## Eono S3

# Eono Eonoheadphone 1 Wireless Active Noise Cancelling Headphones User Manual

Model: S3

## 1. INTRODUCTION

---

Thank you for choosing the Eono Eonoheadphone 1 Wireless Active Noise Cancelling Headphones. This manual provides essential information for setting up, operating, and maintaining your headphones. Please read it carefully before use.

### Package Contents

- Eono Eonoheadphone 1 Wireless ANC Headphones
- USB-C Charging Cable
- 3.5mm Audio Cable (AUX)
- Hard Carrying Case
- User Manual

Image: Eono Eonoheadphone 1 headphones and included accessories.

## 2. PRODUCT OVERVIEW

---

The Eono Eonoheadphone 1 features a lightweight, comfortable design with advanced audio technology.

### Microphone Placement

## Hybrid Active Noise Cancelling

**4** microphones pick up and filter out irritating noises like traffic and airplane engines for a purer listening experience.

Image: Diagram illustrating the placement of ANC microphones (1, 2, 3, 4) and the Call Microphone (5) on the headphones.

- **ANC Mics (1, 2, 3, 4):** Four microphones are strategically placed to detect and filter out ambient noise for effective Active Noise Cancellation.
- **Call Mic (5):** Dedicated microphone for clear voice calls.

### Comfort and Design

## Pressure-Free **Comfort**

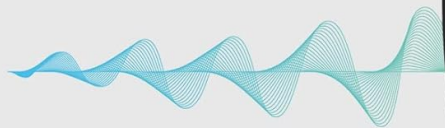

---

Eonoheadphone 1 ultra-soft protein leather earcups with memory foam padding fit snugly over your ears, while the lightweight build ensures they sit comfortably in place for long listening sessions.

Image: Close-up of the ultra-soft protein leather earcups with memory foam padding.

The Eonoheadphone 1 features ultra-soft protein leather earcups with memory foam padding designed to fit snugly over your ears, providing comfort during extended listening sessions. The lightweight construction further enhances wearability.

### **Audio Quality**

## 40mm drivers

The highly-flexible silk diaphragms reproduce thumping bass and crisp treble that extends up to 40kHz for improved clarity.

Image: Illustration of sound waves from a 40mm driver.

Equipped with 40mm dynamic drivers and highly flexible silk diaphragms, these headphones reproduce rich bass and crisp treble, extending up to 40 kHz for enhanced audio clarity.

## 3. SETUP

### Charging the Headphones

Before first use, fully charge your headphones. Use the provided USB-C cable to connect the headphones to a compatible USB power source.

#### Quick Charge\*

With ANC turned-off, a single charge brings you up to 60-hour listening, or 40-hour listening with ANC turn-on. You can enjoy your favourite music even on a long trip.

 **40 hours**  
in noise cancelling mode

 **60 hours**  
in normal mode

 **60 mins**  
fully Charged

 **10 mins**  
Quick Charge

Image: Quick charge and battery life information.

- A full charge takes approximately **60 minutes**.
- A **10-minute quick charge** provides up to 5 hours of playback.
- Battery life: Up to **40 hours** with Active Noise Cancellation (ANC) enabled, or up to **60 hours** in normal mode.

## Bluetooth Pairing

The Eonoheadphone 1 uses Bluetooth 5.2 for stable wireless connectivity.

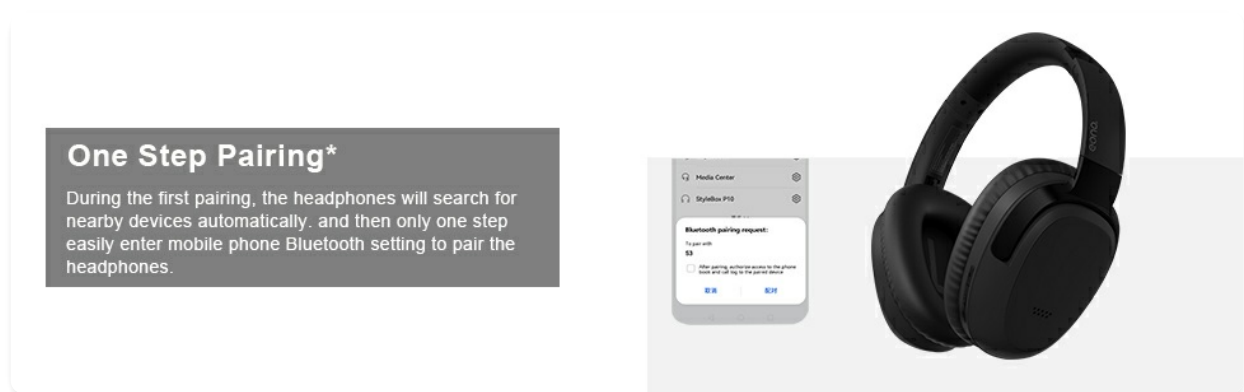

Image: Example of a Bluetooth pairing request on a mobile device.

1. **Power On:** Press and hold the Power button on the headphones until the indicator light flashes, indicating pairing mode.
2. **Enable Bluetooth:** On your device (smartphone, tablet, computer), enable Bluetooth.
3. **Select Headphones:** In your device's Bluetooth settings, select "Eonoheadphone 1" from the list of available devices.
4. **Confirm Connection:** Once connected, the indicator light on the headphones will change, and you may hear an audio prompt.

## Multipoint Connection

Image: Headphones connected to two devices simultaneously.

The Eonoheadphone 1 can connect to two devices simultaneously. This allows you to seamlessly switch between listening to music on one device and taking calls on another without re-pairing.

## 4. OPERATING INSTRUCTIONS

---

### Power On/Off

- **To Power On:** Press and hold the Power button for approximately 3 seconds.
- **To Power Off:** Press and hold the Power button for approximately 5 seconds.

### Active Noise Cancellation (ANC) Modes

The headphones offer multiple noise control modes to adapt to your environment.

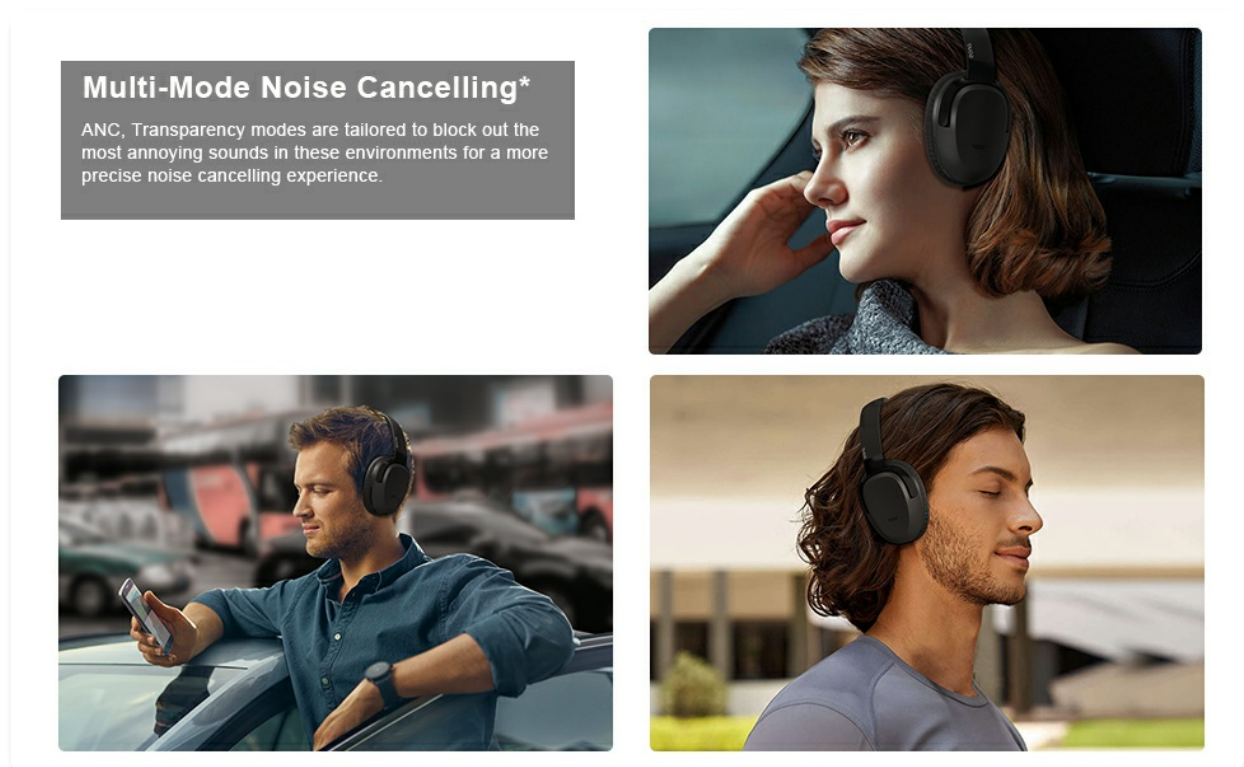

Image: Visual representation of different noise cancelling modes in various settings.

- **ANC Mode:** Activates active noise cancellation, reducing up to 95% of low-frequency ambient noise. Ideal for travel or noisy environments.
- **Normal Mode:** Standard audio playback without active noise cancellation.
- **Transparency Mode:** Allows ambient sounds to pass through, enabling you to hear your surroundings while listening to audio. Useful for awareness in urban environments.

To switch between modes, press the dedicated ANC button on the headphones. An audio prompt will indicate the current mode.

## Music and Call Controls

The headphones feature intuitive controls for managing your audio and calls. Refer to the physical buttons on the earcups for specific functions:

- **Volume Up/Down:** Adjust audio volume.
- **Play/Pause:** Single press the multi-function button.
- **Next Track:** Double press the multi-function button.
- **Previous Track:** Triple press the multi-function button.
- **Answer/End Call:** Single press the multi-function button during an incoming call or active call.
- **Reject Call:** Press and hold the multi-function button during an incoming call.

## 5. MAINTENANCE

---

### Cleaning

To maintain the condition of your headphones:

- Wipe the earcups and headband with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents.

- Do not immerse the headphones in water. While water-resistant, they are not designed for submersion.

## Storage

The Eonoheadphone 1 features a foldable design for convenient storage and portability.

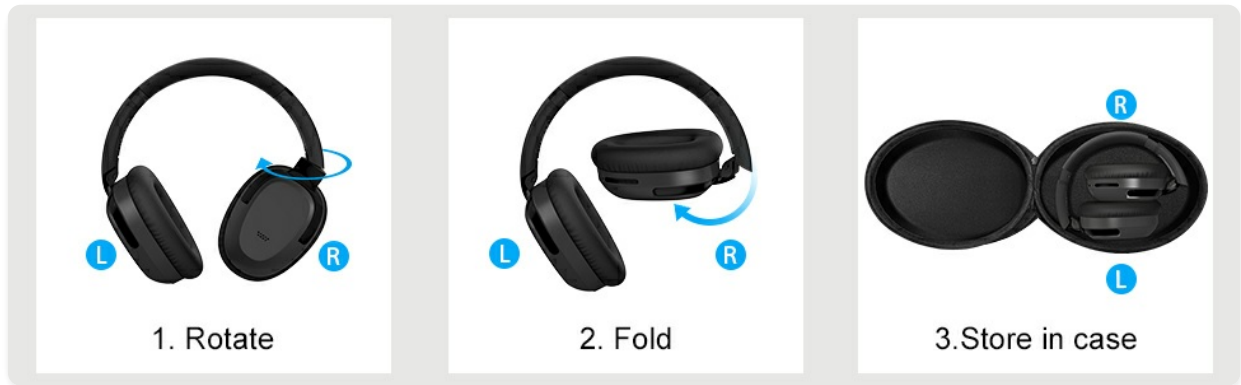

Image: Instructions for folding and storing the headphones in the carrying case.

1. Rotate the earcups flat.
2. Fold the headphones inward.
3. Place them in the provided hard carrying case to protect them from damage.

## 6. TROUBLESHOOTING

If you encounter issues with your Eono Eonoheadphone 1, refer to the following common solutions:

- **No Power:** Ensure the headphones are charged. Connect them to a power source using the USB-C cable.
- **Cannot Pair:** Make sure Bluetooth is enabled on your device and the headphones are in pairing mode. Try turning Bluetooth off and on again on your device, or restart both devices.
- **No Sound:** Check the volume levels on both the headphones and your connected device. Ensure the headphones are correctly paired. If using a wired connection, ensure the 3.5mm audio cable is fully inserted into both the headphones and the audio source.
- **Poor Sound Quality:** Ensure there are no obstructions between the headphones and your device. Move closer to your device to improve signal strength. Check if the audio source quality is high.
- **ANC Not Working Effectively:** Ensure the earcups form a good seal around your ears. Some high-frequency or sudden noises may not be fully cancelled.
- **Microphone Issues:** Ensure the headphones are connected and selected as the input device on your computer or smartphone. Check for any mute functions on your device.

## 7. SPECIFICATIONS

<b>Model Number</b>	S3
<b>Brand</b>	Eono
<b>Dimensions (Product)</b>	16 x 7.2 x 14.8 cm
<b>Weight (Product)</b>	410 g
<b>Color</b>	Black
<b>Ear Placement</b>	Over-ear
<b>Impedance</b>	16 Ohms

<b>Noise Control</b>	Active Noise Cancellation
