Apple MK0A3ZM/A

Apple Leather Sleeve with MagSafe for iPhone 12, 12 Pro (Deep Violet) User Manual

Model: MK0A3ZM/A

1. INTRODUCTION AND OVERVIEW

This manual provides instructions for the Apple Leather Sleeve with MagSafe, designed to protect and enhance the functionality of your iPhone 12 or iPhone 12 Pro. Crafted from specially tanned and finished European leather, this sleeve offers a snug fit and develops a unique patina over time.

Key Features:

- Premium European leather construction.
- Snug fit for iPhone 12 and iPhone 12 Pro, providing protection against scratches and drops.
- Integrated MagSafe technology for secure attachment and wireless charging.
- Internal pocket for a credit card or ID.
- Matching strap for convenient carrying.

2. SETUP

Follow these steps to properly set up your Apple Leather Sleeve with MagSafe:

1. **Prepare your iPhone:** Ensure your iPhone 12 or iPhone 12 Pro is clean and free of debris.
2. **Insert iPhone:** Gently slide your iPhone into the leather sleeve, ensuring the screen aligns with the cutout. Push the iPhone fully into the sleeve until it is securely seated.
3. **MagSafe Activation:** Upon successful insertion, your iPhone may display a visual animation indicating MagSafe accessory recognition.

3. OPERATING INSTRUCTIONS

The Apple Leather Sleeve is designed for daily use, offering protection and convenient features.

3.1 Device Protection

The sleeve provides comprehensive protection for your iPhone against scratches, minor impacts, and dust accumulation when fully enclosed.

3.2 MagSafe Wireless Charging

To charge your iPhone wirelessly, attach a MagSafe charger to the back of the sleeve. The integrated magnets will align the charger correctly, initiating a fast wireless charge without needing to remove your iPhone from the sleeve.

3.3 Card Pocket

An internal pocket is provided for storing a single credit card or identification card. Insert the card gently into the designated slot.

3.4 Carrying Strap

The included matching strap can be attached to the sleeve for secure and convenient carrying, keeping your iPhone close at hand.

4. MAINTENANCE

Proper care will help maintain the quality and appearance of your leather sleeve.

- **Cleaning:** Use a soft, slightly damp, lint-free cloth to gently wipe the exterior of the leather sleeve. Avoid excessive moisture.
- **Avoid Chemicals:** Do not use harsh cleaning agents, solvents, or abrasive materials, as these can damage the leather finish.
- **Natural Patina:** The European leather is designed to develop a natural patina, creases, and marks over time with use. This is a characteristic of genuine leather and not a defect.
- **MagSafe Imprints:** Repeated interaction with MagSafe accessories may leave slight imprints on the leather. This is normal and does not affect functionality.

- **Storage:** Store the sleeve in a cool, dry place away from direct sunlight and extreme temperatures.

5. TROUBLESHOOTING

Refer to the following common issues and their potential solutions:

Issue	Solution
Screen protector lifts or bubbles when inserting iPhone.	Ensure the screen protector is correctly applied and fully adhered. Some thicker screen protectors may experience minor interference due to the snug fit of the sleeve.
Difficulty answering calls while iPhone is in the sleeve.	The sleeve is designed for protection and carrying. For direct interaction, including answering calls, remove the iPhone from the sleeve. Consider using AirPods or an Apple Watch for call management while the iPhone remains in the sleeve.
MagSafe charger not connecting or charging.	Ensure the MagSafe charger is properly aligned with the back of the sleeve. Verify that the iPhone is correctly positioned within the sleeve. Check if the MagSafe charger is powered.
