Wallfire 4.5L Large Capacity Air Fryer User Manual

Model: 2023
Brand: Wallfire

1. INTRODUCTION

Welcome to the Wallfire 4.5L Large Capacity Air Fryer. This innovative appliance utilizes rapid hot air circulation to cook your favorite foods with little to no oil, providing a healthier alternative to traditional frying methods. Please read this manual thoroughly before using your air fryer to ensure safe and optimal operation, and to fully understand its features and functions.

2. IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons.

- Do not immerse the main unit, cord, or plug in water or other liquids to prevent electric shock.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Always unplug the appliance from the outlet when not in use and before cleaning. Allow it to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Do not place the appliance against a wall or against other appliances. Leave at least 10 cm (4 inches) free space on the back and sides and 10 cm (4 inches) free space above the appliance.
- The appliance is equipped with an overheat protection device. If the internal temperature exceeds a safe limit, it will automatically shut off.
- The air fryer features a memory function: when the basket is pulled out during operation, the appliance will automatically pause. Cooking will resume once the basket is reinserted.
- Use only on a stable, level, heat-resistant surface.

3. PRODUCT OVERVIEW

Familiarize yourself with the main components of your Wallfire Air Fryer.

This image displays the Wallfire 4.5L Air Fryer in black, with its pull-out basket containing a perfectly roasted whole chicken. The top panel shows the digital LED display and touch controls.

Components:

- Main Unit with LED Touch Panel
- Removable Frying Basket
- Cooking Net (Crisper Plate)
- Power Cord

4. SETUP

Before First Use:

- Remove all packaging materials, stickers, and labels from the appliance.
- Clean the frying basket and cooking net thoroughly with warm water, a mild dishwashing liquid, and a non-abrasive sponge.
- Wipe the inside and outside of the main unit with a damp cloth. Do not immerse the main unit in water.
- Place the appliance on a stable, level, heat-resistant surface, ensuring adequate space around the unit for proper air circulation (at least 10 cm on all sides).

5. OPERATING INSTRUCTIONS

Control Panel (LED Display & Touch Panel):

This image illustrates the generous 4.5L capacity of the Wallfire Air Fryer, showing how it can accommodate items like 12 chicken wings, a 750g whole chicken, a 6-inch pizza, a 6-inch cake, 9 egg tarts, and 250g of potatoes.

The air fryer features an intuitive LED touch panel for easy operation. You can manually adjust temperature and time or select from 8 preset menus.

- **Temperature Adjustment:** Use the temperature controls to set the desired cooking temperature between 80°C and 200°C.
- **Timer Adjustment:** Use the timer controls to set the cooking time from 0 to 60 minutes.
- **Preset Menus:** The appliance comes with 8 pre-set cooking programs for common foods such as French fries, roast meat, shrimp, egg tarts, chicken, fish, and vegetables. Simply select the desired menu, and the air fryer will automatically set the optimal temperature and time.

Basic Operation:

1. Plug the power cord into a grounded wall outlet.
2. Carefully pull out the frying basket from the air fryer.
3. Place the ingredients into the frying basket. Do not exceed the MAX fill line.
4. Slide the frying basket back into the air fryer. Ensure it clicks into place.
5. Select a preset menu or manually set the desired temperature and cooking time using the touch panel.
6. Press the Start/Pause button to begin cooking.
7. During cooking, you can pull out the basket to check the food or add seasonings. The air fryer will automatically pause and resume once the basket is reinserted.

A hand is shown pulling out the cooking basket from the Wallfire Air Fryer. This action automatically pauses the cooking process, allowing users to check food or add seasonings, and resumes when the basket is reinserted.

8. Once the cooking time is complete, the air fryer will beep. Carefully pull out the basket and transfer the cooked food to a plate.

6. COOKING GUIDE

The Wallfire Air Fryer is a versatile kitchen appliance that can perform functions similar to an oven, microwave, frying pan, and toaster, allowing you to prepare a wide variety of dishes.

The Wallfire Air Fryer is shown on a kitchen counter, demonstrating its versatility by being surrounded by different cooked foods such as crispy fried chicken, grilled shrimp, and a seared steak, highlighting its multi-functional capabilities.

Capacity:

With its 4.5L large capacity, the air fryer can accommodate meals for 1-5 people, including a whole chicken.

- Up to 12 chicken wings
- One 750g whole chicken
- One 6-inch pizza
- One 6-inch cake
- Up to 9 egg tarts
- Up to 250g of potatoes

Healthy Cooking:

The air fryer uses 360-degree circulating hot air to cook food, allowing you to achieve crispy results without adding excessive oil. It also helps to drain excess fat from ingredients, making your meals healthier.

7. MAINTENANCE AND CLEANING

Regular cleaning will ensure the longevity and optimal performance of your air fryer. The non-stick coating makes cleaning simple.

This image demonstrates the easy cleaning process of the Wallfire Air Fryer. It shows the basket being rinsed under running water, wiped with a cloth, and placed in a dishwasher, highlighting its non-stick coating and dishwasher-safe components.

- Always unplug the air fryer and allow it to cool completely before cleaning.
- Wipe the exterior of the main unit with a damp cloth. Do not use abrasive cleaners.
- The frying basket and cooking net are dishwasher safe. Alternatively, they can be washed by hand with warm water and a mild dishwashing liquid.
- For stubborn residue, soak the basket and net in warm soapy water for about 10 minutes before cleaning.

8. TROUBLESHOOTING

If you encounter any issues with your air fryer, please refer to the table below for common problems and their solutions.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
The air fryer does not turn on.	The appliance is not plugged in. The frying basket is not inserted correctly.	Ensure the power cord is securely plugged into a grounded outlet. Push the frying basket firmly into the main unit until it clicks into place.
Food is not cooked evenly.	Too much food in the basket. Food not shaken or flipped during cooking.	Do not overload the basket. For best results, shake or flip ingredients halfway through the cooking process.
White smoke comes from the appliance.	Fatty ingredients are being cooked. Basket or cooking net contains grease residue from previous use.	This is normal when cooking very fatty foods. Ensure the basket and cooking net are thoroughly cleaned after each use to prevent residue buildup.
Food is not crispy.	Temperature is too low or cooking time is too short.	Increase the temperature or extend the cooking time. Ensure food is not overcrowded in the basket.
