Signature Design by Ashley Next-Gen DuraPella Power Reclining Loveseat Instruction Manual

Model: 5930118

PRODUCT OVERVIEW

The Signature Design by Ashley Next-Gen DuraPella Power Reclining Loveseat is designed for enhanced comfort and convenience. This loveseat features a one-touch power control for reclining, an adjustable headrest, and an energy-efficient USB plug-in. Its durable, water-repellent DuraPella upholstery is suitable for active households. The zero-gravity mechanism allows the ottoman to lift higher than traditional recliners, promoting improved circulation.

SLATE

Key features of the loveseat, including the Easy View adjustable headrest, high-quality foam cushions, storage compartment, two cup holders, zero wall design, USB charging port, and power footrest.

SAFETY INFORMATION

Please read and understand all safety information before using this product.

- All foam and upholstered surfaces meet flammability standards.
- Keep away from open flames or high heat sources.
Supervise children and pets to avoid entrapment risks, especially during reclining operation.

SETUP

Your Signature Design by Ashley Power Reclining Loveseat arrives largely assembled, requiring minimal setup to begin use.

1. **Unpacking:** Carefully remove the loveseat from its packaging. Note that the product weighs approximately 233 pounds, so assistance is recommended for moving.
2. **Placement:** Position the loveseat in your desired location. Ensure there is adequate space behind the loveseat for reclining, as it features a zero-wall design that requires minimal clearance (approximately 6.5 inches from the wall). The loveseat is designed to fit through doorways 32 inches or wider.
3. **Connect Cables:** Locate and attach any necessary power cables. These typically connect the reclining mechanisms to the main power cord.
4. **Power Connection:** Plug the power cord into a standard electrical outlet.

The loveseat in a home environment, illustrating its compact design and how it fits into a living space.

OPERATING INSTRUCTIONS

The power reclining loveseat offers intuitive controls for personalized comfort.

- **Power Reclining:** Each seating position is equipped with a one-touch power control button located on the side of the armrest. Press and hold the button to recline to your desired position. Release the button to stop.
- **Adjustable Headrest:** The Easy View adjustable headrest can be moved forward and backward to provide optimal neck and head support in any reclining position. Use the dedicated controls on the power panel to adjust the headrest.
- **USB Charging Port:** An energy-efficient USB plug-in is integrated into the power control panel, allowing you to conveniently charge your electronic devices while relaxing.
- **Zero-Gravity Mechanism:** This feature lifts the ottoman higher than traditional recliners, which can help improve circulation and provide a more relaxed posture.

The power control panel, featuring buttons for reclining and headrest adjustment, along with a convenient USB charging port.

MAINTENANCE

Proper care will extend the life and appearance of your loveseat.

- **Cleaning:** For general cleaning, use a soft, dry cloth. For spills or stains, spot clean immediately using a mild, water-free cleaning solvent or a dry cleaning product. Always test a small, inconspicuous area first. Do not saturate the fabric.
- **Fabric Care:** The DuraPella upholstery is water-repellent and designed for low maintenance. Avoid harsh chemicals or abrasive cleaners, as these can damage the fabric.
- **Mechanism Care:** Periodically check all connections and fasteners to ensure they are secure. Avoid placing excessive weight on the footrest when extended.

The central console, which includes a hidden storage compartment and two integrated cup holders for convenience.

TROUBLESHOOTING

If you encounter issues with your power reclining loveseat, please refer to the following common solutions:

- **No Power/Reclining:**
 - Ensure the power cord is securely plugged into both the loveseat and a working electrical outlet.
 - Check if the outlet is functional by plugging in another device.
 - Verify that all internal cables connecting the motor and controls are properly attached.
- **Unusual Noises (Creaking):**
 - Minor creaking can occur with new furniture as components settle.
 - Ensure the loveseat is placed on a flat, even surface.
 - If noises persist or worsen, contact customer support.
- **Footrest Not Extending/Retracting Fully:**
 - Check for any obstructions under or around the footrest mechanism.
 - Ensure the power supply is stable.

For issues not resolved by these steps, please contact customer support.
