Laptop

The ARZOPA monitor supports connection to a wide range of devices, including laptops, PCs, gaming consoles, and smartphones.

PANORAMIC SURROUND SOUND

With an enhanced Dual speakers system that plays everything in Dolby Atmos surround sound, you'll always feel like you're listening from the front row.

Dual Speaker

All Metal Body

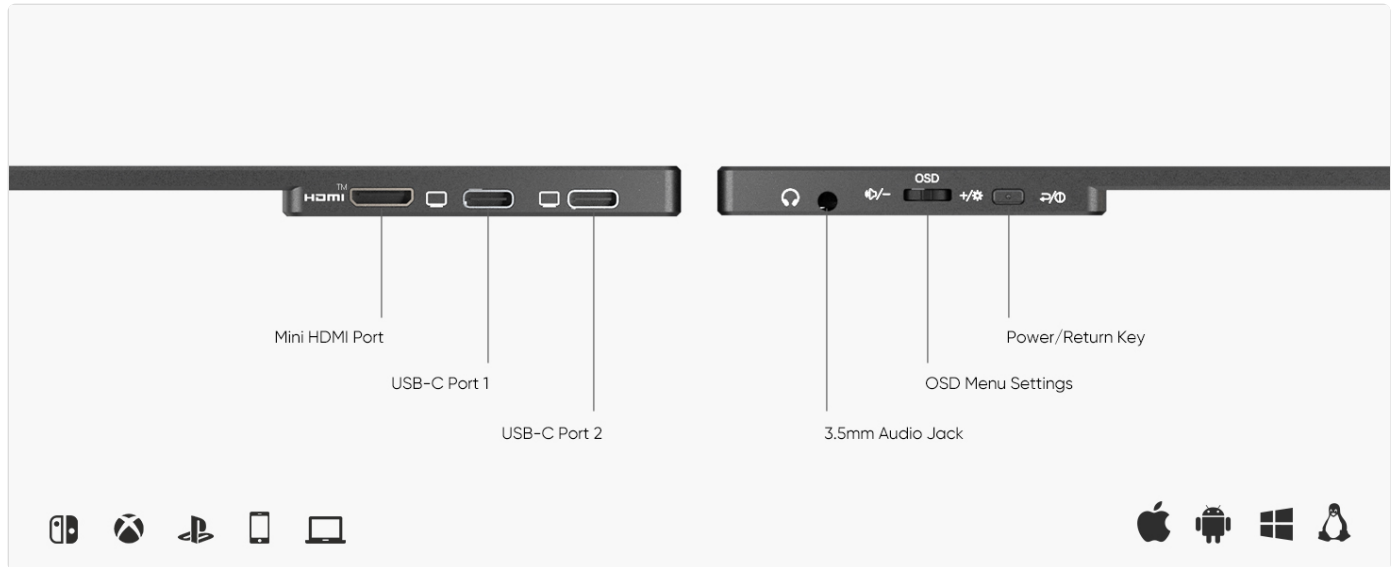

Experience enhanced audio with the monitor's built-in dual speakers, providing panoramic surround sound.

Connecting Your Monitor

The ARZOPA portable monitor offers flexible connection options:

- **USB Type-C Connection:** If your device has a full-featured USB-C port (supporting video output and power delivery), you can connect the monitor with a single USB-C to USB-C cable. This provides both video signal and power.
- **HDMI and USB-A Connection:** If your device does not have a full-featured USB-C port, connect the monitor using the Mini HDMI to HDMI cable for video, and a USB-C to USB-A cable for power.

Detailed view of the monitor's ports and controls for easy connection and operation.

Powering On

After connecting the necessary cables, press the Power/Return button located on the side of the monitor to turn it on. The monitor will automatically detect the input signal.

OPERATING INSTRUCTIONS

OSD Menu Navigation

The On-Screen Display (OSD) menu allows you to adjust various settings of your monitor. Use the buttons on the side of the monitor to navigate:

- **Brightness Adjustment/Up:** Increases brightness or navigates up in the menu.
- **OSD Menu:** Press to enter the OSD menu.
- **Volume Adjustment/Down:** Adjusts volume or navigates down in the menu.
- **Power/Return:** Turns the monitor on/off or acts as a return button in the OSD menu.

Display Modes

Depending on your operating system, you can configure the monitor to different display modes:

- **Duplicate Mode:** Mirrors the content of your primary display.
- **Extend Mode:** Extends your desktop, allowing you to have more screen space.
- **Second Screen Only Mode:** Displays content only on the portable monitor, turning off the primary display.

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your ARZOPA portable monitor, follow these care instructions:

- **Cleaning the Screen:** Use a soft, lint-free cloth slightly dampened with water or a non-abrasive screen cleaner. Do not spray liquid directly onto the screen.
- **Cleaning the Casing:** Wipe the casing with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the monitor in a cool, dry place, away from direct sunlight and extreme temperatures. Utilize the protective cover to prevent scratches and dust accumulation.
- **Handling:** Avoid dropping or subjecting the monitor to strong impacts. Do not place heavy objects on the monitor.

The image shows an ARZOPA portable monitor mounted on a black, adjustable stand. The monitor's screen displays a vibrant orange and yellow striped background with a woman in a blue shirt and sunglasses. The ARZOPA logo is visible on the bottom bezel of the monitor.

Upgraded Durable Quality and Magnetic Cover

Comes with a scratch-proof smart cover made of upgraded durable PU leather exterior, doubles as a more stable stand, provides comprehensive protection for this portable computer monitor.

**Bracket Mode**
The magnetic holster can be turned into a stand to hold the monitor in portrait or landscape mode.

**Protected Mode**
The stand can be turned into a protective case to protect monitor from dust and scratches

The monitor comes with a durable magnetic cover that doubles as a stand and provides protection.

TROUBLESHOOTING

If you encounter issues with your ARZOPA portable monitor, refer to the following common problems and solutions:

No Signal / Black Screen

- Ensure all cables (USB-C, HDMI) are securely connected to both the monitor and your device.
- Verify that the monitor is receiving sufficient power. If using HDMI, ensure a separate power source (e.g., USB-C power adapter) is connected.
- Check your device's display settings to ensure the external monitor is detected and enabled. Try pressing Windows Key + P (for Windows) or Command + F1 (for Mac) to cycle through display modes.
- Try connecting the monitor to a different device to rule out issues with the source device.

Image Quality Issues (Flickering, Blurry, Incorrect Colors)

- Adjust the brightness, contrast, and color settings through the OSD menu.
- Ensure your device's display resolution is set to 1920x1080 (Full HD) for optimal clarity.
- Check for any physical damage to the cables or ports.

No Audio from Speakers

- Increase the volume using the monitor's OSD controls or your connected device's volume settings.
- Ensure the audio output on your device is set to the ARZOPA monitor.
- If using HDMI, some devices may require manual selection of audio output to the HDMI port.
