## Infinix Hot 10 Play (X688B)

# Infinix Hot 10 Play (X688B) User Manual

Model: X688B

## 1. INTRODUCTION

The Infinix Hot 10 Play (X688B) is a feature-rich smartphone designed for an enhanced mobile experience. It boasts a large display, advanced camera capabilities, and a powerful battery, making it suitable for various daily tasks and entertainment. This manual provides essential information to help you set up, operate, maintain, and troubleshoot your device.

This image displays the Infinix Hot 10 Play smartphone. The front view shows the large display with a small notch for the front camera. The rear view highlights the multi-camera system and the Infinix branding.

## 2. SETUP

## 2.1 Inserting SIM Cards and SD Card

The Infinix Hot 10 Play supports dual 4G SIM cards and a dedicated SD card slot for expandable storage.

1. Locate the SIM tray on the side of the device.
2. Insert the SIM ejector tool into the small hole on the tray to open it.
3. Place your Nano-SIM cards into the designated slots, ensuring the gold contacts face downwards.
4. If using, insert your microSD card into its dedicated slot.
5. Gently push the tray back into the phone until it clicks into place.

## 2.2 Powering On/Off

- **To Power On:** Press and hold the Power button until the Infinix logo appears.
- **To Power Off:** Press and hold the Power button until the power options appear on the screen, then select "Power off".

## 2.3 Initial Setup

Upon first power-on, follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, Google account setup, and security settings.

# 3. OPERATING YOUR DEVICE

## 3.1 Display Features

The device features a 17.3 cm (6.8-inch) display with a 90.66% screen-to-body ratio and 20.5:9 aspect ratio for an immersive viewing experience. With 440 nits of brightness, the screen offers clear visibility indoors and outdoors. It is protected by NEG Dinorex T2X1 glass.

## 3.2 Camera Operation

The Infinix Hot 10 Play is equipped with advanced camera systems:

- **Rear Camera:** Features a 13 MP primary lens with Quad-LED flash. It supports Full HD video recording, slow-motion, and AI-powered features like Auto Scene detection (recognizing up to 9 outdoor scenarios), AI HDR, and AI 3D Beauty for enhanced image clarity, especially in low-light conditions.
- **Front Camera:** An 8 MP AI-powered camera with a dedicated LED flash. It includes 3D Face Beauty mode for facial enhancement, portrait mode for individual photos, and a wide selfie mode for group shots.

## 3.3 Battery Management

The device is powered by a 6000 mAh battery, providing up to 53 hours of 4G talk time and up to 55 days of standby time. It also supports Power Marathon Tech, which can extend battery life by up to 25%.

- **Charging:** Use the provided charger and cable for optimal charging.
- **Battery Saving:** Enable Power Marathon Tech in settings to optimize battery usage.

## 3.4 Performance and Connectivity

The smartphone is driven by a 12 nm Helio G35 2.3 GHz octa-core processor, paired with 4 GB of RAM and 64 GB of internal storage, expandable via a dedicated SD card slot. It supports Dual 4G SIM slots and dual VoLTE for seamless connectivity.

- **Storage:** Manage your storage by regularly clearing unnecessary files and utilizing the expandable SD card slot.
- **Network:** Ensure proper SIM card insertion for 4G connectivity and VoLTE services.

## 4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Infinix Hot 10 Play.

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive materials or harsh chemicals.
- **Software Updates:** Regularly check for and install system updates to ensure your device has the latest features and security patches.
- **Storage Management:** Periodically clear cache, delete unused apps, and transfer large files to external storage to maintain sufficient free space.
- **Environmental Conditions:** Avoid exposing the phone to extreme temperatures, direct sunlight, or excessive moisture.

## 5. TROUBLESHOOTING

This section addresses common issues you might encounter with your device.

- **Device Not Powering On:** Ensure the battery is charged. If the issue persists, try a forced restart by holding the Power button for an extended period (e.g., 10-15 seconds).
- **Poor Network Signal:** Check if SIM cards are correctly inserted. Try restarting the device or toggling Airplane Mode on and off. Ensure you are in an area with network coverage.
- **Apps Crashing/Freezing:** Close background apps. Clear the cache of the problematic app or reinstall it. Ensure your device software is up to date.
- **Battery Draining Quickly:** Reduce screen brightness, disable unnecessary background apps, turn off Wi-Fi/Bluetooth when not in use, and enable battery saver modes.
- **Storage Full:** Delete old photos/videos, uninstall unused apps, clear app caches, or move files to an SD card.
