2. WHAT'S IN THE BOX

- AULA F805 Wired Gaming Mouse
- User Manual

3. PRODUCT FEATURES

- **High-Precision Optical Performance:** Adjustable DPI range from 800 to 6400 DPI for smooth and accurate tracking. Features 12g acceleration and 32 inches/sec speed.
- **Ergonomic Design:** Crafted for right-handed users to reduce hand fatigue during extended use.
- **7 Programmable Buttons:** Strategically placed buttons for easy access to commands, enhancing productivity and gameplay.
- **Customizable RGB Illumination:** Adjustable lighting effects to personalize your setup.

- **Reliable Wired Connection:** USB 2.0 interface with a 1.5-meter durable cable ensures stable data transmission and a 125Hz polling rate.
- **Balanced Build:** Weighs 154g (including cable and counterweight) for a solid yet agile feel.

4. SETUP INSTRUCTIONS

1. **Connect the Mouse:** Plug the USB connector of the AULA F805 mouse into an available USB port on your computer.
2. **Driver Installation:** The mouse is plug-and-play. Your operating system (Windows XP/2000/7/8/10 or Mac) will automatically detect and install the necessary drivers. No additional software installation is required for basic functionality.
3. **Optional Software:** For advanced customization of buttons, macros, and RGB lighting, you may download the dedicated AULA F805 software from the official AULA website.

5. OPERATING INSTRUCTIONS

5.1 Button Functions

The AULA F805 mouse features 7 buttons for various functions:

Image 5.1: Button layout of the AULA F805 mouse.

1. **Left Button:** Standard left-click function.
2. **Right Button:** Standard right-click function.
3. **Scroll Wheel (Middle Button):** Scroll up/down, and click for middle-button function.
4. **Forward Button:** Navigates forward in web browsers or file explorers.
5. **Backward Button:** Navigates backward in web browsers or file explorers.
6. **DPI+ Button:** Increases the DPI sensitivity.
7. **DPI- Button:** Decreases the DPI sensitivity.

5.2 DPI Adjustment

The AULA F805 mouse offers 6 adjustable DPI levels: 800, 1600, 2400, 3200, 4800, and 6400 DPI. You can cycle through these settings using the DPI+ and DPI- buttons located on the top of the mouse, below the scroll wheel.

- Press the **DPI+** button to increase the DPI.
- Press the **DPI-** button to decrease the DPI.

5.4 Software Customization

For advanced users, the AULA F805 supports software customization. This software allows you to:

- Program all 7 buttons with custom functions or macros.
- Adjust DPI settings more precisely.
- Customize RGB lighting effects and colors.
- Create and save multiple profiles for different games or applications.

Refer to the software's interface for detailed instructions on its use. The software can typically be found on the official AULA support website.

6. MAINTENANCE

To ensure the longevity and optimal performance of your AULA F805 mouse, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the mouse. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals.
- **Sensor Cleaning:** Occasionally, use a cotton swab or compressed air to gently clean the optical sensor on the underside of the mouse to prevent tracking issues.
- **Cable Care:** Avoid sharply bending or pulling the USB cable. Store the mouse in a way that prevents the cable from being crimped or tangled.
- **Storage:** When not in use, store the mouse in a clean, dry environment away from extreme temperatures.

7. TROUBLESHOOTING

If you encounter issues with your AULA F805 mouse, refer to the following troubleshooting steps:

Problem	Possible Cause	Solution
Mouse not responding	Loose USB connection, faulty USB port, driver issue.	Try plugging the mouse into a different USB port. Restart your computer. Check Device Manager for driver status.
Inaccurate tracking or cursor jumps	Dirty optical sensor, unsuitable mouse pad surface, high DPI setting.	Clean the optical sensor. Use a clean, uniform mouse pad. Adjust DPI to a lower setting.
RGB lighting not working	Software settings, power issue.	Ensure the mouse is properly connected. If using software, check lighting settings.

Problem	Possible Cause	Solution
Buttons not functioning	Software remapping, hardware issue.	If using customization software, reset button assignments to default. Test on another computer if possible.

8. SPECIFICATIONS

Feature	Detail
Brand	AULA
Model	F805
Connectivity Technology	USB 2.0 Wired
Movement Detection	Optical
DPI Range	800-1600-2400-3200-4800-6400
Polling Rate	125Hz
