5. TROUBLESHOOTING

If you encounter issues with your UGEE S640W tablet, try the following steps:

- **No Pen Response:** Ensure the tablet is powered on and properly connected (wired or wireless receiver). Reinstall the latest driver from the UGEE website.
- **Inaccurate Cursor:** Recalibrate the work area in the driver settings. Ensure no other drawing tablet drivers are installed on your system.
- **Wireless Connection Issues:** Check if the USB receiver is securely plugged in. Ensure the tablet battery is charged. Try connecting via the USB cable to rule out wireless interference.
- **Driver Installation Failure:** Temporarily disable your antivirus software during installation. Ensure you have administrator rights on your computer.
