BuddyPhones BT-BP-PLAYP-PINK

BuddyPhones Play Plus Instruction Manual

Model: BT-BP-PLAYP-PINK

Your guide to safe and enjoyable listening.

Introduction

The BuddyPhones Play Plus are versatile headphones designed specifically for children, offering both wired and wireless connectivity. They feature SafeAudio volume-limiting technology to protect young ears, a voice-enhancing StudyMode for focused learning, and a built-in microphone for communication. Crafted with durable, child-safe materials, these headphones are built for lasting enjoyment and peace of mind.

What's Included

Your BuddyPhones Play Plus package includes everything needed for immediate use and personalization:

- BuddyPhones Play+ Headphones
- Fabric Travel Bag
- USB-C Charging Cable
- 3.5mm Audio Cable for wired connections

- BuddyLink Cable for audio sharing
- 4 sets of pre-designed personalization decals
- 1 set of DIY decals for custom designs

Image: All items included in the BuddyPhones Play Plus package, neatly laid out.

Setup Guide

1. Charging the Headphones

Before first use, fully charge your BuddyPhones Play Plus. Connect the included USB-C charging cable to the charging port on the headphones and the other end to a USB power source (e.g., computer, wall adapter). The LED indicator will show charging status and turn off when fully charged. A full charge provides up to 20 hours of wireless playtime.

2. Bluetooth Pairing (Wireless Mode)

1. Ensure the headphones are turned off.
2. Press and hold the power button until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, computer), go to Bluetooth settings and select "BuddyPhones Play Plus" from the list of available devices.
4. Once connected, the LED indicator will turn solid blue.

3. Wired Connection

For wired use or when the battery is low, connect the included 3.5mm audio cable to the audio input port on the headphones and to your device's audio output jack. The headphones will automatically switch to wired mode.

4. Personalization

Customize your headphones using the included decorative and DIY decals. Simply peel and stick them onto the earcups to express your unique style.

Operating Instructions

SafeAudio Volume Limiting

The BuddyPhones Play Plus features three distinct volume-limiting modes to ensure safe listening levels for different environments and ages. Use the dedicated button on the earcup to cycle through these modes:

- **ToddlerMode (75dB):** Ideal for very young children or quiet environments.
- **KidsMode (85dB):** Suitable for general use, balancing safety with clear audio.
- **TravelMode (94dB):** Provides a slightly higher volume for noisy environments like airplanes, while still protecting hearing.

StudyMode

Activate StudyMode to enhance vocal clarity. This patented feature isolates voices from other sounds, making speech clearer and more precise. It is ideal for online lessons, audiobooks, or any content where vocal understanding is crucial.

Built-in Microphone & Controls

The integrated microphone allows for clear communication during online calls, virtual classes, or voice recordings. Use the multi-function button on the earcup to answer/end calls, play/pause music, and skip tracks.

BuddyLink for Audio Sharing

Share your audio experience with a friend using the BuddyLink cable. Simply plug one end into your headphones and the other into another BuddyPhones headset to enjoy the same audio simultaneously.

Maintenance and Care

- **Cleaning:** Wipe the headphones with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the headphones in the included fabric travel bag to protect them from dust and scratches.
- **Material Safety:** BuddyPhones are made with BPA and phthalate-free materials, ensuring they are safe for children. They are certified by global testing labs TÜV & UL, complying with ROHS, REACH, and PROP65 standards.
- **Durability:** These headphones are engineered for robustness, designed to withstand typical child handling.

Troubleshooting

Problem	Solution
Headphones won't turn on/charge.	Ensure the charging cable is securely connected to both the headphones and a working USB power source. Allow sufficient time for charging. If the issue persists, try a different charging cable or power source.
No sound in wireless mode.	Check if the headphones are properly paired with your device. Ensure the volume on both the headphones and your device is turned up. Make sure the headphones are not connected via the wired cable.
Bluetooth pairing fails.	Ensure the headphones are in pairing mode (flashing blue/red LED). Turn off and on Bluetooth on your device. Move the headphones closer to your device. Clear previous Bluetooth connections on your device if necessary.
Microphone not working.	Check your device's audio input settings to ensure the BuddyPhones microphone is selected. Ensure the microphone is not obstructed.

If you encounter issues not listed here or if the suggested solutions do not resolve the problem, please contact BuddyPhones Customer Service for further assistance.
