1. PRODUCT OVERVIEW

The Invoxia Cellular GPS Tracker is a discreet and reliable device designed to protect your valuable assets from loss or theft. It provides real-time location tracking without distance limitations in supported regions, accessible via the Invoxia GPS application. This tracker utilizes low-power networks for extended battery life and includes a 3-year subscription.

- **Real-time Tracking:** Locate your assets instantly through the Invoxia GPS app.
- **Theft Alerts:** Receive immediate notifications for suspicious movements.
- **Geofencing:** Define custom alert zones and get notified when the tracker enters or exits them.
- **Long Battery Life:** Up to 4 months of battery life on a single charge, depending on usage.
- **Integrated SIM Card:** Comes with an included 3-year subscription for seamless operation.

2. SETUP GUIDE

Setting up your Invoxia Cellular GPS Tracker is a straightforward process. Follow these steps to get your device ready for tracking.

1. Download the Invoxia GPS App:

Search for "Invoxia GPS" in your smartphone's app store (available for iOS 12+ and Android 5+). Download and install the application.

Image: A smartphone screen displaying the Invoxia GPS application icon, indicating the first step of downloading the app.

2. Charge and Activate the Tracker:

Connect your Invoxia GPS Tracker to a power source using the provided micro USB charging cable. The device will activate upon charging. Ensure it is fully charged before first use for optimal battery performance.

Image: The Invoxia GPS Tracker shown connected to its micro USB charging cable, illustrating the charging and activation step.

3. Pair with the App and Locate:

Open the Invoxia GPS app and follow the on-screen instructions to pair your tracker. Once paired, you can immediately begin tracking your items. The tracker operates autonomously and transmits its position without distance limitations.

Image: A map pin icon, symbolizing the ability to quickly locate your items after pairing the tracker with the app.

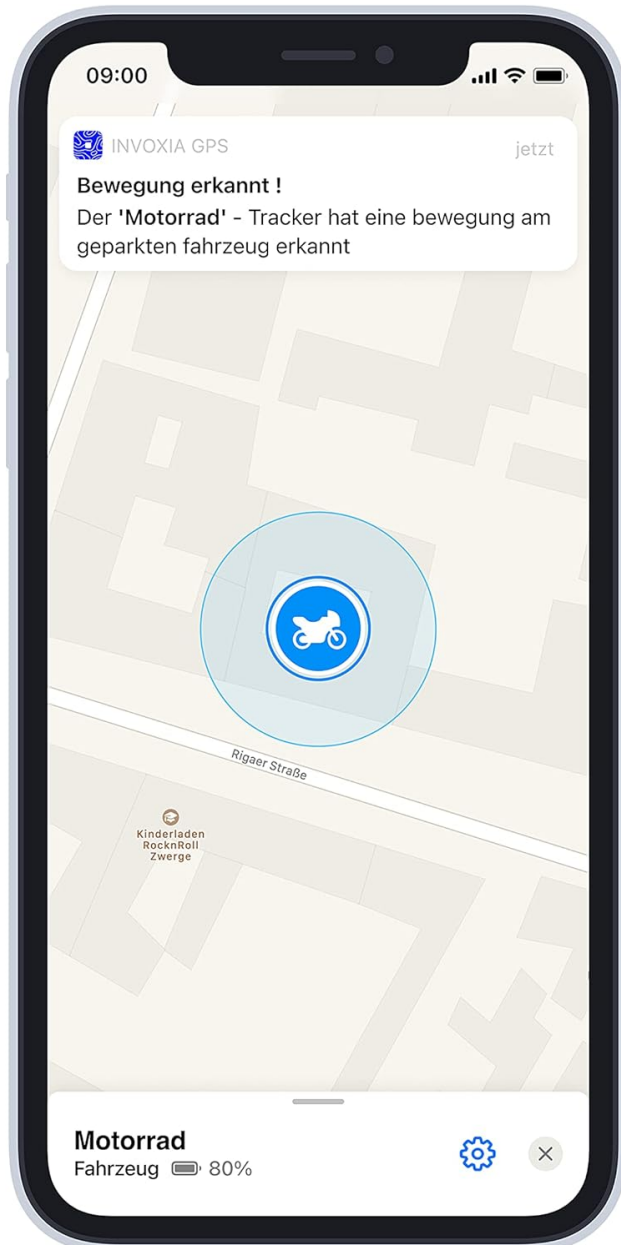

Note: The tracker does not require a smartphone nearby to function, unlike Bluetooth-based trackers. It uses 4G LTE-M networks for wide coverage.

3. OPERATING INSTRUCTIONS

3.1 Real-time Tracking and History

The Invoxia GPS app allows you to view the current location of your tracker and its movement history. Positions are transferred at intervals ranging from 30 seconds to 30 minutes, depending on the chosen frequency and model.

- **View Current Location:** Open the app to see the tracker's precise location on a map.
- **Review Travel History:** Access the history feature to see past routes and stops.
- **Ring the Tracker:** If the tracker is nearby but out of sight, use the "ring" function in the app to make it emit a sound, aiding in its retrieval.

Image: A smartphone screen displaying the Invoxia GPS app's main features, including GPS tracking, real-time theft alarm, geofencing, battery life indicator, and information about the included SIM card and subscription.

3.2 Anti-Theft Features

The Invoxia GPS Tracker offers robust anti-theft capabilities to secure your vehicles and valuables.

- **Real-time Theft Alarm:** Receive an immediate notification if your tracker detects suspicious movement after being stationary for at least 5 minutes.
- **Tilt Alarm (>30°):** Get alerted if your motorcycle or other item is tilted by more than 30 degrees,

indicating a potential fall or theft attempt.

- **Geofencing (Alarm Zones):** Define custom geographical zones (e.g., home, office, school) within the app. You will receive notifications when your tracker enters or leaves these predefined areas.
- **SOS Button:** Press the SOS button on the tracker to send immediate notifications to your designated contacts, indicating you may need assistance.

3.3 Smart Battery Management

The Invoxia GPS Tracker features intelligent battery management to maximize its lifespan. When your tracker is near your smartphone, it automatically adjusts the frequency of location updates to conserve battery, extending its operational time.

Battery Life Estimates (Based on 2 hours average daily travel)

Location Update Frequency	Battery Life (Approx.)
Every 5 min	Up to 2 Weeks
Every 10 min	Up to 3 Weeks
Every 30 min	Up to 7 Weeks
Intelligent Battery Management	Up to 4 Months

Note: These are estimates based on average daily travel. Actual battery life may vary depending on usage patterns and network conditions.

Außergewöhnlich lange Akkulaufzeit:

bis zu 4 Monate Tracken
bis zum nächsten Aufladen

Image: A white car parked in a lot, emphasizing the Invoxia GPS Tracker's exceptionally long battery life of up to 4 months, ideal for continuous vehicle tracking.

4. MAINTENANCE

- **Charging:** Recharge the device when the battery level is low. A full charge can provide up to 4 months of use depending on settings and activity.
- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Water Resistance:** The Invoxia GPS Tracker is certified IP33, meaning it is resistant to solid objects larger than 2.5mm and spraying water. It is not fully waterproof; avoid submerging it in water.
- **Software Updates:** Ensure your Invoxia GPS app is always updated to the latest version for optimal performance and new features.

5. TROUBLESHOOTING & FAQs

Q: How often are positions transferred?

A: Depending on the model and chosen frequency, Invoxia trackers can communicate positions every 30 seconds to 30 minutes. Intelligent battery management adjusts this frequency to optimize battery life.

Q: Are the GPS trackers waterproof?

A: Invoxia GPS trackers are IP33 certified, meaning they are resistant to solid objects and normal outdoor conditions, including spraying water. They are not designed for submersion.

Q: What is the subscription for?

A: The subscription provides access to geolocation services, ensuring the optimal functioning of the trackers. A 3-year subscription is included with your purchase.

Q: My tracker is not showing its location.

A: Ensure the tracker is charged. Check if it is in an area with network coverage (4G LTE-M). If the issue persists, try restarting the tracker by connecting it to power, and ensure your app is updated.

Q: The app is not compatible with my smartphone.

A: The Invoxia GPS app requires iOS 12 or higher, or Android 5 or higher. Please note that some specific Android models may not be compatible due to variations in their operating systems. Refer to the product page for a list of known incompatible devices.

6. SPECIFICATIONS

Feature	Detail
Brand	Invoxia
Model Number	99959
Color	Black
Connectivity Technology	Wi-Fi, 4G, LTE-M
Supported Application	Invoxia GPS App
Compatible Devices	Personal Computer, Smartphone, Tablet (iOS 12+, Android 5+)
Special Features	Bluetooth, 4G, LTE-M, Wi-Fi, Real-time alerts, Geofencing, SOS button
Battery Life	Up to 4 months (with intelligent battery management)
Rechargeable Battery	Yes (1 Lithium-ion included)
Material	Plastic
Item Dimensions (L x W x H)	10.5 x 2.7 x 9.5 cm
Item Weight	30 Grams
Included Components	GPS Tracker, Manual, Micro USB Charging Cable
Water Resistance Rating	IP33
Subscription	3-year subscription included
