ZISUYU VENUS

ZISUYU VENUS Motion Sensor Night Light Instruction Manual

Model: VENUS

Brand: ZISUYU

1. PRODUCT OVERVIEW

The ZISUYU VENUS Motion Sensor Night Light is a versatile plug-in lighting solution designed for various indoor spaces. It features multiple operating modes, dual color options, and dimmable brightness to suit your preferences and needs.

What's in the Box:

- Plug-in Night Lights x 2
- Instruction Manual x 1

2. SETUP INSTRUCTIONS

Setting up your ZISUYU VENUS Motion Sensor Night Light is simple. Follow these steps:

1. **Unpack the Device:** Carefully remove the night light from its packaging.
2. **Identify an Outlet:** Choose a standard 120V AC wall outlet in your desired location (e.g., hallway, bathroom, kitchen). Ensure the outlet is clear and not obstructed.
3. **Plug In:** Insert the night light directly into the wall outlet. The compact design ensures that adjacent outlets remain accessible.

THE PLUG-IN NIGHT LIGHT

Figure 2: Plugging in the ZISUYU Night Light. Its design allows other outlets to remain free, and it consumes only 0.7W per hour.

3. OPERATING INSTRUCTIONS

The ZISUYU VENUS Night Light offers multiple modes and customizable settings for optimal illumination.

3.1 Mode Selection

Use the 'MODE' button on the device to cycle through the three available operating modes:

- **ON Mode:** The light remains constantly on, providing continuous illumination. Ideal for basements or garages where consistent light is needed.
- **MOTION Mode:** The light activates only when motion is detected in a dark environment. It automatically turns off

after 1 minute of no motion. Perfect for hallways, bathrooms, or stairs.

- **NIGHT Mode (Dusk-to-Dawn):** The light automatically turns on when the ambient light is low and turns off when it's bright. Suitable for general ambient lighting during nighttime.

3.2 Color Temperature Adjustment

The night light offers two color temperatures: Cool White and Warm White. Use the 'COOL/WARM' switch on the side of the device to toggle between these options.

DUAL COLOR IN ONE LIGHT

COOL WHITE

WARM

3.3 Brightness Dimming

Adjust the brightness of the night light using the dimming buttons (+/-) on the side:

- **Long Press:** Press and hold the '+' or '-' button for stepless dimming, allowing for fine adjustment of brightness.
- **Short Press:** Briefly press the '+' or '-' button to cycle through 6 predefined brightness levels.

4. MAINTENANCE

To ensure the longevity and optimal performance of your ZISUYU VENUS Night Light, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect the device from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish or internal components.
- **Environment:** Keep the night light in a dry indoor environment. Avoid exposure to excessive moisture, direct sunlight, or extreme temperatures.
- **Sensor Care:** Ensure the motion sensor and light sensor are free from dust and obstructions for accurate operation.

Figure 7: The ZISUYU night light is constructed with superior fireproof and rust-proof materials for enhanced safety and durability.

5. TROUBLESHOOTING

If you encounter any issues with your ZISUYU VENUS Night Light, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power to the outlet, incorrect mode selected, or ambient light is too bright (in NIGHT/MOTION mode).	Check the power outlet. Ensure the correct mode (ON, MOTION, or NIGHT) is selected. If in NIGHT or MOTION mode, test in a darker environment.
Motion sensor is not working.	Not in MOTION mode, sensor obstructed, or insufficient darkness.	Switch to MOTION mode. Ensure the sensor is clean and unobstructed. Test in a completely dark room.
Light is too dim or too bright.	Brightness setting needs adjustment.	Use the '+' or '-' buttons to adjust the brightness to your desired level.
Color is not desired.	Incorrect color temperature selected.	Use the 'COOL/WARM' switch to change between cool white and warm white.

If the issue persists after trying these solutions, please contact customer support.

6. SPECIFICATIONS

Detailed technical specifications for the ZISUYU VENUS Motion Sensor Night Light:

Feature	Detail
Model Number	VENUS
Product Dimensions	0.67"D x 2.76"W x 2.36"H
Item Weight	0.09 Pounds
Light Source Type	LED
Power Source	Plug-in
Voltage	120 Volts
Additional Features	3-Way, Color Changing, Dimmable, Energy Efficient, Motion Sensor
Material Type	Acrylonitrile Butadiene Styrene, Polycarbonate
Indoor/Outdoor Usage	Indoor

7. WARRANTY AND SUPPORT

Warranty Information:

The ZISUYU VENUS Motion Sensor Night Light comes with a **1-year manufacturer's warranty** from the date of

purchase. This warranty covers defects in materials and workmanship under normal use. It does not cover damage caused by misuse, accidents, unauthorized modifications, or improper installation.
