off the seat. To lower the seat, lift the lever while seated. Release the lever at the desired height. The seat height can be adjusted from 47.5 cm to 55 cm.
- **Tilt Function:** The chair features a rocking function for relaxation. Pull the lever on the right side outwards to unlock the tilt mechanism. Push the lever inwards to lock the chair in an upright position (90 degrees). The tilt angle ranges from 90 to 110 degrees.
- **Tilt Tension Adjustment:** Rotate the round knob located under the seat, at the front of the mechanism, to adjust the tension of the tilt. Turn clockwise to increase tension (making it harder to recline) and counter-clockwise to decrease tension (making it easier to recline).
- **360-Degree Swivel:** The chair is designed to swivel freely 360 degrees, allowing for easy movement and access to your workspace.

ERGONOMIC DESIGN

This office chair is engineered with an ergonomic design to provide optimal support and comfort during long periods of sitting. It supports the natural curves of your body, promoting a healthy posture.

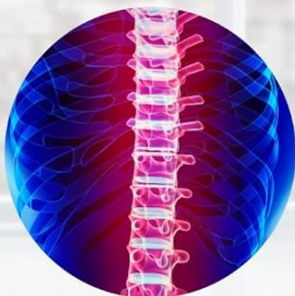

- **Headrest Support:** The high backrest provides support for the cervical spine.
- **Back Support:** Contoured backrest supports the natural curvature of your back.
- **Lumbar Support:** Integrated design provides proper support for the lumbar region, reducing strain.

MAINTENANCE

- **Cleaning:** For general cleaning, wipe the PU leather surface with a soft, damp cloth. For stubborn stains, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Caster Care:** Periodically clean the casters to remove dust, hair, and debris that may hinder smooth movement.
- **Hardware Check:** Every few months, check all screws and bolts to ensure they are tight. Retighten if necessary to maintain stability and safety.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the PU leather to fade or crack. Position the chair away from direct sunlight when possible.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|----------------------------------|--|---|
| Chair wobbles or feels unstable. | Loose screws or uneven assembly. | Check and tighten all assembly screws. Ensure the chair is on a flat, even surface. |
| Gas lift not adjusting height. | Gas lift not properly engaged or faulty. | Ensure the gas lift is fully inserted into the base and seat mechanism. If the issue persists, the gas lift may need replacement. |
| Casters not rolling smoothly. | Debris (hair, dust) caught in casters. | Turn the chair over and remove any debris from the caster wheels. |
| Chair makes squeaking noises. | Loose connections or friction between parts. | Tighten all screws. Apply a small amount of silicone lubricant to moving parts if necessary, avoiding contact with upholstery. |

SPECIFICATIONS
