

## Lulia LU-WNM-002

# Lulia White Noise Machine LU-WNM-002 User Manual

Model: LU-WNM-002

## INTRODUCTION

---

The Lulia White Noise Machine is designed to assist with sleep and relaxation by providing a variety of soothing natural sounds and a gentle breathing light. This device aims to create a peaceful environment for users of all ages, promoting healthy sleep patterns and aiding in concentration or privacy.

Key features include 30 high-quality natural sounds across 6 scenarios, a multi-mode timing function, a soft breathing light, and a compact, portable design with a headphone jack for private listening.

## PACKAGE CONTENTS

---

- 1 x Lulia White Noise Sound Machine
- 1 x USB Cable
- 1 x Power Adapter
- 1 x User Manual

## SETUP

---

1. **Power Connection:** Connect the provided USB cable to the DC Input port on the back of the white noise machine. Plug the other end of the USB cable into the power adapter, then plug the adapter into a standard electrical outlet. Alternatively, you can power the device directly via a USB port on a computer or other compatible power source using the USB cable.
2. **Initial Startup:** Upon first connection, the device may take a few seconds to fully awaken. During this brief period, the sound output might be low or sound source switching may be less responsive. This is normal and not a defect. Please wait a few seconds for the sound to reach its normal level before operation.

## OPERATING INSTRUCTIONS

---

### Controls Overview

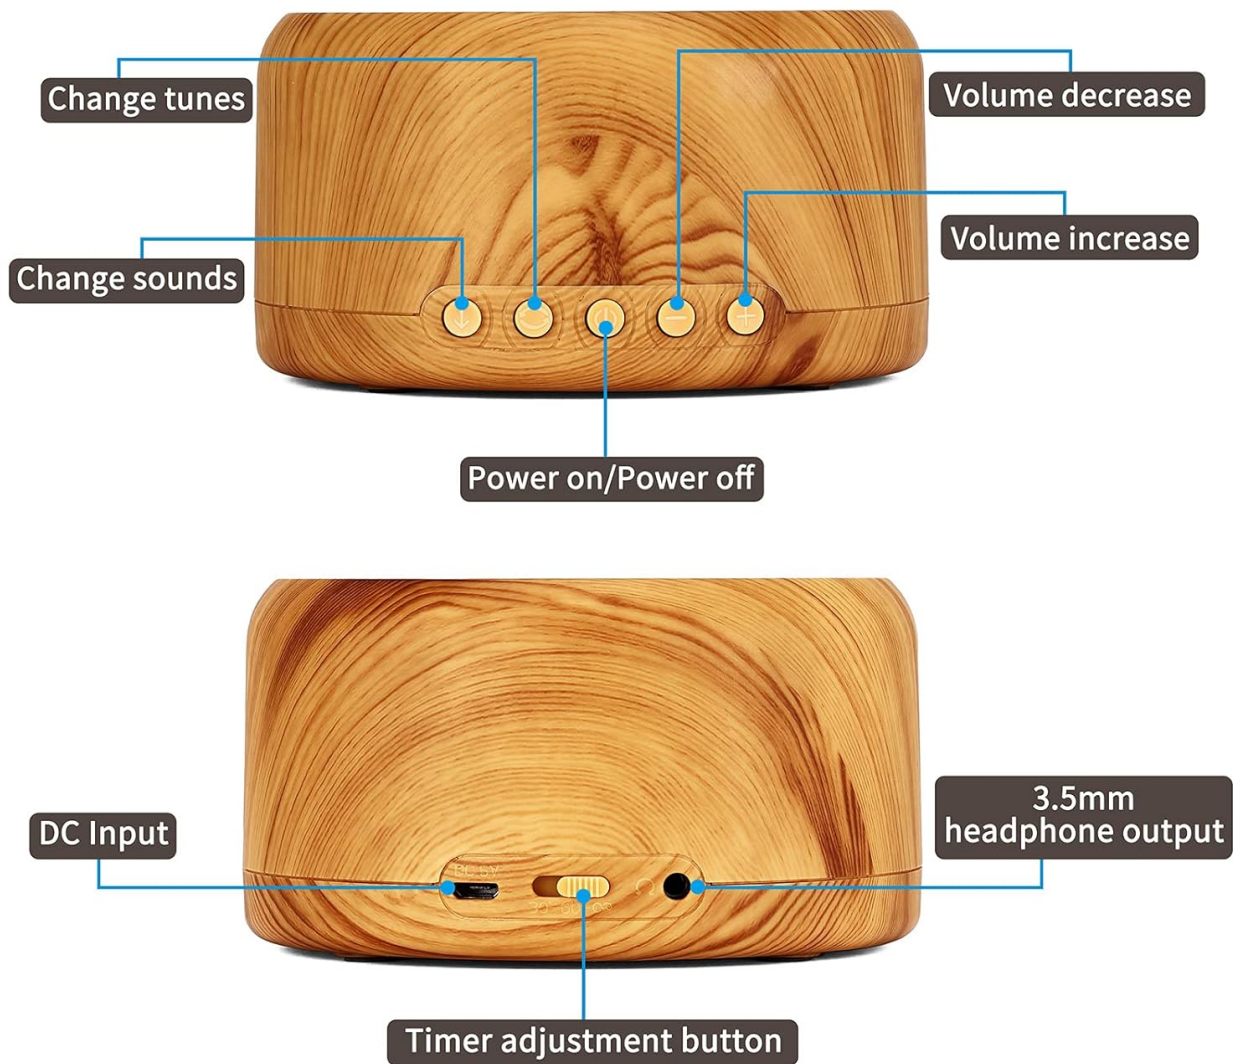

Image: Detailed view of the Lulia White Noise Machine's control panel, indicating buttons for changing tunes, changing sounds, volume adjustment, power on/off, DC input, 3.5mm headphone output, and timer adjustment.

- **Power On/Off:** Press the designated power button to turn the device on or off.
- **Volume Adjustment:** Use the 'Volume Increase' and 'Volume Decrease' buttons to adjust the sound level.
- **Change Sounds:** Press the 'Change Sounds' button to cycle through the available sound categories.
- **Change Tunes:** Within a sound category, press the 'Change Tunes' button to select different specific sounds.
- **Timer Adjustment:** Use the 'Timer Adjustment' button to set the automatic shut-off timer.

## Sound Selection

The machine offers 30 high-quality natural sounds organized into 6 distinct scenarios. These include:

- **White Noise:** 5 variations
- **Fan Sound:** 5 variations
- **Nature Sounds:** Birdsong by the stream, birdsong by the waterfall, cuckoo, brook, cricket
- **Ocean Sounds:** Soothing sound of waves, boating, ocean wave, seagull cawing, campfire
- **Rain Sounds:** Rain sound on the eaves, summer rain, lotus pond after rain, thunderstorm, thunder and lightning
- **Baby Sleep Sounds:** Womb, fetal beating, baby heartbeat, blue whale, vintage bell

## 6 Scenarios 30 High Fidelity Soothing Nature Sounds

Image: An overhead view of the Lulia White Noise Machine, surrounded by a circular graphic detailing the 30 high-fidelity soothing nature sounds across 6 scenarios.

### Timer Function

The device features a three-level timing function:

- **30 Minutes:** The machine will play for 30 minutes and then automatically shut off.
- **60 Minutes:** The machine will play for 60 minutes and then automatically shut off.
- **Continuous Play:** The machine will play continuously until manually turned off.

Press the 'Timer Adjustment' button repeatedly to cycle through these options.

### Breathing Light

The integrated soft breathing light can be activated to create a calming visual atmosphere, complementing the soothing sounds. This light gently pulsates, mimicking a breathing rhythm, which can further aid in relaxation and sleep induction.

## Unique Breathing Light

*Create a Peaceful and Comfortable  
Sleeping Environment for Your  
Babies & Kids*

## MAINTENANCE

---

- **Cleaning:** Ensure the device is powered off and unplugged before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners, aerosols, or harsh chemicals.
- **Storage:** Store the machine in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.
- **Handling:** Avoid dropping the device or exposing it to water or excessive moisture.

## TROUBLESHOOTING

---

- **No Power:**
  - Ensure the USB cable is securely connected to both the device and the power adapter/USB port.
  - Verify that the power adapter is properly plugged into a working electrical outlet.
  - Try a different USB cable or power adapter if available.

- **No Sound or Low Sound:**

- Check the volume level and increase it using the 'Volume Increase' button.
- If this is the first time connecting power, allow a few seconds for the device to fully initialize. Initial sound may be low until fully awakened.
- Ensure no headphones are plugged in if you intend to use the built-in speaker.
- Try changing the sound or tune to see if the issue persists across all sounds.

- **Breathing Light Not Working:**

- Ensure the device is powered on.
- Refer to the operating instructions for how to activate the breathing light feature.

- **Buttons Unresponsive:**

- Power off the device, unplug it, wait 10 seconds, then plug it back in and power it on again to reset.
