AULA F2066-I

AULA F2066 Mechanical Gaming Keyboard User Manual

Model: F2066-I

1. INTRODUCTION

Thank you for choosing the AULA F2066 Mechanical Gaming Keyboard. This manual provides detailed instructions on how to set up, operate, and maintain your keyboard to ensure optimal performance and longevity. The AULA F2066 features anti-ghosting technology, blue mechanical switches, LED backlighting, and macro programming capabilities, designed for an enhanced gaming and typing experience on PC and laptop systems.

2. PACKAGE CONTENTS

- AULA F2066 Mechanical Gaming Keyboard
- USB Cable
- User Manual (this document)

3. SETUP

3.1 Connecting the Keyboard

1. Locate an available USB port on your PC or laptop.
2. Connect the USB cable from the keyboard to the USB port on your computer.
3. The operating system (Windows 10 or compatible) will automatically detect and install the necessary drivers.

3.2 Software Installation (Optional)

For advanced customization, including macro programming and detailed lighting effects, you may need to install the dedicated AULA software. Please refer to the official AULA website for the latest software download.

Custom Programable function via Software

4. OPERATING INSTRUCTIONS

4.1 Basic Key Functions

The AULA F2066 is a full-sized mechanical keyboard with standard QWERTY layout and a numeric keypad. All keys function as standard keyboard keys unless modified by special functions or macro programming.

Smooth curved lines, satisfying visual beauty,
It also eliminates the tension caused by fierce
competitions and releases fingertip pressure

4.2 Multimedia Keys and Knob

The keyboard features dedicated multimedia keys and a multi-function knob for quick access to media controls and lighting adjustments.

- **M1, M2, M3 Buttons:** These are typically programmable macro keys or preset function keys.
- **Multimedia Controls:** Dedicated buttons for Previous Piece, Play/Pause, Next Track.
- **Knob:** This knob serves multiple functions depending on the active mode.

4.3 Knob Functionality

The knob has two primary modes: Game Mode and Multimedia Mode. Long press the knob button for more than 3 seconds to switch between modes.

- **Game Mode:** When in Game Mode, the knob button glows. Rotate the knob to adjust backlight brightness. Short press the knob to cycle through multiple lighting effects.
- **Multimedia Mode:** When in Multimedia Mode, the knob button does not shine. Rotate the knob to adjust the system volume. Short press the knob for one-key mute/unmute.

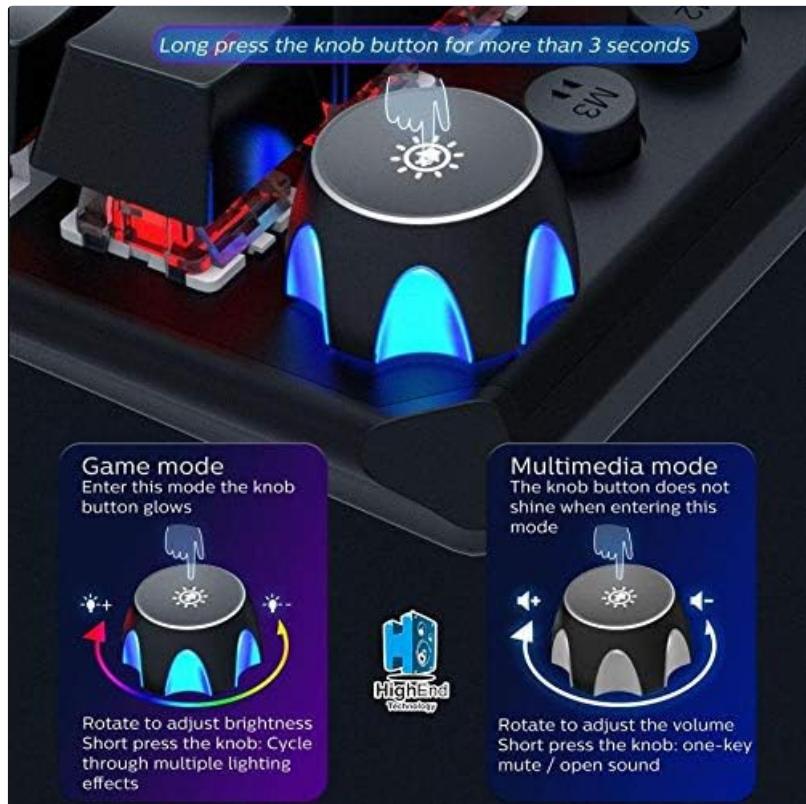

Image: A visual guide demonstrating how to switch between Game Mode and Multimedia Mode using the knob, and the respective functions of the knob in each mode (brightness/lighting effects vs. volume/mute).

4.4 Macro Programming

The AULA F2066 supports custom programmable functions via its software. This allows users to assign complex sequences of commands or single key functions to specific keys, enhancing productivity and gaming performance. Refer to the software's help section for detailed instructions on macro creation and assignment.

5. MAINTENANCE

5.1 Cleaning

- Disconnect the keyboard from your computer before cleaning.
- Use a soft, damp cloth to wipe the surface of the keyboard. Avoid harsh chemicals or abrasive materials.
- For cleaning between keycaps, use compressed air to remove dust and debris.

5.2 Storage

Store the keyboard in a dry, cool place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on the keyboard.

6. TROUBLESHOOTING

- **Keyboard not responding:** Ensure the USB cable is securely connected to both the keyboard and the computer. Try a different USB port.
- **Backlight not working:** Check if the backlight is turned off or set to minimum brightness using the knob or software.
- **Keys not registering or double-registering:** This could indicate a switch issue. Ensure the keyboard is clean and free of debris. If the problem persists, contact customer support.

- **Macro functions not working:** Verify that the AULA software is installed and the macros are correctly configured and saved to the keyboard's profile.

7. SPECIFICATIONS

Feature	Detail
Brand	AULA
