Loftie LOFTIE-CLOCK

Loftie Alarm Clock with Sound Machine Instruction Manual

Model: LOFTIE-CLOCK

1. INTRODUCTION

The Loftie Alarm Clock is designed to enhance your sleep and wake-up experience by integrating a smart alarm, sound machine, and night light into one device. This manual provides detailed instructions for setting up, operating, and maintaining your Loftie device.

Figure 1: Loftie Alarm Clock Displaying 7:35 AM

The Loftie Alarm Clock features a two-phase alarm system, over 100 built-in sleep sounds, Bluetooth speaker functionality, and a gentle nightlight. It is designed to reduce reliance on smartphones for sleep-related functions.

Figure 2: Loftie Features Overview

2. SETUP

Initial setup of your Loftie Alarm Clock requires the Loftie app, a 2.4 GHz Wi-Fi connection, and Bluetooth. Follow these steps to get started:

1. **Download the Loftie App:** Download the official Loftie app from the iOS App Store or Google Play Store on your smartphone.

2. **Power On:** Connect your Loftie Alarm Clock to a power source using the provided adapter.

3. **Pair with App:** Open the Loftie app and follow the on-screen instructions to pair your device. Ensure your smartphone's Bluetooth is enabled.

4. **Connect to Wi-Fi:** The app will guide you through connecting your Loftie to your home's 2.4 GHz Wi-Fi network. A stable Wi-Fi connection is essential for initial setup and software updates.

5. **Time Synchronization:** Once connected, the Loftie will automatically synchronize its time.

6. **Optional Offline Mode:** After successful setup and time synchronization, you can enable Offline Mode through

the app if you prefer to use the clock without a continuous Wi-Fi connection. The clock will retain its settings and alarms.

3. OPERATING INSTRUCTIONS

3.1. Device Controls

The Loftie Alarm Clock features intuitive physical buttons on its top surface for direct control.

Navigating the Loftie Clock

Arrow Buttons

Navigate menu.
Hold to adjust volume.

Snooze Button

Turns nightlight on and off.
Hold to blackout display.

Select Button

Turns off alarm.
Pause and play audio.

Figure 4: Navigating the Loftie Clock Controls

- **Snooze Button:** Press once to turn the nightlight on or off. Hold down to activate the blackout display mode, which turns off the screen and light while keeping alarms active.

> " Whether it's the night-light, the snooze button, or the sound of the alarm tones, every detail feels like it's been refined to reinforce a state of calm. "

3.2. Alarms

The Loftie Alarm Clock utilizes a two-phase alarm system for a gentle wake-up experience:

- **Phase 1 (Gentle Chime):** A soft, soothing sound begins to gently rouse you from sleep.

- **Phase 2 (Louder Tone):** After a set interval, a louder, more persistent tone activates to ensure you are fully awake.

You can adjust the alarm volume, display brightness, and select from various alarm sounds directly on the clock or through the Loftie app. The Blackout Mode feature allows the screen and light to remain off while the alarm functions normally, ideal for those who prefer a completely dark room.

Goodbye jarring phone alarms

Wake up refreshed with soothing tones that mimic your body's natural process.

Figure 8: Gentle Wake-up Experience

Figure 9: Loftie Sleep Routine Overview

3.3. Sound Machine

The Loftie Alarm Clock includes a built-in sound machine with over 100 sleep sounds. These include white noise, nature sounds, and guided meditations, all available without a subscription. You can select and play these sounds to aid in relaxation and sleep.

How Loftie Clock Compares

	Loftie Clock	Other Smart Alarm Clocks	Phone Alarms
Wakes you up gently	✓	✓	✗
Two Phase Alarm	✓	✗	✗
On device display	✓	✗	✓
No wifi mode	✓	✗	✓
Bluetooth speaker	✓	✗	✗
All controls on device	✓	✗	✓
100+ Sounds & tracks included	✓	✗	✗

3.4. Bluetooth Speaker

The device functions as a Bluetooth speaker, allowing you to stream audio from your smartphone or other Bluetooth-enabled devices. Please note that the Loftie Alarm Clock does not support headphone jacks.

Snooze Button
Press once to turn nightlight on and off.
Hold to blackout display.

Figure 11: Optimized Speaker for Sleep

3.5. Nightlight

A warm and gentle nightlight is integrated into the Loftie Alarm Clock. This light can be turned on or off with a press of the Snooze button and can also be synchronized with your alarms for a gradual wake-up illumination.

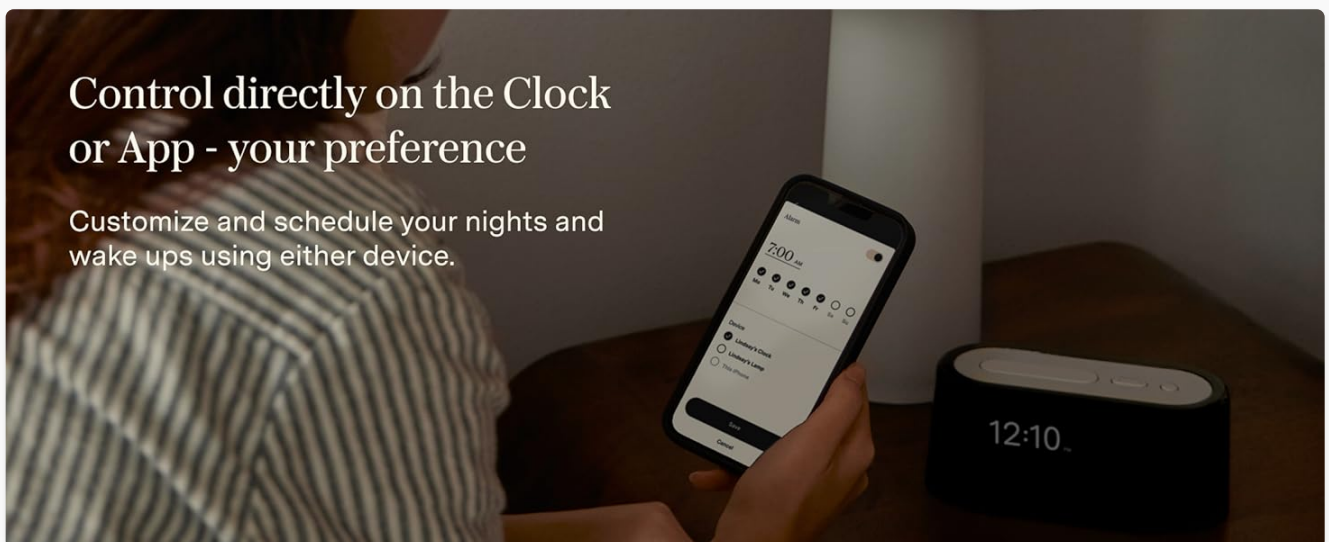

Control directly on the Clock or App - your preference

Customize and schedule your nights and wake ups using either device.

Figure 12: Integrated Nightlight

3.6. Display

The digital display is dimmable, allowing you to adjust its brightness to your preference. It shows the current time, upcoming alarms, and provides access to all Loftie features without needing the app.

How our customers feel after using the Loftie Clock

81%
Enjoy their mornings more

70%
Have more energy
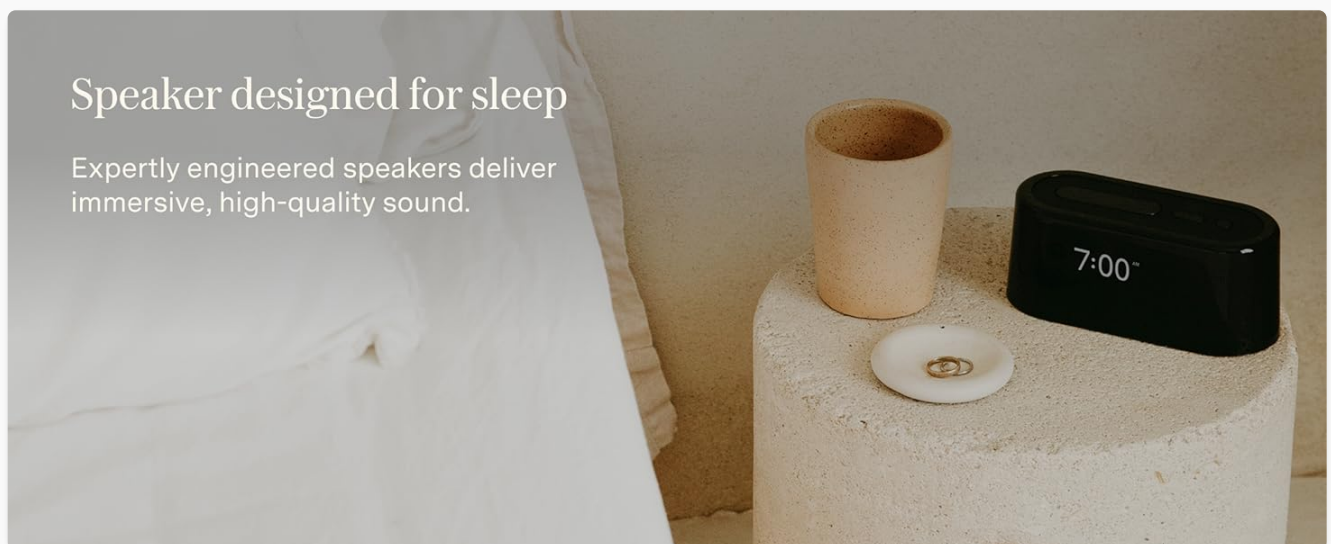

59%
Reduced their screentime

This little clock has changed my sleeping pattern and has made me feel much more grounded than before.
— Mathew R

4. Maintenance

To ensure the longevity and optimal performance of your Loftie Alarm Clock, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the exterior of the device with a soft, dry, or slightly damp cloth. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Placement:** Place the Loftie on a stable, flat surface away from direct sunlight, excessive heat, or moisture. Ensure adequate ventilation around the device.
- **Power:** Use only the power adapter provided with your Loftie Alarm Clock.

5. Troubleshooting

If you encounter issues with your Loftie Alarm Clock, refer to the following troubleshooting tips:

- **Device Not Powering On:**

  - Ensure the power adapter is securely plugged into both the device and a working electrical outlet.
  - Try a different outlet to rule out power source issues.

- **Wi-Fi Disconnection or Inability to Connect:**

  - Verify that your Wi-Fi network is 2.4 GHz. Loftie devices are not compatible with 5 GHz networks.
  - Check your Wi-Fi router to ensure it is functioning correctly.
  - Restart your Loftie device by unplugging it for 10 seconds and then plugging it back in.
  - Re-attempt the Wi-Fi setup process through the Loftie app.
  - Ensure your Loftie is within range of your Wi-Fi router.

- **Alarms Not Sounding:**

  - Check the alarm settings in the Loftie app or directly on the device to ensure alarms are enabled and set for the correct time.
  - Verify the alarm volume is not set to zero.
  - If using Blackout Mode, ensure the alarm is still active.

- **Bluetooth Pairing Issues:**

  - Ensure Bluetooth is enabled on your smartphone or audio source.
  - Place the Loftie device and your audio source in close proximity during pairing.
  - Forget the Loftie device from your phone's Bluetooth settings and attempt to pair again.

- **Display Not Responding or Frozen:**

  - Perform a soft reset by unplugging the device for 10 seconds and then plugging it back in.
  - If the issue persists, contact Loftie support.
