Gluckluz 20 LED Copper Wire Fairy Lights

Gluckluz 20 LED Copper Wire Fairy Lights User Manual

1. INTRODUCTION

Thank you for choosing Gluckluz 20 LED Copper Wire Fairy Lights. These versatile, battery-powered string lights are designed to add a warm white glow to your indoor and outdoor spaces. Featuring a flexible copper wire and waterproof design, they can be shaped and placed in various decorative arrangements.

2. SAFETY INFORMATION

- **Battery Safety:** Use only CR2032 batteries as specified. Ensure correct polarity when inserting batteries. Do not mix old and new batteries, or different types of batteries. Remove batteries if the product is not used for an extended period. Keep batteries out of reach of children.
- **Water Resistance:** The copper wire and LED lights are waterproof. However, the battery box is not fully submersible and should be protected from heavy rain or prolonged water exposure to ensure longevity.
- **Heat:** While LED lights generate minimal heat, avoid placing them near highly flammable materials.
- **Handling:** The copper wire is flexible but can be damaged if bent excessively or repeatedly at the same point. Handle with care.

3. PACKAGE CONTENTS

Your package should contain the following items:

- 8 x Gluckluz 20 LED Copper Wire Fairy Lights (each with an attached battery box)
- CR2032 Batteries (pre-installed or included separately for each light set)

4. SETUP

4.1 Battery Installation

1. Locate the small battery box attached to each string of lights.
2. Open the battery compartment cover. This usually involves sliding or gently prying open the cover.
3. Insert one CR2032 battery, ensuring the positive (+) side faces upwards.
4. Close the battery compartment cover securely.

Figure 4.1: Each set of fairy lights includes a compact battery box for power.

4.2 Placement and Shaping

The flexible copper wire allows for easy shaping and placement. Uncoil the lights carefully and arrange them as desired. The waterproof design permits both indoor and outdoor use.

5. OPERATING INSTRUCTIONS

5.1 Turning On/Off

Each battery box has a small switch. Slide the switch to the 'ON' position to illuminate the lights and to the 'OFF' position to turn them off.

5.2 Usage Examples

These fairy lights are suitable for a variety of decorative purposes:

- **Indoor Decor:** Wrap around furniture, plants, or place inside clear vases and jars.
- **Outdoor Decor:** Adorn bushes, fences, or use for patio lighting. Ensure the battery box is protected from direct heavy rain.
- **Event Decoration:** Ideal for weddings, parties, and holiday decorations.

6. MAINTENANCE

6.1 Battery Replacement

When the lights dim or stop working, it is time to replace the CR2032 battery in the battery box. Follow the battery installation steps in Section 4.1.

6.2 Cleaning and Storage

To clean the lights, gently wipe the copper wire and LEDs with a soft, dry cloth. Ensure the lights are off and batteries are removed if cleaning the battery box. When not in use, coil the lights neatly and store them in a cool, dry place away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

- **Lights do not turn on:**
 - Check if the switch on the battery box is in the 'ON' position.
 - Verify that the CR2032 battery is inserted correctly with the positive (+) side up.
 - Replace the battery with a new one.
- **Lights are dim:**
 - The battery may be low. Replace the CR2032 battery.
- **Some LEDs are not working:**
 - Inspect the copper wire for any visible damage or breaks.

8. SPECIFICATIONS
