MAINTENANCE

To ensure the longevity and appearance of your Monopoly Surprise Collectible Tokens, follow these simple maintenance guidelines:

- **Cleaning:** Wipe tokens and coins gently with a soft, dry cloth to remove dust or fingerprints. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Storage:** Store collectibles in a cool, dry place away from direct sunlight and extreme temperatures to prevent discoloration or material degradation.
- **Handling:** Handle tokens and coins carefully to avoid scratches or damage.

TROUBLESHOOTING

These tokens are simple, non-electronic items, so troubleshooting is minimal. However, here are some common concerns and their solutions:

Problem	Solution
Duplicate Tokens Received	Due to the blind box nature, receiving duplicates is possible. Consider trading with other collectors or gifting them. The barcode on the back of the box may indicate the contents, which can help avoid duplicates if you are purchasing multiple boxes at once.
Token/Coin Appears Damaged	Inspect the item upon unboxing. If significantly damaged, contact the retailer or manufacturer for assistance.
Missing Checklist/Coin/Token	Ensure all contents are removed from the box. If an item is genuinely missing, contact the retailer or manufacturer.
