Logitech G 920-010413

Logitech G713 Wired Mechanical Gaming Keyboard User Manual

Model: 920-010413

INTRODUCTION

The Logitech G713 Wired Mechanical Gaming Keyboard, part of the Aurora Collection, is designed to provide a high-performance gaming experience with a focus on aesthetics and comfort. This compact, tenkeyless keyboard features customizable LIGHTSYNC RGB lighting, tactile GX Brown mechanical switches, and a comfortable cloud-shaped palm rest. It is compatible with various operating systems, including Windows, macOS, and Chrome OS, offering versatile and responsive USB cable connectivity.

This manual provides essential information for setting up, operating, maintaining, and troubleshooting your Logitech G713 keyboard to ensure optimal performance and longevity.

SETUP

Package Contents

- Logitech G713 Wired Mechanical Gaming Keyboard
- Cloud-shaped palm rest
- USB-C to USB-A cable

Connecting Your Keyboard

To connect your Logitech G713 keyboard, simply plug the provided USB-C cable into the keyboard's USB-C port and the USB-A end into an available USB port on your computer. The keyboard is designed for plug-and-play functionality on compatible operating systems.

For enhanced customization and control over lighting effects and key assignments, it is recommended to download and install the Logitech G HUB software from the official Logitech G website.

OPERATING THE KEYBOARD

LIGHTSYNC RGB Lighting

The G713 features per-key and perimeter LIGHTSYNC RGB lighting with preloaded Play Mood animations. These lighting effects can be customized to reflect your preferences and gaming environment. Use the Logitech G HUB software to explore 16.8 million programmable RGB colors and create your own custom animation effects.

Mechanical GX Switches

This keyboard is equipped with tactile GX Brown mechanical switches, providing a satisfying and responsive typing and gaming experience. The tactile feedback ensures you feel each key press, which is beneficial for both rapid typing and precise gaming actions.

Wired Connectivity

The G713 keyboard offers ultra-responsive wired USB connectivity, ensuring a stable and lag-free connection for consistent performance during intense gaming sessions or productivity tasks.

MAINTENANCE

Cleaning Your Keyboard

To maintain the appearance and functionality of your Logitech G713 keyboard, regular cleaning is recommended. Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution to wipe down the keycaps and surfaces. Avoid using harsh chemicals or abrasive materials, as these can damage the finish.

For cleaning between the keys, you may use compressed air to remove dust and debris. The magnetic top plate can be removed for easier access to the switches and base for thorough cleaning.

TROUBLESHOOTING

Keyboard Not Responding

- Ensure the USB-C cable is securely connected to both the keyboard and your computer's USB port.
- Try plugging the keyboard into a different USB port on your computer.
- Restart your computer.
- If using a USB hub, try connecting the keyboard directly to the computer.

Lighting Issues

- Ensure the Logitech G HUB software is installed and up to date.
- Check the lighting settings within the G HUB software to ensure RGB effects are enabled and configured as desired.
- Verify that the keyboard's brightness is not set to minimum.

Software Not Detecting Keyboard

- Ensure the keyboard is properly connected via USB.
- Reinstall the Logitech G HUB software.
- Check for any conflicting software that might interfere with G HUB.

SPECIFICATIONS

Brand	Logitech G
Model Number	920-010413
Product Dimensions	14.59 x 6.18 x 1.46 inches
