Peteme B0936C6SBW

Peteme Smart RGB LED Table Lamp User Manual

Model: B0936C6SBW

Brand: Peteme

1. INTRODUCTION

Product Overview

The Peteme Smart RGB LED Table Lamp is a versatile lighting solution designed for various indoor environments such as bedrooms, living rooms, and offices. It features a smart RGB LED bulb that offers a wide spectrum of colors, adjustable brightness, and color temperature. The lamp is equipped with dual USB charging ports for convenient device charging and supports multiple control methods including voice commands via Alexa and Google Assistant, and app control via a smartphone application.

Key Features

- **Voice Control:** Compatible with Alexa and Google Assistant for hands-free operation.
- **App Control:** Manage lamp settings, colors, and brightness remotely via a dedicated smartphone app (supports 2.4GHz Wi-Fi only).
- **Dimmable & Multicolor:** Adjust brightness from 1% to 100% and choose from 16 million colors, including warm white (2700K) to cool white (6500K).
- **Music Sync:** Light color changes automatically with the rhythm of music.
- **Timer & Schedule:** Set alarms and schedules for automatic on/off functions.
- **Dual USB Charging Ports:** Two 5V/2A USB ports for charging mobile devices, even when the lamp is off.

2. PACKAGE CONTENTS

Please verify that all components are present and in good condition upon unpacking.

- Peteme Smart RGB LED Table Lamp Base with Shade
- Smart RGB LED Bulb (E26 Medium Base)
- User Manual

3. SAFETY INFORMATION

Read all safety instructions before using the product. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Ensure the lamp is placed on a stable, flat surface.
- Do not expose the lamp to water or excessive moisture. This product is not waterproof.
- Use only the provided smart LED bulb or a compatible E26 base LED bulb with a maximum wattage of 60W.
- Do not disassemble or modify the lamp or bulb.
- Keep out of reach of children and pets.
- Unplug the lamp from the power outlet before cleaning or performing any maintenance.

4. SETUP GUIDE

4.1 Assembly

Follow these steps to assemble your Peteme Smart Table Lamp:

1. Unscrew the fixing ring from the lamp base.
2. Place the lampshade onto the lamp base, aligning it properly.
3. Tighten the fixing ring to secure the lampshade.
4. Carefully screw the smart RGB LED bulb into the E26 socket.

Figure 4.1: Lamp Assembly Steps. This image illustrates the process of attaching the lampshade to the lamp base using the fixing ring and then installing the smart LED bulb into the socket.

4.2 Connecting to Power

Plug the lamp's power cord into a standard 120V AC electrical outlet. The lamp is now ready for initial use.

4.3 App Installation & Pairing (2.4GHz Wi-Fi)

To unlock the full smart features of your lamp, download the compatible smart home app (e.g., Smart Life or Tuya Smart) from your smartphone's app store. Ensure your Wi-Fi network is 2.4GHz, as the lamp does not support 5GHz.

Wi-Fi.

1. Download and install the recommended smart home app.
2. Register or log in to your account.
3. Ensure your phone is connected to a 2.4GHz Wi-Fi network.
4. Turn the lamp on and off three times rapidly (on-off-on-off-on) until the bulb starts blinking rapidly, indicating pairing mode.
5. In the app, tap "Add Device" or the "+" icon.
6. Select "Lighting" or "Light Source (Wi-Fi)" from the device list.
7. Confirm that the light is blinking rapidly and follow the on-screen instructions to connect the lamp to your Wi-Fi network.
8. Once connected, you can rename the lamp and begin controlling it via the app.

Figure 4.2: App Control Interface. This image shows a smartphone screen with the smart lamp control application, featuring a color selection wheel and brightness adjustment sliders, demonstrating remote control capabilities.

5. OPERATING INSTRUCTIONS

5.1 Basic Operation (Physical Switch)

The lamp features a rocker switch on its base for basic on/off functionality. This switch controls the power to the lamp. Note that if the physical switch is off, smart control features (app/voice) will not function until the switch is turned back on.

5.2 App Control

After successful pairing, use the smartphone app to control various aspects of your lamp:

- **On/Off:** Toggle the lamp's power.
- **Brightness:** Adjust the light intensity from 1% to 100%.
- **Color Temperature:** Change between warm white (2700K) and cool white (6500K).
- **RGB Colors:** Select from 16 million colors using the color wheel.
- **Scene Modes:** Choose from pre-set scenes (e.g., reading, party, leisure) or create custom scenes.
- **Group Control:** Control multiple Peteme smart lamps simultaneously by creating groups within the app.
- **Device Sharing:** Share control of the lamp with family members through the app.

5.3 Voice Control (Alexa/Google Assistant)

Integrate your lamp with Amazon Alexa or Google Assistant for convenient voice commands. Ensure your smart home app is linked to your Alexa or Google Home account.

Voice Control

“Alexa,
turn on the table lamp”

Figure 5.1: Voice Control with Alexa. This image depicts a user interacting with an Amazon Echo Dot to turn on the table lamp using a voice command, highlighting the hands-free control feature.

Example Voice Commands:

- "Alexa, turn on the [Lamp Name]."
- "Hey Google, set [Lamp Name] to blue."
- "Alexa, dim [Lamp Name] to 50 percent."
- "Hey Google, change [Lamp Name] to warm white."

5.4 Color & Brightness Adjustment

The lamp offers extensive customization for lighting. Use the app to precisely select colors from the RGB spectrum or adjust the white light temperature. Brightness can be fine-tuned to suit any mood or activity.

16 Million Colors-2.4Ghz

create your favored ambience

Figure 5.2: Multicolor Options. This image showcases the lamp emitting different colors, demonstrating its ability to produce 16 million colors and create various ambiances.

5.5 Music Sync Mode

Activate the Music Sync feature in the app to make the lamp's colors change in rhythm with your music, movies, or video games, enhancing your entertainment experience.

Dual USB ports convenient for charging

Figure 5.3: Music Sync Feature. This image illustrates the lamp's music sync capability, where the light changes color according to the rhythm of the music, creating a dynamic lighting effect.

5.6 Timer & Schedule Functions

Set up timers and schedules through the app to automate your lighting. This is useful for waking up gently with light, turning off lights automatically at bedtime, or creating a presence when you're away.

5.7 USB Charging Ports

The lamp base includes two USB-A charging ports (5V/2A output) for charging your electronic devices. These ports are active whether the lamp light is on or off, providing convenient bedside charging.

Music Sync

The light will change color with the rhythm of the music.

Figure 5.4: Dual USB Charging Ports. This image highlights the two USB charging ports located on the lamp's base, demonstrating their use for charging mobile devices.

6. MAINTENANCE

6.1 Cleaning

To clean the lamp, first unplug it from the power outlet. Use a soft, dry cloth to wipe down the lamp base and shade. Do not use liquid cleaners or abrasive materials, as they may damage the finish.

6.2 Bulb Replacement

If the smart LED bulb needs replacement, ensure the lamp is unplugged and the bulb has cooled down. Unscrew the old bulb and screw in a new compatible E26 base smart LED bulb (or standard E26 LED bulb, though smart features will be lost). Follow the app pairing instructions for a new smart bulb.

7. TROUBLESHOOTING

If you encounter issues with your Peteme Smart Table Lamp, refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|-------------------------------|--|--|
| Lamp does not turn on. | Not plugged in; physical switch is off; bulb is loose or faulty. | Ensure power cord is securely plugged in. Turn the physical switch to the ON position. Check if the bulb is screwed in tightly. Replace bulb if necessary. |
| Cannot connect to Wi-Fi/App. | Incorrect Wi-Fi band (5GHz); lamp not in pairing mode; incorrect Wi-Fi password. | Ensure your router is broadcasting a 2.4GHz Wi-Fi signal and your phone is connected to it. Reset the bulb to pairing mode (on-off-on-off-on). Double-check your Wi-Fi password. |
| Voice control not working. | App not linked to Alexa/Google; lamp offline; incorrect device name. | Verify the smart home app is linked to your Alexa/Google account. Ensure the lamp is online in the app. Use the exact device name configured in the app. |
| Music Sync is not responsive. | Microphone access denied for app; low volume. | Ensure the app has microphone permissions on your smartphone. Increase the volume of the music source. |

If the problem persists after trying these solutions, please contact Peteme customer support.

8. SPECIFICATIONS

Figure 8.1: Product Dimensions. This diagram provides the key measurements of the lamp, including its height, width, and depth.

| Feature | Specification |
|--------------------|----------------------|
| Model Number | B0936C6SBW |
| Brand | Peteme |
| Product Dimensions | 5"D x 5.7"W x 14.5"H |

| Feature | Specification |
|----------------------------|---|
| Item Weight | 1.2 Pounds |
| Lamp Type | LED |
| Light Source Type | LED |
| Bulb Base | E26 Medium |
| Maximum Compatible Wattage | 60 Watts |
| Wattage (Included Bulb) | 7 watts |
| Brightness | 650 Lumen |
| Color Temperature | 2700K-6500K (Adjustable) |
| Control Method | App, Voice (Alexa, Google Assistant) |
| Connectivity | 2.4GHz Wi-Fi (Not 5GHz) |
| USB Port Output | 5V/2A (Dual Ports) |
| Power Source | Corded Electric |
| Voltage | 120 Volts (AC) |
| Shade Material | Linen |
| Base Material | E26 (referring to the socket type, likely metal/plastic for the base structure) |
| Indoor/Outdoor Usage | Indoor |
| Assembly Required | Yes |
| UPC | 637555780912 |
