ALOGIC DX2

ALOGIC DX2 Dual 4K Display Universal Docking Station User Manual

Model: DX2

1. INTRODUCTION

The ALOGIC DX2 Dual 4K Display Universal Docking Station is designed to expand the connectivity of your laptop, providing a wide array of ports for peripherals, external displays, and power delivery. This manual provides detailed instructions for setting up, operating, and maintaining your docking station, ensuring optimal performance and compatibility with both Mac and Windows systems.

Image: The ALOGIC DX2 Dual 4K Display Universal Docking Station, showcasing its sleek design and various ports from both front and rear perspectives.

2. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- DX2 Docking Station
- 1 x USB-C Cable with USB-A Adapter for Connection to Computer
- 1 x 100W AC Power Adapter
- 1 x US Power Cord
- 1 x UK Power Cord
- 1 x EU Power Cord
- 1 x AU Power Cord
- 1 x User Manual

Image: All components included in the ALOGIC DX2 Docking Station package, neatly arranged.

3. PRODUCT FEATURES AND PORT LAYOUT

The DX2 docking station offers comprehensive connectivity:

- **Dual DisplayPort (DP1.4/DP++):** Connect two external displays for up to 4K@60Hz resolution.
- **USB-C 3.1 Gen 2 (10G) with BC 1.2 & Apple Charging Support** High-speed data transfer and fast charging for compatible devices.
- **USB-A 3.1 Gen 1 (5G) with BC 1.2 & Apple Charging Support** High-speed data transfer and charging.
- **2 x USB-A 3.1 Gen 1 (5G):** Additional ports for USB peripherals.
- **3.5mm TRRS Audio / Microphone Jack:** For headphones or headsets.
- **RJ45 Ethernet 1Gbps:** Stable wired network connection.
- **65W Laptop Charging:** Power delivery to your connected laptop.

EXPANDED CONNECTIVITY

HIGH-PERFORMANCE PORTS

Image: A clear diagram illustrating the location and function of each port on the ALOGIC DX2 Docking Station.

4. SETUP INSTRUCTIONS

Follow these steps to set up your ALOGIC DX2 Docking Station:

- 1. Connect Power:** Plug the provided 100W AC power adapter into the 'DC IN' port on the back of the docking station, then connect it to a wall outlet using the appropriate power cord for your region.
- 2. Connect to Laptop:** Use the included USB-C cable (with the attached USB-A adapter if your laptop only has USB-A ports) to connect the docking station to your laptop's USB-C or USB-A port.

3. **Connect Displays:** Connect your external monitors to the DisplayPort (DP1 and DP2) outputs on the back of the docking station using DisplayPort cables. The docking station supports up to two 4K@60Hz displays.
4. **Connect Peripherals:** Plug in your USB devices (keyboard, mouse, external drives) into the available USB-A and USB-C ports. Connect your Ethernet cable to the RJ45 port for a wired network connection.
5. **Connect Audio:** If desired, connect headphones or a headset to the 3.5mm audio jack on the front of the docking station.

HIGH SPEED DATA FASTER FILE TRANSFERS

Image: A laptop connected to the docking station, illustrating the power delivery capability of up to 65W.

LAPTOP CHARGING

UP TO 65W

Image: USB flash drives connected to the docking station, demonstrating high-speed data transfer capabilities up to 10 Gbps.

5. OPERATION

5.1 Display Configuration

The DX2 docking station supports dual 4K@60Hz external displays. Once connected, your operating system should automatically detect the displays. You can configure display settings (e.g., extend, mirror) through your computer's display settings:

- **Windows:** Right-click on the desktop, select 'Display settings'.

- **macOS:** Go to System Settings > Displays.

The docking station supports both mirrored and extended display modes for both USB-C and USB-A inputs.

Image: Visual representation of various multi-monitor configurations, including mirrored and extended modes for both USB-C and USB-A laptop inputs.

5.2 Power Delivery

The docking station provides up to 65W of power delivery to your connected laptop via the host connection. This allows for simultaneous charging of your laptop while using the dock's expanded connectivity. Note that power

delivery is only active when connected via USB-C. If using the USB-A adapter, your laptop will require its own power supply.

5.3 Data Transfer

Utilize the USB-C 3.1 Gen 2 (10Gbps) and USB-A 3.1 Gen 1 (5Gbps) ports for high-speed data transfer with external storage devices, ensuring quick file transfers and efficient workflow.

5.4 Audio and Ethernet

The 3.5mm TRRS audio jack supports both audio output and microphone input, ideal for video conferencing or multimedia. The Gigabit Ethernet port provides a stable and fast wired internet connection, which is often more reliable than Wi-Fi.

6. COMPATIBILITY

The ALOGIC DX2 Docking Station is universally compatible with a wide range of operating systems and devices:

- **Operating Systems:** Mac (Apple), iPad OS (Apple), Windows (Microsoft), Chrome OS (Google).
- **Host Connection:** The included universal host cable with a USB-C to USB-A adapter ensures compatibility with both USB-C and traditional USB-A laptops.

Image: The ALOGIC DX2 Docking Station demonstrating universal compatibility with Windows, Mac, and Chromebook computers.

UNIVERSAL COMPATIBILITY

FOR ALL COMPUTERS

Image: An M1 Mac laptop connected to dual external displays through the ALOGIC DX2 Docking Station, highlighting its dual display capability for M1 Macs.

7. MAINTENANCE

To ensure the longevity and optimal performance of your docking station, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the exterior of the docking station. Avoid using liquid cleaners or aerosols.
- **Storage:** Store the docking station in a cool, dry place away from direct sunlight and extreme temperatures.

- **Handling:** Avoid dropping the device or subjecting it to strong impacts. Do not attempt to disassemble the unit.
- **Ventilation:** Ensure the docking station has adequate ventilation to prevent overheating. Do not block any ventilation openings.

8. TROUBLESHOOTING

If you encounter issues with your ALOGIC DX2 Docking Station, refer to the following common solutions:

- **No Display Output:**
 - Ensure the docking station is powered on and the power LED is illuminated.
 - Verify that the host cable is securely connected to both the docking station and your laptop.
 - Check that display cables are firmly connected to both the docking station and the monitors.
 - Try restarting your laptop and the docking station (unplug and replug power).
 - For macOS users, ensure DisplayLink drivers are installed and screen recording permissions are granted if required by your macOS version.
- **Laptop Not Charging:**
 - Confirm your laptop is connected via the USB-C host port. Power delivery is not supported when connected via USB-A.
 - Ensure the docking station's power adapter is correctly connected and receiving power.
 - Verify your laptop supports USB-C Power Delivery.
- **USB Devices Not Recognized:**
 - Try connecting the USB device to a different port on the docking station.
 - Connect the USB device directly to your laptop to confirm it is functional.
 - Ensure the docking station is properly connected to your laptop.
- **Ethernet Connection Issues:**
 - Check the Ethernet cable connection at both the docking station and your router/modem.
 - Verify network settings on your computer.

9. TECHNICAL SPECIFICATIONS

Feature	Specification
Brand	ALOGIC
Model Number	DX2
Hardware Platform	Google Chromebook, Notebook
Operating System Compatibility	Mac (Apple), iPad OS (Apple), Windows (Microsoft), Chrome OS (Google)
Item Weight	1.18 pounds (535 Grams)
Product Dimensions	10.5 x 6 x 3.5 inches (3.54"L x 7.48"W x 0.26"H)
Color	Space grey and Black

Feature	Specification
Hardware Interface	DisplayPort, Ethernet, USB Docking Station, USB Type C
Total USB Ports	5
Number of Ports	11 (functional ports)
Wattage (Power Delivery)	65W
Display Output	Dual 4K@60Hz via DisplayPort
USB-C Data Port	1 x USB-C 3.1 Gen 2 (10G) with BC 1.2 & Apple Charging Support
USB-A Data Ports	1 x USB-A 3.1 Gen 1 (5G) with BC 1.2 & Apple Charging Support, 2 x USB-A 3.1 Gen 1 (5G)
Audio Port	1 x 3.5mm TRRS Audio / Microphone Jack
Ethernet Port	1 x RJ45 Ethernet 1Gbps

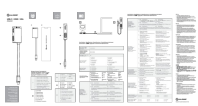

10. WARRANTY AND SUPPORT

ALOGIC provides a **2-year warranty** for the DX2 Dual 4K Display Universal Docking Station. This warranty covers defects in materials and workmanship under normal use. For technical support or warranty claims, please contact ALOGIC customer service. ALOGIC is committed to providing quick responses to product issues.

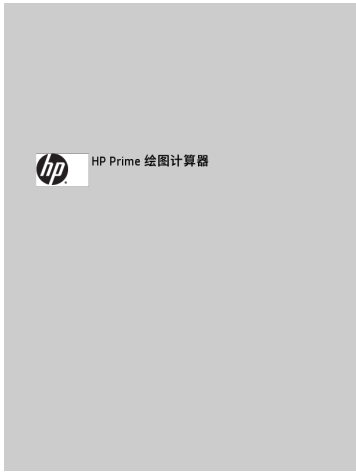

For more information and support resources, visit the official ALOGIC store:[ALOGIC Store on Amazon](#).
