## Hagaday SK20

# Hagaday SK20 2-in-1 Reversible Baby Stroller Instruction Manual

Model: SK20

## 1. INTRODUCTION

---

Thank you for choosing the Hagaday SK20 2-in-1 Reversible Baby Stroller. This manual provides essential information for the safe assembly, operation, and maintenance of your stroller. Please read it thoroughly before use and retain it for future reference.

## 2. SAFETY INFORMATION

---

Your child's safety is paramount. Always follow these guidelines:

- Always use the **5-point harness** to secure your child in the stroller. Ensure straps are adjusted snugly.
- Never leave your child unattended in the stroller.
- Engage the **one-foot brake** whenever the stroller is stationary.
- Ensure the stroller is fully open and locked before placing a child inside.
- Do not overload the storage basket. Refer to specifications for maximum weight capacity.
- Avoid hanging bags on the handlebar, as this can cause the stroller to tip.
- Keep fingers clear of moving parts when folding or adjusting the stroller.
- This stroller is designed for children from newborn to toddler, with a maximum weight recommendation of 40 pounds.

## 3. PACKAGE CONTENTS

---

Verify that all components are present upon unpacking:

- Stroller Frame (Aluminum Alloy)
- 2-in-1 Reversible Seat/Bassinet Unit
- Canopy

- Front Wheels (2)
- Rear Wheels (2)
- Storage Basket
- Foot Cover
- Instruction Manual

## 4. SETUP AND ASSEMBLY

---

Follow these steps to assemble your Hagaday SK20 Stroller:

1. **Unfold the Frame:** Release any locking mechanisms and extend the stroller frame until it clicks securely into place.
2. **Attach Wheels:** Insert the front and rear wheels into their respective slots until they lock. Ensure they are firmly attached.
3. **Install Seat/Bassinet Unit:** Align the seat/bassinet unit with the frame connectors and press down until it clicks. Ensure it is securely fastened.
4. **Attach Canopy:** Secure the canopy to the designated attachment points on the seat/bassinet unit.
5. **Attach Foot Cover:** If desired, attach the foot cover to the bassinet unit for added warmth.

## 5. OPERATING INSTRUCTIONS

### 5.1. 2-in-1 Convertible Seat Modes

The Hagaday SK20 stroller offers versatile seating options:

- **Bassinet Mode (Lie-Flat):** Ideal for newborns and infants, providing a flat, comfortable sleeping or resting position.
- **Seated Mode:** For older infants and toddlers, the seat can be adjusted to various recline positions (100°, 145°, 180°).
- **Reversible Bassinet/Seat:** The unit can be easily reversed to face the parent or face forward, allowing for interaction or exploration.

## 2 In 1 Baby Stroller

Easily switch between bassinet and seated modes, facing parents or facing the world.

Figure 5.1: Illustration of the 2-in-1 reversible seat functionality.

## Ergonomic Seat

Offering a multi-position that ensures your baby's comfort as they grow, whether napping or exploring.

Figure 5.2: Ergonomic seat recline positions for optimal comfort.

### 5.2. Adjustable Handlebar

The handlebar can be adjusted to 4 different heights to accommodate parents of various statures. Press the adjustment buttons on both sides of the handlebar and move it to the desired height, ensuring it locks into place.

### 5.3. Canopy Adjustment

The UPF50+ adjustable canopy provides protection from sun and wind. It features a skylight for airflow and visibility. Adjust the canopy by pushing or pulling it to the desired position. The three-fold design allows for flexible coverage.

## Three-Tier Sunshade Canopy

- **UPF50+** canopy shields against UV rays.
- Three-fold canopy for adjustable coverage.
- Extended visor for better wind and sun protection.

Figure 5.3: Adjustable three-tier sunshade canopy with UPF50+ protection.

### 5.4. Brake System

The stroller is equipped with a convenient **one-foot brake** located on the rear axle. Press down on the brake pedal to engage the brake and lift it up to release. Always ensure the brake is fully engaged when the stroller is stationary.

## One-Foot Brake

Convenient and stable parking

Single-foot brake for quick stops.

Figure 5.4: Engaging the one-foot brake for secure parking.

### 5.5. Folding the Stroller

The stroller features a quick-folding mechanism for easy storage and transport:

1. Ensure the seat is in an upright or slightly reclined position.
2. Press the designated button and lift both sides of the folding mechanism.
3. Collapse the stroller until it locks into its folded position.

# Easy To Collapse And Store

Figure 5.5: Step-by-step guide to folding the stroller for storage.

## 5.6. Wheels and Suspension

The stroller is equipped with **all-terrain PU tires** and a **superior shock absorption system** for a smooth ride across various surfaces, including grass, dirt roads, asphalt, and cobbled roads. The front wheels are **lockable swivel wheels**, allowing for easy steering on flat surfaces and stability on tougher terrains.

### Superior Shock Absorption System

All-wheel suspension makes it easy to roll right over most surfaces.

Figure 5.6: Superior shock absorption system for all-terrain use.

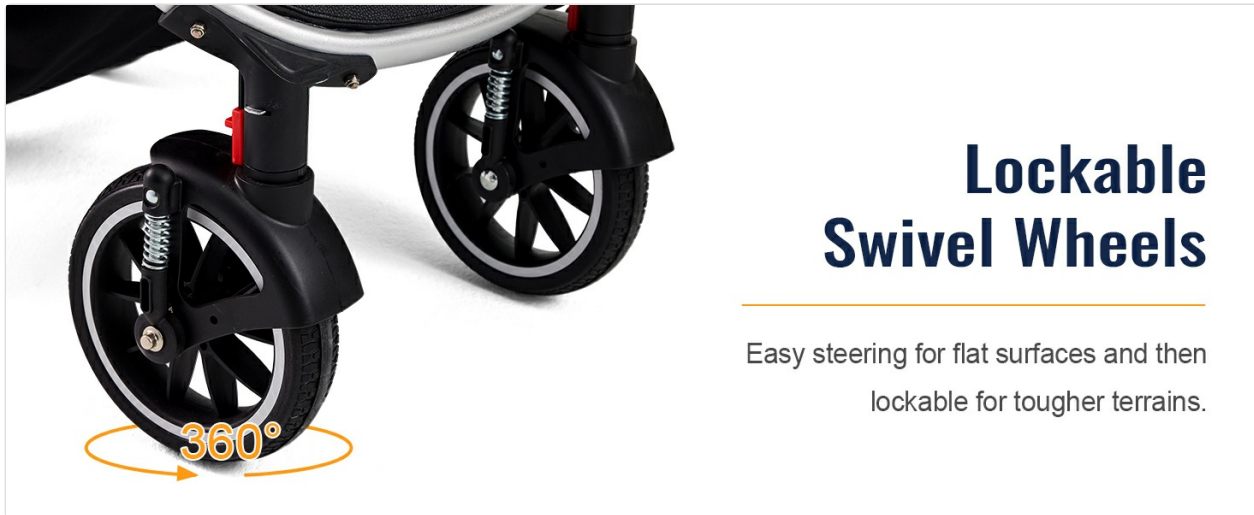

Figure 5.7: Lockable swivel wheels for enhanced maneuverability and stability.

### 5.7. Storage Basket

A spacious storage basket is located under the seat, providing ample space for baby and parent essentials. The maximum load capacity for the basket is 6.6 lbs (105.6 ounces).

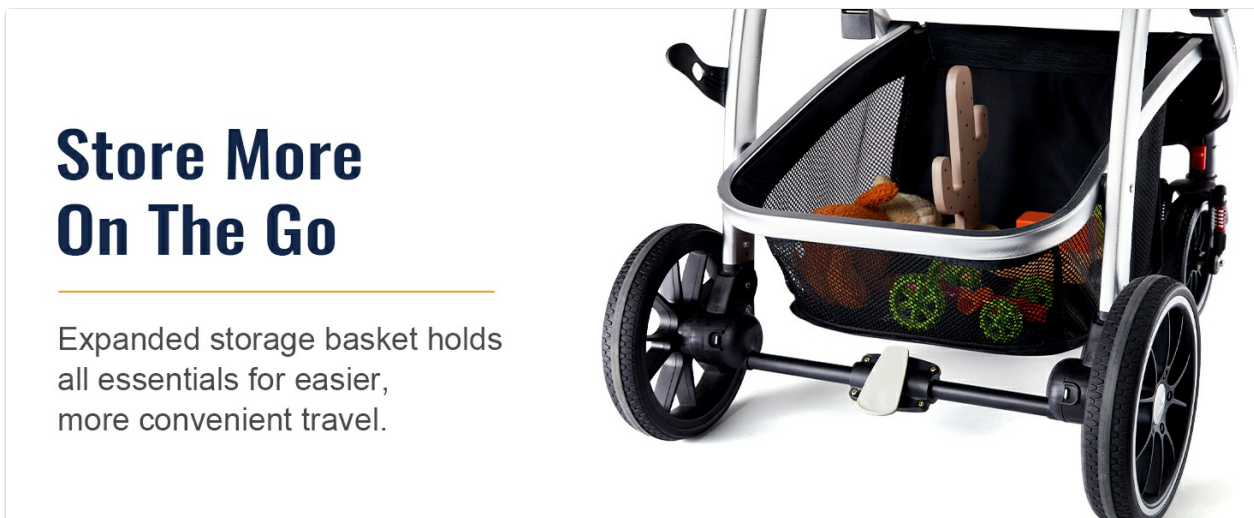

Figure 5.8: Spacious storage basket for essentials.

## 6. MAINTENANCE

Proper maintenance ensures the longevity and safety of your stroller:

- **Cleaning Fabric:** The fabric is made of high-density breathable linen material. For cleaning, use a gentle hand wash or spot clean with mild soap and water.
- **Cleaning Frame:** Wipe the aluminum alloy frame with a damp cloth and mild detergent. Dry thoroughly.
- **Wheel Maintenance:** Regularly check wheels for debris and ensure they rotate freely. Lubricate axles if necessary.
- **Inspections:** Periodically check all fasteners, buckles, and locking mechanisms to ensure they are secure and functioning correctly.
- **Storage:** Store the stroller in a dry place, away from direct sunlight and extreme temperatures.

## 7. TROUBLESHOOTING

If you encounter issues with your stroller, consider the following:

- **Stroller not folding/unfolding smoothly:** Ensure all locking mechanisms are disengaged. Check for any obstructions in the folding joints.
- **Wheels not turning freely:** Inspect wheels for trapped debris (e.g., hair, dirt). Clean and lubricate axles if needed.
- **Brake not engaging:** Check for obstructions around the brake mechanism. Ensure the brake pedal is fully depressed.
- For any other concerns, please refer to the contact information in the Warranty and Support section.

## 8. SPECIFICATIONS
