2. SAFETY INFORMATION

Disclaimer: This device is not a medical device and is not intended to replace a Sphygmomanometer (an instrument for measuring blood pressure). Individuals with hypertension or other medical conditions should consult their doctor before using this device for health monitoring purposes.

3. WHAT'S IN THE BOX

- 1x ENHANCE Colmi V23 Smart Watch
- 1x Charging Cable
- 1x User Manual

4. SETUP

4.1 Charging the Smart Watch

Before initial use, fully charge your smart watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge typically takes approximately 2 hours.

4.2 App Installation and Pairing

1. Download the "**Da Fit**" application from your device's app store (compatible with iOS 9.0 and above, Android 4.0 and above). You can also scan the QR code provided in the included manual to download the app.
2. Open the Da Fit app on your smartphone.
3. Follow the in-app instructions to add a new device. Select the V23 Smart Watch from the list of available devices to pair.
4. Ensure Bluetooth is enabled on your smartphone during the pairing process.

5. OPERATING THE SMART WATCH

5.1 Touch Screen Navigation

The ENHANCE Colmi V23 features a 1.3-inch HD color full touch screen for easy operation. Swipe left, right, up, or down to navigate through menus and functions. Tap to select options.

Of course, a mature
and smart watch

Alarm clock, stopwatch, music, taking

pictures are also essential

5.2 Customizing Watch Faces

Personalize your smart watch with over 100 watch faces available through the Da Fit application. You can also create custom watch faces using your own photos.

1. Open the Da Fit app on your smartphone.
2. Navigate to "Add a Device" > "WATCH FACES".

3. Select an existing watch face or choose "Edit" to customize with a picture.
4. Select your desired picture, adjust its position, and save.

5.3 Notifications

Receive call, message, email, and app notifications directly on your smart watch. (Note: The watch cannot answer or make calls.)

Figure 5.3: Call and Message Reminders

5.4 Music Control

Control music playback on your smartphone directly from your watch. Tap to play/pause or switch songs without needing to access your phone.

5.5 Remote Camera

Use your smart watch as a remote shutter for your smartphone camera. This feature allows you to take photos from a distance.

1.3 inch Full Touch Screen

Easy operate, high sensitivity and full visual large HD display

Figure 6.2: Smart Sleep Monitoring

6.2 Activity Tracking

The smart watch offers 7 data record modes to track various sports activities:

- Walking
- Running
- Cycling
- Basketball
- Football
- Badminton
- Skipping

This feature helps you monitor your exercise data and gain insights into your fitness levels.

Figure 6.3: Smart Watch Functions Overview

6.3 Smart Reminders

- **Sedentary Reminder:** Reminds you to move and stay active after periods of inactivity.
- **Alarm Clock:** Set alarms directly on your watch.

6.4 Other Functions

- Stopwatch
- Fun Game

7. MAINTENANCE

7.1 Water Resistance

The ENHANCE Colmi V23 Smart Watch is IP68 waterproof, making it resistant to daily wet conditions such as hand washing or light rain. Avoid prolonged submersion in water, hot water, or steam, and do not operate buttons underwater.

7.2 Cleaning

Wipe the watch and strap regularly with a soft, dry cloth. If necessary, use a slightly damp cloth and then dry thoroughly. Avoid using harsh chemicals or abrasive materials.

7.3 Battery Care

To prolong battery life, avoid fully discharging the battery frequently. Charge the watch when the battery level is low. Store the watch in a cool, dry place when not in use for extended periods.

8. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Watch not pairing with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both the watch and your phone, then try pairing again through the Da Fit app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch. Remember, this device is not a medical instrument.
- **Notifications not appearing:** Check notification settings in the Da Fit app and your phone's system settings to ensure permissions are granted for the app to display notifications.
