# **CyberpowerPC Gamer Xtreme VR Gaming PC (GXiVR8080A22) Instruction Manual**

## **INTRODUCTION**

---

This manual provides essential information for the setup, operation, maintenance, and troubleshooting of your CyberpowerPC Gamer Xtreme VR Gaming PC, model GXiVR8080A22. Please read this manual thoroughly before using your new system to ensure optimal performance and longevity.

## SETUP

---

### 1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Verify that all items listed in the 'What's in the Box' section are present. Inspect the PC tower and peripherals for any signs of damage during transit. Remove any protective films or internal packaging materials from the PC tower, especially from inside the case.

### 2. Connecting Peripherals

Connect your monitor(s), keyboard, and mouse to the appropriate ports on the PC tower. The system includes a USB

gaming keyboard and an RGB 7-color gaming mouse. Monitors are not included and must be provided separately.

Figure 2: Top-mounted USB 3.0, audio, and power ports for convenient access.

#### **Monitor Connection:**

- Locate the NVIDIA GeForce RTX 3070 8GB Video Card ports on the rear of the PC.
- Connect your monitor(s) using the available 1x HDMI or 2x DisplayPort outputs.

#### **Keyboard and Mouse Connection:**

- Connect the included USB keyboard and mouse to any available USB 3.1 or USB 2.0 ports on the PC.

### **3. Power On**

Connect the power cord to the PC and a wall outlet. Press the power button located on the top front of the PC tower to turn on the system. The system will boot into Genuine Windows 10 Home 64-bit.

## OPERATING INSTRUCTIONS

---

### System Overview

Your CyberpowerPC Gamer Xtreme VR Gaming PC is equipped with high-performance components designed for demanding tasks such as high-definition video playback and gaming.

- **Processor:** Intel Core i9-11900KF 3.5GHz 8-Core
- **Chipset:** Intel Z590
- **RAM:** 16GB DDR4
- **Storage:** 1TB PCI-E NVMe SSD
- **Graphics:** NVIDIA GeForce RTX 3070 8GB Video Card
- **Operating System:** Genuine Windows 10 Home 64-bit

Figure 3: Internal view of the PC tower showcasing the liquid-cooled CPU, RAM, and GPU with custom RGB lighting.

### Keyboard and Mouse Features

The included keyboard features a responsive design with a tactile feel, suitable for gaming and typing. The mouse is a laser mouse with adjustable DPI settings and side navigation buttons for enhanced control.

- **Keyboard:** Features a volume control knob and backlit keys.
- **Mouse:** Includes navigation buttons on the side and two top buttons to adjust DPI settings, indicated by changing LED colors.

## RGB Lighting Control

The PC tower features custom RGB case lighting and liquid-cooled CPU with RGB. The included mouse also has RGB lighting. Refer to the system's pre-installed software or the keyboard/mouse documentation for specific instructions on customizing RGB effects.

## MAINTENANCE

---

### General Care

- Keep the PC in a well-ventilated area to prevent overheating.
- Avoid placing objects on top of the PC tower that may obstruct airflow.
- Protect the system from direct sunlight, excessive heat, and moisture.

### Cleaning

- Regularly clean dust from the exterior of the PC tower using a soft, dry cloth.
- Use compressed air to clear dust from fan vents and internal components periodically. Ensure the PC is powered off and unplugged before cleaning.

## TROUBLESHOOTING

---

If you encounter any issues with your CyberpowerPC Gamer Xtreme VR Gaming PC, please refer to the following general advice:

- **No Power:** Ensure the power cord is securely connected to both the PC and the wall outlet. Verify the power switch on the power supply unit (PSU) at the back of the PC is in the 'On' position.
- **No Display:** Confirm that your monitor(s) are correctly connected to the graphics card ports (HDMI or DisplayPort) and not the motherboard's integrated video ports. Check monitor power and input selection.
- **Peripheral Issues:** Try connecting the keyboard or mouse to different USB ports. Ensure drivers are up to date via Windows Update or the manufacturer's website.
- **System Performance:** Close unnecessary background applications. Ensure your graphics drivers and Windows are updated.

For persistent issues or advanced troubleshooting, please contact CyberpowerPC technical support.

## SPECIFICATIONS

---

Feature	Detail
Model Number	GXiVR8080A22
Processor	Intel Core i9-11900KF 3.5GHz 8-Core
