## 2.2. Assembly Process

Follow the English colorful instruction manual provided with the kit for step-by-step assembly. The assembly process typically takes 2-3 days to complete. Patience and attention to detail are crucial for a successful build. Ensure all small pieces are handled carefully and glued securely.

For an overview of the assembly and final product, please refer to the video below:

## 3. Operation

### 3.1. Lighting System

The dollhouse features an integrated LED lighting system. To activate the lights, ensure 2 x AAA batteries are correctly installed in the battery box. Connect the wires from the dollhouse to the battery box as indicated in the assembly instructions. Once connected, the lights will illuminate the various rooms, enhancing the miniature environment.

Figure 3: The dollhouse interior illuminated by the LED lighting system.

### 3.2. Music Movement

The kit includes a music movement feature. After successful assembly, locate the winding key on the side or back of the dollhouse. Gently turn the key to activate the musical melody. This feature adds an auditory element to your miniature creation.

A demonstration of the music box can be seen in the video below:

Video 2: Demonstration of the music box feature integrated into the TuKIE Miniature Dollhouse Kit, showing how to activate the musical movement.

## 4. Maintenance

---

### 4.1. Dust Protection

To protect your assembled dollhouse from dust and maintain its pristine condition, utilize the included dust cover. Carefully place the cover over the dollhouse to shield it from environmental elements.

Figure 4: The dollhouse protected by its clear dust cover.

## 4.2. Cleaning

For general cleaning, use a soft, dry cloth to gently wipe away any dust or debris from the dollhouse and its miniature components. Avoid using liquid cleaners or abrasive materials, as these may damage the delicate parts or finishes.

## 5. Troubleshooting

If you encounter any issues during assembly or operation, please review the instruction manual carefully. Common issues and their potential solutions include:

- **Lights not working:** Ensure batteries are new and correctly inserted. Check all wire connections for proper contact.
- **Missing or damaged parts:** While quality control is maintained, in rare cases of missing or damaged components, please contact TuKIE customer support for assistance.
- **Difficulty with small parts:** Utilize tweezers and a steady hand. Allow sufficient drying time for glue.

## 6. Product Specifications

---

<b>Feature</b>	<b>Detail</b>
