

VGR V-191

VGR V-191 Professional Rechargeable Hair and Beard Trimmer Set

User Manual

1. INTRODUCTION

Thank you for choosing the VGR V-191 Professional Rechargeable Hair and Beard Trimmer Set. This manual provides essential information for the safe and effective use, maintenance, and troubleshooting of your new grooming device. Please read it thoroughly before first use and keep it for future reference.

2. SAFETY INFORMATION

- Do not use this appliance near water sources.
- Exercise caution when using on sensitive areas of the body.
- Keep out of reach of children.
- Ensure the appliance is fully dry before charging or use.
- Do not disassemble the unit; refer to qualified personnel for repairs.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- 1 x VGR V-191 Hair Trimmer
- 4 x Guide Combs (3mm, 6mm, 9mm, 12mm)
- 1 x Cleaning Brush
- 1 x USB Charging Cable
- 1 x Lubricating Oil
- 1 x User Manual

4. PRODUCT FEATURES

- **Powerful Motor:** Ensures efficient and smooth trimming.
- **Rechargeable Lithium-Ion Battery:** Provides cordless operation.
- **Corded and Cordless Use:** Flexibility to use while charging or on battery power.
- **Long Operating Time:** Up to 100 minutes of cordless use on a full charge.

- **Universal Voltage:** Suitable for worldwide travel.
- **Soft-Touch Grip:** Designed for comfort and easy control.
- **LED Indicator:** Displays low battery capacity.
- **Zero-Gapped Blades:** Extra thin and sharp for precise trimming.
- **R-Angle Processing:** Blade design to protect the skin during use.

5. SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Inspect:** Check the trimmer and accessories for any signs of damage. Do not use if damaged.
3. **Initial Charge:** Before first use, fully charge the trimmer. Refer to the 'Charging' section for details.
4. **Lubricate Blades:** Apply a few drops of the included lubricating oil to the blades before the first use and after each cleaning.

6. CHARGING

The VGR V-191 trimmer features convenient USB charging.

- **Charging Time:** Approximately 2 hours for a full charge.
- **Operating Time:** Up to 100 minutes of continuous use on a full charge.
- **Charging Method:** Connect the USB charging cable to the trimmer and a compatible USB power source (e.g., computer, laptop, USB wall adapter, power bank).
- **Indicator:** The LED indicator will show charging status and low battery capacity.

7. OPERATING INSTRUCTIONS

1. **Prepare Hair:** Ensure hair is clean and dry before trimming.
2. **Attach Guide Comb:** Select the desired guide comb (3mm, 6mm, 9mm, or 12mm) and securely attach it to the trimmer head. Ensure it clicks into place.
3. **Power On:** Press the On/Off switch to start the trimmer.
4. **Trimming:** Hold the trimmer against the hair, moving it slowly against the direction of hair growth. For best results, use smooth, even strokes.
5. **Detailing (without comb):** For precise lines and detailing, remove the guide comb. Use caution as the blades are sharp and close to the skin. The R-angle processing helps protect the skin.
6. **Power Off:** After use, press the On/Off switch to turn off the trimmer.

3mm(0.12inch)

12mm(0.48inch)

6mm(0.24inch)

9mm(0.36inch)

8. MAINTENANCE

Regular cleaning and lubrication will ensure optimal performance and extend the life of your trimmer.

1. **Cleaning Blades:** After each use, turn off the trimmer and remove the guide comb. Use the cleaning brush to remove any loose hairs from the blades and the trimmer head.
2. **Oiling Blades:** After cleaning, apply 1-2 drops of the lubricating oil to the blades. Turn the trimmer on for a few seconds to distribute the oil evenly. This helps maintain blade sharpness and prevents rust.
3. **Storage:** Store the trimmer in a dry place, away from direct sunlight and moisture.

9. TROUBLESHOOTING

- **Trimmer not turning on:** Ensure the battery is charged. Connect to the USB charger and allow it to charge for at least 30 minutes before attempting to power on again.
- **Poor trimming performance:** Clean the blades thoroughly and apply lubricating oil. Ensure the guide comb is correctly attached. If performance does not improve, the blades may be dull and require replacement (contact support).
- **Trimmer gets hot:** This can occur during prolonged use. Allow the trimmer to cool down before

continuing. Ensure blades are clean and oiled.

- **Unusual noise:** Turn off the trimmer immediately. Clean and oil the blades. If the noise persists, discontinue use and contact support.

10. SPECIFICATIONS

| Feature | Specification |
|--------------------|------------------------------------|
| Product Name | Trimmer |
| Model Number | V-191 |
| Brand | VGR |
| Power Source | Battery Powered |
| Battery Type | Lithium-Ion (1 required, included) |
| Charging Time | 2 hours |
| Operating Time | 100 minutes |
| Blade Material | Stainless Steel |
| Special Features | Cordless, USB Rechargeable |
