MAINTENANCE

To ensure the longevity and optimal condition of your Bandai DX Twokaio Twokairikki Twokaikattana Set, follow these maintenance guidelines:

- **Cleaning:** Wipe the figures gently with a dry, soft cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals, abrasive cleaners, or excessive moisture.
- **Storage:** Store the figures in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to sunlight can cause discoloration, and extreme temperatures can affect the plastic material.
- **Handling:** Handle the figures with care, especially during transformations, to avoid stressing joints or breaking small parts.

TROUBLESHOOTING

If you encounter any issues with your product, please refer to the following common solutions:

- **Parts not fitting:** Ensure you are following the correct transformation sequence. Do not force parts. Check for any obstructions or misalignments.
- **Loose joints:** Over time, some joints may become slightly loose with repeated use. This is normal wear and tear for action figures.
- **Missing parts:** Refer to the "Package Contents" section. If a part is genuinely missing upon unboxing, contact customer support immediately.
