HOTO Smart Food Scale

HOTO Smart Food Scale Instruction Manual

1. INTRODUCTION

Thank you for choosing the HOTO Smart Food Scale. This manual provides essential information for safe and efficient use of your new kitchen scale. Please read it carefully before use and retain it for future reference.

What's in the Box:

- 1 x HOTO Smart Food Scale
- User Manual

Note: 3 x AAA batteries are required and are not included in the package.

2. PRODUCT OVERVIEW

The HOTO Smart Food Scale features a sleek design with a high-precision sensor and intuitive controls for accurate measurements in your kitchen.

High-Precise Sensor

Precise Weighing with the Unit of
Weight of 0.1g
Weighing Range of 1-3000g

High-Precision Sensor: Equipped with a sensor capable of 0.1g graduations, measuring from 1g up to 3000g.

Integrated Seamless Scale Surface

Made of Food Contact Materials
Easy to Clean Up

Integrated Design: Features a high-resolution LED screen under clear tempered glass for easy readability and a seamless, easy-to-clean surface.

User-Friendly Interactive Design

All in 1 Button

All-in-One Button: A single knob/button combines multiple functions for user-friendly operation.

3. SETUP

Battery Installation:

1. Locate the battery compartment cover on the underside of the scale.
2. Rotate the cover counter-clockwise to unlock and remove it.
3. Insert 3 AAA batteries, ensuring correct polarity (+/-).
4. Replace the battery compartment cover and rotate clockwise to lock it securely.

Video: Demonstrates how to install the 3 AAA batteries and the scale's unit switching functionality.

4. OPERATING INSTRUCTIONS

Power On/Off:

- To power on: Press the knob once. The display will show '0.0 g' after a brief startup sequence.
- To power off: Press and hold the knob for approximately 3 seconds.

Changing Measurement Units:

- Rotate the knob to cycle through the available units: grams (g), milliliters (ml), ounces (oz), and pounds:ounces (lb:oz).

Free Switch Weighing Unit Without Manual Calculation

4 Units of Weight (g/oz/lb:oz/ml)

Tare Function (Zeroing the Scale):

- Place an empty container on the scale.
- Press the knob once briefly. The display will reset to '0.0', allowing you to measure ingredients accurately without including the container's weight.

App Connectivity (Mi Jia App):

- Download the Mi Jia App from your mobile app store.
- Ensure Bluetooth is enabled on your mobile device.
- Open the Mi Jia App and follow the on-screen instructions to pair your HOTO Smart Food Scale.

- The app allows for real-time data synchronization, recording, and specialized functions like a hand drip assistant for coffee brewing.

5. MAINTENANCE

Cleaning:

- Wipe the scale surface with a soft, damp cloth. Do not use abrasive cleaners or immerse the scale in water.
- The integrated seamless surface is made of food-contact materials, making it easy to clean.

Storage:

- Store the scale in a cool, dry place away from direct sunlight and extreme temperatures.
- Remove batteries if the scale will not be used for an extended period to prevent leakage.

6. TROUBLESHOOTING

Common Issues and Solutions:

- **Scale not turning on:** Ensure 3 AAA batteries are correctly installed with proper polarity. Replace batteries if depleted.
- **Inaccurate readings:** Place the scale on a flat, stable surface. Ensure no objects are touching the scale platform. Recalibrate by turning off and on, then performing the tare function.
- **App connectivity issues:** Ensure Bluetooth is enabled on your device and the scale is within range. Restart both the app and the scale if necessary.
- **Display flashing:** This may indicate low battery. Replace batteries.

7. SPECIFICATIONS
