## INTRODUCTION

---

Welcome to the Founouly Professional Dog Grooming Kit Clipper user manual. This guide provides comprehensive instructions for the safe and effective use, maintenance, and troubleshooting of your new pet grooming clipper. Designed for both professional and home use, this low-noise, USB rechargeable clipper ensures a comfortable grooming experience for your beloved pets.

The Founouly Ap005-pink Professional Dog Grooming Kit, including the clipper, charging cable, cleaning brush, and comb attachments, alongside its packaging.

## IMPORTANT SAFETY INFORMATION

Please read all safety instructions carefully before using the clipper. Failure to follow these instructions may result in injury or damage to the product.

- Keep the clipper away from children and pets when not in use.
- Do not disassemble or attempt to repair the clipper yourself. Contact customer support for assistance.
- Ensure the clipper is fully charged before use to maintain optimal performance.
- Do not use the clipper on wet animals unless specifically designed for wet use (this model is IPX7 waterproof, but caution is still advised during operation).
- Always clean the blades after each use to prevent hair buildup and maintain hygiene.
- Store the clipper in a dry, cool place.

## PRODUCT FEATURES

---

The Founouly Ap005-pink clipper is engineered with advanced features for superior pet grooming:

- **IPX7 Grade Waterproof Design:** The entire body of the clipper can be submerged in water, allowing for easy and thorough cleaning.
- **Powerful 12V Motor:** Equipped with a 6000r/min motor, it provides strong and consistent power for efficient trimming of thick pet hair without snagging.
- **2-in-1 Blade System:** Features both a wide and a narrow blade head, made of skin-friendly ceramic (zirconia) and stainless steel, ensuring sharp, safe, and cool operation. Blades are removable for easy cleaning and replacement.
- **Cordless & Rechargeable:** Lithium iron phosphate battery allows for wireless operation and convenient charging via USB (wall charger, power bank, desktop, laptop).
- **Low-Noise Operation:** Designed to operate at approximately 48dB, significantly quieter than typical household noises, reducing pet anxiety during grooming.

## SETUP GUIDE

### Charging the Clipper

1. Before first use, fully charge the clipper.
2. Connect the USB charging cable to the clipper's charging port.
3. Plug the other end of the USB cable into a compatible USB power source (e.g., wall adapter, computer, power bank).
4. The indicator light will show charging status. A full charge typically takes approximately 1 hour and 30 minutes.
5. Once fully charged, disconnect the clipper from the power source.

### Attaching Comb Attachments

1. Ensure the clipper is turned off.
2. Select the desired comb attachment (3-6mm or 9-12mm) based on the desired hair length.

3. Align the comb attachment with the clipper blade and slide it on until it clicks securely into place.
4. To remove, gently push the comb attachment upwards and off the blade.

## OPERATING INSTRUCTIONS

---

Follow these steps for effective and safe pet grooming:

1. **Prepare Your Pet:** Ensure your pet's fur is clean, dry, and free of tangles. Brush out any mats before clipping.
2. **Select Blade/Comb:** Choose the appropriate blade head (wide or narrow) and comb attachment for the area you are grooming. The narrow blade is ideal for delicate areas like paws, face, and ears.
3. **Turn On:** Press the power button to turn on the clipper.
4. **Grooming Technique:**
  - Hold the clipper firmly and parallel to the pet's skin.
  - Move the clipper slowly and steadily in the direction of hair growth.
  - Use short, overlapping strokes for an even cut.
  - For delicate areas, use extra caution and the narrow blade.
5. **Monitor Your Pet:** Observe your pet's reaction. If they show signs of distress, take a break. The low-noise design helps reduce anxiety.
6. **Turn Off:** Once grooming is complete, turn off the clipper.

## MAINTENANCE AND CLEANING

Regular cleaning and maintenance will prolong the life of your clipper and ensure optimal performance.

### 1. Clean After Each Use:

- Turn off the clipper.
- Remove the comb attachment.
- Detach the blade head by gently pushing it off.
- Use the provided cleaning brush to remove loose hair from the blades and clipper body.
- Rinse the blade head and the clipper body under running water. Thanks to its IPX7 waterproof design, the entire clipper can be washed.
- Ensure all parts are completely dry before reattaching the blade or storing.

2. **Blade Lubrication (Optional):** Periodically apply a small drop of clipper oil (not included) to the blades to maintain

smooth operation and prevent rust.

3. **Storage:** Store the clipper and its accessories in a clean, dry place away from direct sunlight and extreme temperatures.

## All corners of the product are accessible to moisture

Wholebody Waterproof

The clipper's wholebody waterproof design allows for easy and thorough cleaning under running water.

### TROUBLESHOOTING

If you encounter issues with your Founouly pet grooming clipper, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Clipper does not turn on.	Battery is low or depleted.	Charge the clipper fully.

Problem	Possible Cause	Solution
Clipper pulls hair or cuts unevenly.	Blades are dull, dirty, or clogged with hair. Pet's fur is tangled.	Clean the blades thoroughly. Ensure pet's fur is brushed and tangle-free before grooming. Consider replacing blades if dull.
Clipper makes unusual noise.	Blades are not properly aligned or lubricated.	Ensure blades are securely attached. Apply a small amount of clipper oil to the blades.
Clipper gets hot during use.	Extended continuous use. Blades are dirty or not lubricated.	Allow the clipper to cool down. Clean and lubricate the blades. Avoid prolonged continuous operation.

If the problem persists after trying these solutions, please contact Founouly customer support for further assistance.
