## GD11 GDDB0123

# GD11 Premium Rx Cell Exosome Treatment Program User Manual

Model: GDDB0123

## 1. PRODUCT OVERVIEW

The GD11 Premium Rx Cell Exosome Treatment Program is an advanced home aesthetic skincare solution designed to enhance skin regeneration and address signs of aging. This program utilizes a unique freeze-drying technology to preserve the potency of its active ingredients, ensuring maximum effectiveness upon application. It aims to improve overall skin tone and texture, reduce the appearance of wrinkles and fine lines, and provide intense moisturization for a revitalized complexion.

## 5. SETUP AND PREPARATION

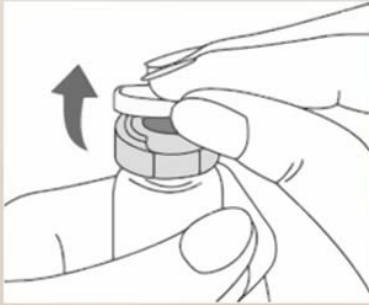

---

Before applying the treatment, ensure your skin is clean and dry. Prepare the treatment vials as follows:

1. **Remove Plastic Cap:** Gently lift the transparent plastic cap from the top of the Cell Treatment powder vial.
2. **Remove Aluminum Seal:** Hold and pull the rounded handle of the yellow aluminum cap down, then spin it to remove it completely.
3. **Remove Rubber Cap:** Carefully remove the rubber cap from the powder vial.
4. **Prepare Vital Solution:** Open the Premium Rx Vital Solution liquid ampoule.
5. **Combine Solutions:** Add the entire contents of the Vital Solution liquid ampoule into the Cell Treatment powder vial.
6. **Attach Vial Cone:** Place the enclosed vial cone (applicator) onto the mixed vial.
7. **Shake Gently:** Gently shake the vial until the powder is completely dissolved and the mixture is uniform.

# How to use

01

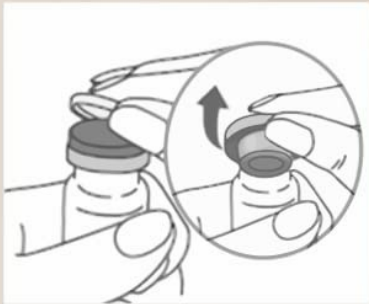

Take transparent plastic cap off from the top of container by lift up just like left picture.

02

Hold & pull the rounded handle of yellow aluminium cap down and spin it left off.

03

After take the aluminium cap and rubber cap off, put the 'Vital Solution' in the 'Cell Treatment'.

04

After shaking enough the container that covered plastic cone hat, take an appropriate amount of it and evenly apply on the face.

## 6. OPERATING INSTRUCTIONS (How to Use)

After preparing the mixture as described in the Setup section:

1. **Apply to Skin:** Take an appropriate amount of the mixed solution using the vial cone applicator.

2. **Spread Evenly:** Gently apply the solution onto your face and neck, spreading it evenly until fully absorbed.
3. **Frequency:** It is recommended to use one vial per week for optimal results.

For best results, incorporate this treatment into your regular evening skincare routine after cleansing and toning.

## 7. STORAGE AND MAINTENANCE

- Store the unopened vials in a cool, dry place away from direct sunlight.
- Once mixed, the solution should be used immediately to ensure maximum potency.
- Discard any unused mixed solution after application.
- Keep out of reach of children.

## 8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Solution not mixing properly	Insufficient shaking or expired product.	Ensure gentle but thorough shaking until powder is fully dissolved. Check product expiry date.
Skin irritation or redness	Individual sensitivity to ingredients.	Discontinue use immediately. Consult a dermatologist if symptoms persist. Perform a patch test before full application.
No visible results	Inconsistent use or insufficient duration of treatment.	Follow the recommended usage of one vial per week. Consistent use over several weeks is necessary to observe results.
