

Sinjimoru SLP_CLIP

Sinjimoru Sinji Loop Clip 200 Lavender Instruction Manual

Model: SLP_CLIP | Brand: Sinjimoru

INTRODUCTION

The Sinjimoru Sinji Loop Clip is a C-shaped silicone phone grip designed to enhance phone handling security and comfort. Its innovative clip-on design allows for easy attachment and detachment from your phone case, making it reusable and compatible with wireless charging. This manual provides instructions for setup, usage, maintenance, and product specifications.

SETUP INSTRUCTIONS

Follow these steps to properly install your Sinji Loop Clip onto your phone case:

- Prepare the Clip:** Ensure the Sinji Loop Clip is detached from any previous case.
- Insert Top Clip:** Put one end of the Sinji Loop Clip through the camera hole of your phone case so that the Sinjimoru logo is visible on the outside.
- Route the Strap:** Pull the strap down through the inside of the case and take it out through the bottom charging port hole.
- Secure Bottom Clip:** Unclip the bottom part of the strap, feed it through the bottom hole, and then re-unite it with the clip.
- Adjust Position:** Pull the clip way down to the bottom of the case. This ensures optimal wireless charging compatibility. If the clip stays in the middle, wireless charging might not work.
- Attach Phone:** Finally, put your phone into the case, and your Sinji Loop Clip is ready for use.

Image: Sinji Loop Clip Dimensions. This diagram illustrates the length of the 200mm (7.8in/20cm), 210mm (8.2in/21cm), and 230mm (9in/23cm) straps, along with the dimensions of the clip (0.6in/16mm x 0.25in/6.4mm).

OPERATING INSTRUCTIONS

The Sinji Loop Clip provides a secure and comfortable way to hold your phone, reducing the risk of accidental drops and allowing for easier one-handed operation.

- **Secure Grip:** Slide your fingers through the silicone loop to achieve a firm and comfortable grip on your device. This allows you to hold your phone securely even while carrying other items.
- **One-Handed Use:** The strap enables extended reach across your screen, facilitating comfortable one-handed navigation and typing.
- **Selfie Stability:** Use the strap for added stability when taking photos or videos, especially selfies.

Image: Comfortable Horizontal Grip. A user holds their phone horizontally with the Sinji Loop Clip, illustrating how the strap provides a relaxed and stable hold for media consumption.

Image: Enhanced Selfie Stability. A user takes a selfie, demonstrating how the Sinji Loop Clip provides a more stable and secure hold for capturing photos.

MAINTENANCE

To ensure the longevity and cleanliness of your Sinji Loop Clip, follow these simple maintenance tips:

- **Cleaning:** The silicone material features an anti-dust coating. If the strap gets dirty, simply wipe it with a damp cloth. Avoid harsh chemicals that may damage the silicone.
- **Storage:** When not in use, store the strap in a clean, dry place away from direct sunlight or extreme temperatures.

TROUBLESHOOTING

Here are some common questions and solutions regarding the Sinji Loop Clip:

- **Wireless Charging Issues:** If wireless charging is not working, ensure the clip is positioned at the very bottom of your phone case, away from the charging coil area. The ultra-thin 0.9mm design is intended to be wireless charging compatible when correctly positioned.
- **Loose Fit:** Ensure you have selected the correct size of the Sinji Loop Clip for your phone model and case. Refer to the size guide in the Setup section.

Image: Wireless Charging Compatibility. A phone with the Sinji Loop Clip is shown on a wireless charger, indicating successful charging. A side view highlights the strap's minimal thickness (0.9mm) to avoid interference.
