STARLEAD SLD017M10070

STARLEAD LED Bathroom Mirror User Manual

Model: SLD017M10070

PRODUCT OVERVIEW

The STARLEAD LED Bathroom Mirror is designed to enhance your bathroom experience with its advanced features and elegant design. This mirror offers adjustable lighting, anti-fog functionality, integrated Bluetooth speakers, and a durable tempered glass construction.

Figure 1: STARLEAD LED Bathroom Mirror (100x70cm)

Key Features:

- **Adjustable Color Temperature & Dimmable:** Choose from 3000K (warm), 4000K (natural), and 6500K (cold white) light. Brightness is continuously dimmable from 5% to 100%.
- **Bluetooth Connectivity:** Integrated dual Bluetooth speakers allow you to stream audio from your devices.
- **Anti-Fog Function:** Quickly clears condensation for a clear reflection.
- **Memory Function:** Remembers your last lighting settings after power off.
- **Durable Construction:** Made with HD tempered glass, 5 times stronger than ordinary glass, shatter-resistant and safe.
- **Flexible Installation:** Supports both horizontal and vertical mounting.
- **Wall Switch Compatibility:** Can be hardwired for control via a wall switch.

SAFETY INFORMATION

- Always disconnect power before installation or maintenance.
- Installation should be performed by a qualified electrician if hardwiring to a wall switch.
- Do not use abrasive cleaners on the mirror surface.
- Ensure the mirror is securely mounted to the wall to prevent falling.
- The mirror is IP44 rated for bathroom use, but avoid direct water spray on electrical components.

PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- STARLEAD LED Bathroom Mirror
- Installation Kit (screws, wall anchors)
- Instruction Manual

SETUP AND INSTALLATION

This mirror can be installed horizontally or vertically. Professional installation is recommended for hardwired connections.

Tools Required (Not Included):

- Drill
- Measuring Tape
- Pencil
- Level

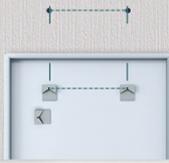

Installation Steps:

1. **Measure and Mark:** Measure the distance between the two hooks on the back of the mirror. Mark the corresponding drilling points on the wall using a pencil and level.

Einfacher Einbau

Schritt 1:

Messen Sie den Abstand zwischen den beiden Haken auf der Rückseite des Spiegels und bohren Sie Löcher in die Wand.

Schritt 2:

Bohren Sie Schrauben in die Löcher und hängen Sie den Spiegel auf.

Figure 3: Measuring and Marking for Installation

2. **Drill Holes:** Drill holes at the marked points. Insert wall anchors if necessary.
3. **Install Screws:** Insert screws into the drilled holes, leaving a small portion exposed for hanging.
4. **Wire Connection (Optional Hardwire):** If connecting to a wall switch, ensure power is off. Connect the mirror's wiring to the wall's electrical wiring inside an IP44 waterproof junction box. This step should be performed by a professional electrician.

Figure 4: Wall Switch and Junction Box Connection

Figure 5: Wall Switch Connection Diagram

- Hang the Mirror:** Carefully lift the mirror and align the hooks on the back with the installed screws. Gently lower the mirror until it is securely seated.

Mounting Orientation:

The mirror supports both horizontal and vertical mounting to suit your space.

OPERATING INSTRUCTIONS

The mirror features touch-sensitive controls for various functions.

Power On/Off and Lighting Control:

- **Short Press:** Briefly touch the light button to cycle through 3 color temperatures: 3000K (Warm), 4000K (Natural), and 6500K (Cold White).
- **Long Press:** Press and hold the light button for 3 seconds to continuously adjust the brightness from 5% to 100%.
- **Memory Function:** The mirror will remember your last brightness and color temperature setting when powered off and on again.

Anti-Fog Function:

- Touch the anti-fog button to activate the defogging function.
- It is recommended to activate the anti-fog function 5 minutes before showering for optimal results.

Figure 12: Anti-Fog Activation

Figure 13: Defogging Performance

Bluetooth Connectivity:

- Activate Bluetooth on your mobile device.
- Search for "STARLEAD Mirror" (or similar name) in your device's Bluetooth settings.
- Pair your device with the mirror. Once connected, you can stream audio through the integrated speakers.

MAINTENANCE AND CARE

- **Cleaning:** Use a soft, damp cloth with a mild glass cleaner to clean the mirror surface. Avoid abrasive cleaners or harsh chemicals that may damage the glass or frame.
- **Dusting:** Regularly dust the mirror and frame with a dry, soft cloth.
- **Electrical Components:** Ensure all electrical connections are dry and free from moisture. Do not spray water

directly onto the mirror's electrical components.

- **Anti-Scratch Film:** Remove the anti-scratch film from the mirror surface after installation.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mirror lights do not turn on.	No power supply; loose connection; faulty wall switch.	Check power outlet/circuit breaker. Ensure all wires are securely connected. Test wall switch if applicable. Consult a professional electrician.
Anti-fog function not working.	Anti-fog function not activated; electrical issue.	Ensure the anti-fog button is pressed. Check power supply to the mirror.
Bluetooth not connecting.	Bluetooth not enabled on device; mirror not in pairing mode; interference.	Ensure Bluetooth is enabled on your device. Try restarting both the mirror (by cycling power) and your device. Move closer to the mirror.
Light brightness or color temperature cannot be adjusted.	Incorrect button press; internal malfunction.	Ensure you are using a short press for color temperature and a long press for brightness. If problem persists, contact customer support.
