WHAT'S INCLUDED

Each aotipol Building Blocks set contains the following components:

- **75 Square Bricks (2x2 pegs):** These smaller bricks are ideal for detailed building and adding intricate elements to creations.
- **25 Rectangle Bricks (2x4 pegs):** Larger bricks provide stability and allow for quicker construction of bigger structures.
- **1 Baseplate (10x10 inches):** A sturdy green baseplate serves as a foundation for building, ensuring creations remain stable during play and display.

SETUP

To begin building, simply place the green baseplate on a flat, stable surface. The blocks are designed for easy connection and a tight fit, ensuring your child's creations remain secure. They are universally compatible with other major building block brands, allowing for expanded play possibilities.

OPERATING INSTRUCTIONS

Encourage your child to explore and build freely with the aotipol blocks. The varying sizes and vibrant colors promote learning through play, helping children recognize colors and shapes while developing fine motor skills and spatial reasoning. The tight fit ensures creations are stable, allowing for complex structures.

- **Building:** Connect the blocks by aligning the studs on top of one block with the holes on the bottom of another. Apply gentle pressure until they click securely into place.
- **Creative Play:** Use the different block sizes and the baseplate to construct various objects, animals, buildings, or abstract designs.
- **Learning:** Utilize the diverse colors to teach color recognition and sorting. The different block shapes can also introduce basic geometry concepts.

To ensure the longevity and hygiene of your aotipol Building Blocks, follow these simple maintenance guidelines:

- **Cleaning:** The blocks can be easily cleaned with mild soap and water. Rinse thoroughly and allow them to air dry completely before storing.
- **Storage:** Store the blocks in a clean, dry place away from direct sunlight to prevent discoloration or damage. The original box or a clear bin with a lid is recommended for organized storage.

SAFETY INFORMATION

The aotipol Building Blocks are designed with your child's safety in mind:

- **Material:** Made from ABS plastic, which is non-toxic and kid-friendly.
- **No Choking Hazard:** Every piece is large enough to avoid any choking hazard, making them suitable for toddlers aged 18 months and up.
- **Round Edges:** The blocks feature round edges to prevent injuries during play.

TROUBLESHOOTING

If you encounter any issues with your aotipol Building Blocks, consider the following:

- **Blocks not connecting:** Ensure the blocks are aligned correctly and apply firm, even pressure. If blocks are wet or dirty, clean and dry them thoroughly.
- **Loose fit:** While aotipol blocks are designed for a tight fit, slight variations can occur. Ensure you are using genuine aotipol blocks or compatible major brand blocks.
- **Missing pieces:** Carefully check all packaging materials. If pieces are genuinely missing, please contact customer support.
